STOCK GOSSIP.

In writing to advertisers please mention the Farmer's Advocate.

Bear in mind Mr. Richard Gibson's sale of Jerseys, Shorthorns, and Yorkshire swine, at Delaware, on Thursday, June 20th.

The Montreal Exposition Company place with us, in this issue, an advertisement of their fourth Provincial Exhibition, to be held from Sept. 12th to 21st, 1895. This show is an important one, so that those needing space in any of the buildings should secure it at once.

Under date of June 7th, Alex. Galbraith, Secretary of the American Clydesdale Association, Janesville, Wis., writes us as follows:—

"Just three weeks more and penalty fees will again be exacted on entries of all animals over one year old. A great many Clydesdale breeders have taken advantage of the opportunity offered since January 1st of having their stock of all ages recorded without paying any penalty fees. Those who have neglected to record any of their animals will now take notice that this is their last chance for doing so on such favorable terms, and the Executive Committee trust that every breeder will consult his own interests by responding promptly to this call. June 30th is the last date on which such entries can be received. The steadily improving tone noted lately in the draught horse market still continues, and the prospects are that an advance of quite thirty-five to forty per cent. from the lowest point will be firmly established before the end of the year. In view of this substantial advance, our breeders should awaken to the immediate necessity of mating every good, sound draught mare, whether pure-bred or grade, to the best Clydesdale stallion within reach. Long before the produce of 1895 is old enough for work we are bound to see draught horses very high in price again, and in order to receive the benefit we should resume our breeding operations at once. Those who have not yet purchased the stud books have an opportunity to do so as long as the present stock lasts at the reduced price of \$2.00 per volume, or \$12 for the full set of eight volumes complete."

LEICESTERS AND BERKSHIRES AT RIVERSIDE STOCK FARM.

A few miles south-west of Delhi, Messrs. Siprill & Carroll, of Carholme, are breeding Berkshires and Leicester sheep of No. 1 quality. Their stock is not large, and, owing to this fact, they are able to keep it up to a high standard. New basement barns were being erected at the time of our visit, and Mr. Siprill informs us that more care and attention than ever will be given the stock. The Berkshires are of a desirable type—lengthy, deep, and good bone. Chieftain—3104—heads the herd; he is a very even, straight boar, of good length and much quality, with a good, strong bone, and plenty of character, by King 1877—, and from Sister A. 19th—, a 261—.

This boar was successful in winning seven firsts last season out of eight competed for. In the next pen we saw Carholme Lass—3457—, a grand young sow, which was nursing a finely marked, strong litter of eleven pigs of splendid quality. This sow was sired by Golden Pig 2nd 2187, a grand boar, purchased from C. R. Decker, Chesterfield; her dam being Maid of Chesterfield—1760—; a sow that has proved herself a grand breeder, and a winner of first honors wherever shown. She possesses the many good qualities which constitute a high-class Berkshire. She was bred by C. R. Decker, Chesterfield, from the sow, Black Sally 2nd 1447, and sired by Blamark 2nd 1219.

The Border Leicesters were first selected from the noted flocks of John Kelly, Shakespear, Wm. Whitelaw, Guelph, and Nichol, Philadelphia. The Leicester flock is not large at present, as a number was disposed of last fall, but are of the best quality and breeding to be obtained. Leicester sheep have been bred at Riverside Farm the last thirty-four years, and in adding fresh blood to the stock, nothing is purchased but what is considered first-class, either in Leicesters or Berkshires.

WILLISBROOK STOCK FARM.

Some ten miles south of Tillsonburg, and near Glenmeyer P. O., Mr. Robert Willis, Jr., is engaged in breeding Poland-China swine, and Holstein-Friesian cattle. The Holsteins are few in number as yet, but as Mr. Willis is well pleased with his venture in this line so far, it is his intention to increase the herd. The two-year-old bull, Algoma de Lindencourt 61, bred by A. Gifford, Meaford, Ont., is at the head of the herd. He is a good, useful animal, sired by Lindencourt Harrington 48, dam Ocean Wave 209. The cows, Lizzie Kent 970 (imp.), bred by Martin L. Sweet, Grand Rapids, Mich.; sire Elske's Tritonia Prince 1486; dam Jani's Harms 4028; and Madolyn Duchess 2nd 983, also imp. and bred by Martin L. Sweet, by Gelske's Tritonia Prince 1486, dam Madolyn Duchess 16783, are good useful cows, the latter giving 3,000 pounds of milk in three months, in her two-year-old form. Another good cow is Sarah Jane, got by Springfield Boy 104, dam Duchess of Wyton 226. We saw a good bull calf from this cow, well marked and very even and straight; also another good bull calf from Madolyn Duchess 2nd.

In looking over the Poland-Chinas, of which there is a large number to select from, of the best breeding, we particularly noticed Cora—514—, a very lengthy, deep sow, with a successful show record at county fairs; bred by J. J. Payne, Chatham, Ontario, and sired by Moorish King 2nd 430—; dam Bess B—530—.

Another good sow is Prairie Queen—815— (imp.), bred by F. H. Kordee, Prairie Depot, Ohio; got by Eric's Brilliant 29155.9; dam Shortnose 2nd 6428.0. Elected Queen 577— is a finely-marked sow of grand conformation; sired by Elected 418—; dam April Queen—507—, bred by J. J. Payne, Mora Bell—759— and Lulu—736— are good young sows, bred by Oliver Drury, Fargo, a very nice, straight young boar, six or seven months old, was also seen. There is a good supply of young pigs at Willisbrock from which to select, ranging from six weeks to two months old, mostly bred by Benham's Wilkes—700—, an imported boar bred by F. E. Benham, Tippicanoe City, Ohio. Owing to the loss of this boar shortly after parting him, Mr. Willis has purchased an extra fine boar from F. H. Kordee, Prairie Depot, I. S., who claims him to be a boar of general excellence—lengthy, deep and good bone, weighing 500 pounds. When in fit this boar should produce some grand stock from the sows we saw. See Mr. Willis' advertisement.
