For Perfect Fruit
SPRAY YOUR ORCHARDS
WITH THE
Spramotor

Intelligent and timely spraying
will make your orchard profitable.
The Spramotor is the result of care-
ful experiment and is kept right up
to date. Met the world in open com-
petition on the invitation of the
Ontario Government and won the
award. This should mean something
to you. The Spramotor has never
been defeated. All castings solid
brass, cylinders made from drawn
brass tubes. All parts interchange-
able. Saves fifty per cent. in labor.
Most economical because solution
goes farthest and most effective be-
cause it throws anything from a misty
spray to a solid stream. Will also
whitewash or paint your buildings.
Free treatise for your address.

THE SPRAMOTOR CO.,
LONDON, ONT.

Riverside Holsteins.

4 BULLS, from 8 to 13 months old, sired
by our famous stock bull, Victor DeKol
Pietertje. Some are from imported or
officially-tested dams. Also a few heifers
for sale.

M. RICHARDSON & SON,
Haldimand Co. Caledonia, Ont.

sired herd of Sylvia HOLSTEINS, of Carmen
Sylvia now for sale. Price is in keeping with breed-
ing and performances. om

C. J. GILROY & SON,
Brockville, on C. P. R. or G. T. R. Glen Bath, Ont.

GOSSIP.

LOOK OUT FOR THIS DEAD BEAT.

The scoundrel referred to in these columns in
our last issue as beating his way among the
stock-breeders and farmers in the neighborhood
of Guelph, where he passed as Major Bird, of
California, has since been operating around
Brampton, under the name of Duncan Mc-
Gregor, professing to have bought a farm in the
county, and to be looking for cattle to stock it.
The description given in our last issue, on page
174, is the same as appears in the Brampton
papers, even to the coon-skin mitts stolen from
a stockman near Guelph. Farmers will do well
to keep a lookout for this sneak, and to report
him to the authorities if he is recognized, in
order that he may be properly provided for.

THE SCOTCH ABERDEEN-ANGUS SALES.

The first of the spring series of pure-bred
stock shows and sales in Scotland was held at
Perth, Feb. 19th, when no fewer than 622
animals were catalogued, of which 213 were
females and 409 bulls, of which 163 females were
sold at an average of £21 12s. 6d., and 280 bulls
at an average of £27 8s. 3d.

Of the bulls, says the *Scottish Farmer*: "It
may be worth noting how the prizewinners
sold in the order in which they were placed.
In the older class the first-prize winner made
170 gs.; second, 74 gs.; third, 155 gs.; fourth, 150
gs.; fifth, 50 gs.; sixth, 15 gs.; seventh, 30 gs., and
eighth, 65 gs. But there were other prices like
220 gs. (the highest of the day), 110 gs., 68 gs., 65 gs.,
50 gs., 58 gs., 60 gs., and such like, for animals
which were not in the prize list. In the
younger class the first-prize bull sold at 62 gs.,
the second at 100 gs., the third at 90 gs., the
fourth passed at 80 gs., the fifth sold at 140 gs.,
the sixth at 140 gs., the seventh at 38 gs., and
the eighth at 23 gs. Judges and buyers were
not agreeing."

Of the quality of the stock offered, it is said:
"The dear-at-any-price animals were, as usual,
on the ground, but it is very satisfactory to note
that those which were sold did not make such
good prices as they would had they been castrated
and sold as stores, and the tendency seemed
to be to give a fair price for a fair animal. The
great rush seems to have spent itself, and
breeders are now likely to take seriously to heart
the advice so often given in these columns that,
if they expect big prices, they must keep up
the quality and selectness of the breed, and
spare not the castrating knife. The demand
for anything with points about it was quite as
phenomenal as in the past. Buyers were
ready to bid to any extent to secure the best,
but the others went slowly. The sale, however,
was quite a good one, for the good animals
there being no lack of patrons. Amongst the
buyers was His Majesty the King, whose
representative gave 220 gs. for the Ballin-
dalloch bull, Elandslaagte (1775), calved on 9th
December, 1899, and by the Prince Ito bull,
Eljito (14396), out of the Eltham cow, Ellassona.
This was the highest price of the day, and is,
we believe, the first addition from a public sale
to His Majesty's herd since he became King.
The bull is intended for the Abergeldie herd.
Mr. Bainbridge, Newcastle, and Mr. MacPherson,
Wryley Grove, would both have liked the
bull, but the King's representative was not to
be shaken off. This notable bull was not in the
prize list of the previous day."

MARTINDALE'S SALE A SUCCESS.

Mr. F. Martindale's Shorthorn sale, at his
Plaster Hill farm, York, Ont., March 1st, was a
very successful and satisfactory one. There
was a large attendance of farmers and breed-
ers, both local and from a distance, and bidding
was brisk from start to finish. The cattle were
in good condition, and up to a good standard in
quality, and brought uniformly good prices.
The average might have been higher had the
young calves in more cases been sold with their
dams instead of separately, as in several in-
stances the cows had not been bred again, but
it was a very satisfactory sale to all concerned,
and Mr. Thos. Ingram, of Guelph, the popular
auctioneer officiating, added fresh laurels to
his reputation as a salesman by his courteous
manner and skilful management of the sale.
Following is a list of the animals sold, with
prices and buyers:

Cows and Heifers.

Queen Elizabeth, 1 year; Jas. Chinnick,	190
Chatham, Ont.	
Nonpareil of York, 3 years; James Cowan,	215

man, York	
Missie Royal Baron, 10 months; James Mc-	65
Lennan, Nanticoke	
Boxy Duke, 10 months; L. R. Shomp,	65
Hagersville	

IN SOME CASES

A Single Package of the Pyramid
Pile Cure is Sufficient to Cure.

This may seem a broad statement when it is
remembered that few diseases are so obstinate to
really cure as piles, some physicians going so far as
to say that a painful surgical operation is the only
permanent cure, but the many and remarkable cures
made by the Pyramid Pile Cure in the past few
years have proven that surgical operations are no
longer necessary, and that it is by far the safest and
most reliable remedy yet discovered for this common
and often dangerous trouble.

The harmless acids and healing oils contained in
the Pyramid Pile Cure cause the blood vessels to
contract to a natural condition, and the little tumors
are absorbed and the cure is made without pain,
inconvenience or detention from business.

Dr. Williams, a prominent official surgeon, says:
"It is the duty of every surgeon to avoid an opera-
tion if possible to cure in any other way, and, after
many trials with the Pyramid Pile Cure, I unhesi-
tatingly recommend it in preference to an operation."
Mr. Phil Owens, of So. Omaha, writes that after
suffering two years from an aggravated case of itch-
ing and protruding piles, he was cured by a single
50-cent package of the Pyramid Pile Cure, purchased
from a local druggist. He says: "I fully expected
the trouble would return, but am happy to say for
the past year and a half I have been entirely free
from the disease, and I cannot speak too warmly in
favor of the Pyramid Pile Cure."

A bill clerk in one of the large wholesale houses of
St. Louis says: "My occupation as billing clerk was
so confining and sedentary that it finally brought on
an aggravated attack of rectal trouble, which my
physician diagnosed as itching and protruding piles,
and recommended a salve which he prepared and
which gave me some relief for a few hours after
using, and then the trouble would come back as bad
as ever. One of the other clerks advised me to try
the Pyramid Pile Cure, and I now feel like thanking
him every day for recommending it, as a single 50-
cent package cured me, and I have had no trace of
piles since—something over six months."

Hundreds of pile sufferers, who had almost
decided to undergo the pain and danger of an opera-
tion, have been astonished to find that the Pyramid
Pile Cure, which can be purchased at any drug store,
was far safer, better and more effective than an
operation could possibly be.—Adv't. om

WE WANT TO SELL A FEW
