The Ripley Hardware Co.,
Gentlemen: For three years I have been experimenting with different things to keep flies off my cows, but not until I tried your Fly Remover and Compressed Air Sprayer was I successful. I used this last year and found that it cost less than one cent per week per cow. With your Compressed Air Sprayer it takes but a few minutes to put on, and the next day has been that my cows were free from flies, and during the year gave 6400 pounds of milk each, which made 294 pounds of butter per cow. I can heartily recommend it to all stock owners.—**JOHN ARMSTRONG,** Pres. State Board of Agriculture, De Smet, S. D., June 4, 1901.
