## DO WHAT IS NEXT TO THEE.

Do what is next to thee;  
Love doth not measure,  
If not thy pleasure,  
Still thine the peace will be.

Do it with all thy might;  
Brief is the living,  
Blest those in giving,  
As in God's holy sight.

Do it for Jesus' sake,  
Though it be trying;  
Sweet Thy denying,  
His love can ever make.

Do it with all thy strength;  
Be not delaying,  
But swift obeying,  
For night will come at length.

Do all with care and zest;  
Patient in doing,  
Watchful, pursuing;  
So life's long days are blest.

Do thou with prayerful heart,  
Always rejoicing;  
Let thy sweet voicing  
Some good to all impart.

Do what is right and meet,  
Wait not the morrow;  
So shall not sorrow  
Burden love's willing feet.

## \$500 NOT CALLED FOR.

It seems strange that it is necessary to persuade men that you can cure their diseases by offering a premium to the man who fails to receive benefit. And yet Dr. Sage undoubtedly cured thousands of cases of obstinate catarrh with his "Catarrh Remedy," who would never have applied to him, if it had not been for his offer of the above sum for an incurable case. Who is the next bidder for cure or cash?

## A HAPPY HEART.

My little boy came to me this morning with a broken toy, and begged me to mend it for him. It was a very handsome toy, and was the pride of his heart, just then, so it did not surprise me to see his lips quivering, and the tears come into his eyes.

"I'll try to mend it, darling," I said; "but I'm afraid I can't do it."  
He watched me anxiously for a few moments, and then said, cheerfully: "Never mind, mamma! If you can't mend it, I'll be just as happy without it."

Send for "How to Cure Skin Diseases."

Pimples, blackheads, chapped and oily skin prevented by CUTICURA SOAP.  
Rheumatism, Kidney Pains and Weakness speedily cured by CUTICURA ANTI-PAIN PLASTER, the only pain-killing plaster.

Wasn't that a brave, sunshiny heart? And that made me think of a dear little girl, only three years old, whom I once saw bringing out her choicest playthings to amuse a little home-sick cousin. Among the rest was a little trunk, with bands of silk paper for straps—a very pretty toy; but careless little Freddy tipped the lid too far back, and broke it off. He burst out with a cry of fright, but little Minnie, with her own eyes full of tears said: "Never mind, Freddie; just see what a nice little cradle the top will make."

Keep a happy heart, little children, and you will be like sunbeams everywhere you go.

## AN ABSURD BIRD.

Kiwi-kiwi is the creature's real name, but scientific men call it apteryx, which is a Greek word meaning wingless, because, though a bird, it has no wings. That is absurd enough, but it does not satisfy the kiwi, who seems to have tried to be as unbird-like as possible, and, in order to be so, has gone to ridiculous extremes.

It not only has no wings, but it has no tail—not even so much as an apology for one. And as if that were not enough, it has no feathers worthy of the name. Its quills are covered with soft down for about one third of their length, and then are fringed with hair-like webs out to the ends, which are sharply pointed. It is only as large as a common domestic fowl, but it has much stronger and stouter legs and bigger feet.

Of course you can not be surprised to learn that such a bird looks at first sight like a quadruped. It carries its head low and hobbles along in a most uncouth fashion, moving so swiftly when pursued, however, that it is very difficult to capture this ridiculous bird.

When it sleeps in the daytime—for naturally it is odd enough to choose the wrong time for sleeping—it rests its long bill on the ground, and so makes itself look like a strange sort of three-legged stool. Most other birds use their beaks or their wings or their spurs to fight with, but it would be foolish to expect any such natural proceeding from the kiwi, and, in fact, its plan of fighting is to kick. It is very fond of earthworms; and one of its ways of procuring them is worthy of so odd a bird. It thumps the earth with its big feet, and if there are any worms in the vicinity, up they come to discover what is the matter.

It is a cousin of the ostrich, and though its plumage has no such value for us as its large relative's has, it is very highly valued by the natives of New Zealand. The kiwi has a very tough skin, which, when properly dressed, makes good leather.—John R. Coryell, in St. Nicholas.

## A HAPPY HOME.

A pretty story about a German family discloses the secret of a happy home, where joy abounded though there are many to feed and clothe.

A teacher once lived in Strasburg who had hard work to support his family. His chief joy in life, however, was his nine children, though it was no light task to support them all.

## WARNER'S SAFE CURE!

## Merit wins!

In the past decade H. H. Warner who was restored to health from an "incurable Kidney disease" by what is now known as Warner's Safe Cure, and made a vow that he would spread its merits before the entire world of sufferers—has seen the most signal proofs of the world's need of a Scientific Kidney Specific. All nations recognize and welcome Warner's Medicines as standards of the highest excellence because their curative effects are PERMANENT—a sure proof of power and merit. Read a few of their voluntary testimonials. They speak a varied language, but tell a common story:

FRANK STUART, 23 Free School Street, CALCUTTA, INDIA. "In 1875 was prostrated with a sudden attack of liver trouble. From '75 to '81 I had twenty of these terrible attacks. On the way to Japan, Capt. Connor of the "Geukai Maru" recommended me to use Warner's Safe Cure. After using 15 bottles, I had a sound, hearty appetite, thorough enjoyment of life, things to which I had been a stranger for six long years.

GEORGE BICKNELL, Editor daily Telegraph, MELBOURNE, AUST., the great Australian Daily, March 30, 1888, wrote: "Work of a sedentary character for 30 years developed unpleasant symptoms of illness, c. the Liver and Kidneys. I used Warner's Safe Cure, which speedily relieved me of the unpleasant symptoms, remedied my Dyspepsia, bettered my appetite, increased my enjoyment of life and work. It is a most valuable medicine and I have no hesitation in recommending it."

DR. GUSTAV WEBER, of Dessau, Duchy of Anhalt, GERMANY, May 30, 1887, writes: "For several years I have suffered with inflammation of the Kidneys, Rheumatic Pains, etc., for which I go every summer to Carlsbad, and find a little relief. To this suffering is added a Diabetes Mellitus (sugar diabetes), which appears alternately with Rheumatism. With the use of the 15th bottle of Warner's Safe Cure I have completed my cure, for which I am greatly indebted to you. My general health has apparently been restored. I repeat with this my sincere gratitude."

REV. HENRY PLUME, M.A., Archdeacon, Townsville, NORTH QUEENSLAND, Oct. 15, 1887, writes: "During my long bush tours I have come across many wonderful cures effected by Warner's Safe Cure. For fever, so prevalent in the bush, it seems to be a certain cure. From what I have seen on my late trip, I should never start on a journey without my pack being furnished with a bottle."

GEO. THORNE, Ex Premier, QUEENSLAND, at Ipswich, Sept. 3, 1887, writes: "I have recommended Warner's Safe Cure to many people who have suffered from different complaints, and in every case a cure has been effected. Personally I have used the medicine and derived the greatest benefit from it."

H. H. Warner & Co. point with pride to the World-'Round Fame of Warner's Safe Cure. They offer the above as genuine in all respects and true, so far as they know, with \$5,000 for proof to the contrary. Ask your friends and neighbors about
