KENTVILLE

Slandering the Cook.

Here is something that a woman
who knows says is a sure diagnosis
of the status of the cook. If you have
a good cook, you may be more or
less sure that she will look too fre-

quently upon the wine when it is red.
It is an unfortunate fact, but if the
cook is less than a \$40 cook as
little annoyance as possible may be

expected from this weakness. Possi-
bly it will never make itself manifest
enough to be known above stairs. But

if the cook has risen higher in the so-
cial scale of cooks than \$40, then look
out. A cook who is rated at over \$40
may be expected to smash things.

If one chances to make a morning
call at the house of a friend and dis-
covers the servants crowded up stairs,
frightened and trembling, while from
below come the sounds of ironware

skating across the kitchen and pottery
crashing against the wall and be-
tween times the voice of the masculine

head of the family gently expostulat-
ing or commanding it would be stern
tones, then it may be known that that
household has reached the dignity of a
\$50 or \$60 cook.

According to.

"She's well educated, isn't she?"
"Well, she's one of those women who
can pass as being that way. When she
meets any one who can speak French
and not German, she can speak Ger-

man, and when she meets any one who
can speak German and not French she
can speak French."

His Mistake.

"How lovers are given to freaks of
fancy?"
"What's the case in point?"
"Here's a story where a fellow calls
his girl's hair golden, and the accom-

panying picture shows it's only plaited."

Where Life is Precious

Montreal Star:
Cardinal Gibbons, who has just re-
turned to Baltimore from England, says
he was struck with the care taken to
guard against accidents to employees
in England. His Eminence says that
seemingly more value is placed upon
human life in England than in the
United States. This is not surprising.
The people of England have never felt
under the necessity of declaring on
paper that among the unalienable rights
of all men are life, liberty and the pur-
suit of happiness. Human life is held
sacred in England—even if it has a
black skin around it.

MRS. M. YOUNG.

Jarvis St., Toronto Says:

"I Thank God and Paine's Celery

Compound For My Renewed Health

and Strength."

When Paine's Celery Compound is

used by sick and broken-down women,

a solid foundation of health is quick-

ly laid. The bowels are kept regu-

lar, nervousness and rheumatism are expelled

from the system, the appetite becomes

natural, and sleep and sweet rest

come that perfect health has taken

the place of sickness and disease.

We urge every wife and mother to

test the virtues of that medicine that

makes sick people well.

Mrs. M. Young, desiring to benefit

suffering women, writes thus:

I was a terrible sufferer from neu-

ralgia and nervous debility and was

extremely weak and unwell. While

in this condition I tried almost all

kinds of medicines without any im-

provement. My sister finally per-

suaded me to try your Paine's Celery

Compound. The first bottle helped

me wonderfully, and, after having

used six bottles my health is restored

and I am now a new woman. I am

pleased to say that Paine's Celery

Compound is all that you represent it

to be—a banisher of disease and a

restorer of health. I thank God and

Paine's Celery Compound for my re-

newed health and strength.

Dr. Chase's Ointment

Huxley and the Clergyman.

A rash clergyman once, without fur-

ther equipment in natural history than
some desultory reading, attacked the
Darwinian theory in some sundry ma-

gazine articles in which he made him-
self uncommonly merry at Huxley's
expense. This was intended to draw

the great man's fire, and as the bat-
tles remained silent the author proceed-

ed to write to Huxley, calling his at-
tention to the articles and at the same
time, with mock modesty, asking ad-

vice as to the further study of these
deep questions.
Huxley's answer was brief and to the
point. "Take a cockroach and dis-

sect it."—Argonaut.

Small Pox in Kings Co

This dread disease has again made

its appearance in Kings county. It

taken it. Two others have also con-
