Cordon of Corpses Left by These Six Fighting Scotties

London, Sept. 21—Reuter's correspondent at British headquarters this morning features the heroic two day stand at Moureves of a corporal and six men of the Highland Light Infantry, mentioned in today's statement of Field Marshall Haig. The incident, he says, is comparable to the fight at Roche's Drift. The gallant Scotties were rather weak and bear-eyed when rescued but were able to respond lustily to the tumultuous cheering of their comrades.

A regular cordon of corpses around their feet told how fiercely assailed they were. They were practically without shelter and were ceaselessly on the alert to prevent the Germans attaining bombing distance. Although they knew they were right in the midst of the foe, they did not despair, and their only concern was as to whether their ammunition would hold out.
 At any event they determined not to surrender, but when it became impossible to hold their position to try, by sorties, to reach the British outposts.

Cross, Sickly Babies

Sickly babies—those who are cross and fretful; whose little stomach and bowels are out of order; who suffer from constipation, indigestion, colds or any other of the minor ills of little ones—can be promptly cured by Baby's Own Tablets. Concerning them Mrs. Jean Paradis, St. Bruno, Que., writes: "My baby was very ill and vomited all his food. He was cross and cried night and day and nothing helped him till I began using Baby's Own Tablets. They set him right and now he is a fat, healthy boy." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
