Rev. R. H. Steacy, of Bell's Corners, and Mr. Wal. Steacy, of Buffalo, were on Sunday guests of Mr. and Mrs. E. Fair.

Last week we were shown by Mr. Joseph Kerr a fine golden russet apple of the harvest of '02. It was sound and of good flavor. On Sunday evening last Rev. R. H. Steacy, of Bell's Corners, preached very acceptably to a large congregation in Christ Church, Athens.

Mr. Maurice Stevens, a member of the staff of the Sherbrooke Examiner, arrived in Athens yesterday for a visit with relatives and friends. Mrs. Alex Compo, of New York, after visiting relatives in Brighton, Ont., came to Athens on Saturday and is now the guest of Mrs. Wm. Mott.

The high school lawn has been fitted for tennis, and the fall campaign opens this week. A match between the village and H. S. would be interesting. —Misses Falkner and Lockerby, who are attending the millinery openings in Toronto, will return to Athens on Saturday, Sept. 12th, with a full range of fall and winter millinery.

Quite a large number of Athenians joined the Sabbath schools of Glen Buell, Addison and Greenbush in their picnic at Delta Park on Saturday and had a delightful time. The weather was perfect.

Mr. R. Running, of Frankville, injured one of his ankles eight months ago and has since been incapacitated for work of any kind. He is now recovering and expects soon to be able to attend to business.

Business men in Athens for the first time observed Labor Day as a holiday. The decision to do so was arrived at about 8 a.m. on that day, so traders were treated to a little surprise when they found all the stores closed.

Dr. Will Giles, of Montreal, and sister, Mrs. D. Forth, of Glen Buell, were on Sunday guests of their sister, Mrs. S. S. Holmes. Dr. Giles was en route home from a vacation spent on the Pacific coast and at the Banff National Park.

The many friends and acquaintances of Mr. Geo. A. Wright, of Robert Wright & Co., Brockville, will learn with regret that he was quite seriously injured on Friday evening. He was in the store alone about 9 o'clock when a step-ladder upon which he was standing gave way and he was thrown to the floor. The Recorder says he will likely be laid up for some time.

Mrs. P. P. Slack is this week visiting friends in Montreal. Dr. H. H. Elliott, of Seely's Bay, was a visitor in Athens on Monday.

Boy wanted—about 15 years of age—to learn the printing business. Apply at the Reporter office. Cheese went up to 11 1/2 last week, and the indications are that it has gone to stay for the rest of the season.

Mr. Harold B. Blanchard, a graduate of the A. M. School class of 1901, is beginning the study of medicine at McGill, the present session. On Monday last, Mrs. M. Kervin presented the Reporter with several sprays of luscious ripe raspberries which she had picked that day near her place.

Rev. Robert Laird, of Brockville, has accepted a call to St. John's church, Vancouver, B. C., and his pulpit will be preached vacant on Sunday next by Rev. Mr. Daley of Lynn. Knowlton is this week in Toronto, attending the annual meeting of the Canadian Association of Opticians, of which he is a member. Joe Male's domestic infelicity has caused him a lot of trouble lately, and a few days ago he found himself in jail, a place that he was very anxious his wife should occupy. He was locked up on remand, charged with assaulting his wife, and on being brought out he pleaded guilty and was fined \$5.35 or two months. He had no money and was given time to leave town.

Brockville's great fair opens on Tuesday next, and the programme thus far outlined indicates that it will be the greatest show that this part of Ontario has ever seen. Excursions by boat and rail from both sides of the river will help swell the crowd from Leeds and Greenville, and there will be several brass bands with the visitors. Secretary Field has opened an office in Brockville for the taking of entries and the transaction of general business.

The Ingersoll Chronicle of the 15th ult. contains an interesting account of the trial of a latest improved No. 9 Noxon binder. There was a great gathering of farmers and townspersons, and after witnessing the exhibition the general opinion was that a more perfect binder could not be found. The machine is made almost entirely of steel, and combines light draught with great strength. A great improvement has recently been effected in the binding attachment and an apparatus has been added by which it can be safely and expeditiously moved from one farm to another without the trouble of loading it on a truck. Mr. Frank Wilts, of Addison, has the agency for the Noxon machines.

All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat. No wonder catarrh causes headaches, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite. To cure catarrh, treatment must be constitutional—alterative and tonic. "I was ill for four months with catarrh in the head and throat. Had a bad cough and raised blood. I had become discouraged when my husband bought a bottle of Hood's Sarsaparilla and persuaded me to try it. I advise all to take it. It has cured and built me up." Mrs. H. H. B. West, West Liscomb, N. S.

Hood's Sarsaparilla

Cures catarrh—it soothes and strengthens the mucous membrane and builds up the whole system.
