

MEN CURED FREE.

A most successful remedy has been found for sexual weakness such as impotency, varicocele, shrunk organs, nervous debility, loss of manhood, night emissions, premature discharge and all other results of self-abuse or excesses. It cures any case of the difficulty, never fails to restore the organs to full natural strength and vigor. The doctor who made this wonderful discovery wants to let every man know about it. He will therefore send the receipt, giving the various ingredients to be used, and that all men at a trifling expense can cure themselves. He sends the recipe free, and all the reader need do is to send his name and address to L. W. Knapp, M.D., 1710, Hull Bldg., Detroit, Mich., requesting the free recipe as reported in this paper. It is a generous offer and all men ought to be glad to have such an opportunity.

MEN OF ALL AGES

suffering from the effects of early quick restoration to robust health, manhood and vigor. Lost Manhood, Premature Decay, Weak Memory, Erection of Youth, Night Losses, Varicocele, for cure.

\$1 BOX OF MEDICINE FREE.

OLD DR. GORDON'S REMEDY FOR MEN is a few days will make an old man of 60 years younger. Best result on the receipt of a few cents to postage, full recipe one dollar box, with valuable medical book, rules for health, what to eat and what to avoid. No health, no inspection by Custom House, reliable Canadian Dispensary. Write at once, if we could not help you we would not make this honest offer.

Money to Lend on Mortgages

Farmers and others wanting to borrow money on mortgage at low rates should apply personally and see expense and time, and secure other advantages by dealing directly with this Company. Interest on loans from \$1 and upwards. Debentures issued from \$5 to \$50,000, interest low.

J. S. GARDINER, Manager

SAUGEEN

MAGNETIC MINERAL WATER—Southampton.

Is highly recommended by Prof. Pyna, Dominion Analyst, Toronto, for persons suffering from either rheumatic taints of constitution, or habits of constipation. It is a most palatable table water, and is absolutely pure. Recommended by leading physicians. A trial will convince you that it has merit of a high order. For sale by Central Drug Store and F. A. Robert.

DOVER COUNCIL.

The court of revision in the Wilcox-Ouellette Drain met Oct. 31. The members were all present. The appeals were examined and considered, and the appellants heard in evidence. The court of revision adjourned until Nov. 8th.

The council met.

Mr. H. Green was paid \$2.66 for one sheep killed by dogs.

Moved by Cartier and O'Neill, that the county treasurer be paid \$95.90 for maintenance of inmates from Dover to the House of Refuge to June 1st, 1891.—Carried.

Francis L. Emery was allowed to cut across 9th con. road to put a drain into Myers drain extension, to keep the drain in good repair, the commissioner of 3rd division to see the work properly done.

A. Reaume, Jr., and D. McKenzie were each paid \$1 for pathmaster's road for Dover Creek mechanical drain.

Moved by Clements and Lewis, that the commissioner on Warden drain be empowered to extend the drain to mid-lot 34, B. D. E., as provided by the by-law and report.—Carried.

Moved by Cartier and Lewis, that Mr. McGeorge be paid \$5 for inspecting Toulouze drain, \$7 for inspecting Burke & Myers drains, \$6.75 do. Ouellette drain.—Carried.

The council adjourned to Nov. 8.

The adjourned court of revision on Wilcox-Ouellette Drain met Nov. 8th. The members were all present. The minutes of last meeting were read and adopted.

The appeals against certain parties were examined and the persons appealed against heard in evidence and the court of revision adjourned till Nov. 14th.

The council met. The minutes of last meeting were read and adopted.

Mr. Shackleton on the completion of the Hoover drain, Mr. Cartier reported on Burke, Myers extension, Toulouze drain, \$7 for inspecting Burke & Myers drains, \$6.75 do. Ouellette drain.—Carried.

Moved by Clements and Lewis, that Mr. McGeorge be paid \$5 for inspecting Toulouze drain, \$7 for inspecting Burke & Myers drains, \$6.75 do. Ouellette drain.—Carried.

Take No False Step.

Life and Health are

At Stake.

YOUR CASE CALLS FOR

THE USE OF

Paine's Celery Compound

Physicians and Druggists Recommend it.

One false step taken at this time, when you are weak, nervous, sleepless, despondent, of suffering from the agonies of rheumatism and neuralgia may prove fatal.

Thousands are now hovering near the grave who can be brought back to their former health and strength if Paine's Celery Compound be faithfully used for a time. This wonderful medical discovery is acknowledged by physicians to be the greatest boon ever placed before suffering and half-dead men and women.

Paine's Celery Compound is at present doing a marvellous work all over this Canadian Dominion. The sick are throwing aside medicines and remedies used for weeks and months without good results, and now have their confidence established in Paine's Celery Compound, the medicine that truly bestows new life.

This statement is made on the strength of letters received from the sick and suffering and their friends. Cures are effected for thousands whose lives had been despaired of by cases that baffled the skill of able physicians.

If your life is made miserable by nervousness, sleeplessness, heart trouble, stomach derangements, dyspepsia, rheumatism, neuralgia, liver or kidney troubles, try the magical effects of one bottle of Paine's Celery Compound, and you will joyfully go on until you stand on the solid rock of health.

Political reform may be all right, but political corruption has the advantage of age and experience.

A business man is not the most patient creature in the world. He cannot wait to hear any long-drawn-out story of the cause of his ailment. He doesn't care two straws about a fine theory of how he should treat himself. He may be predisposed to scoff, or, consumption. "That," he will tell you, "has nothing to do with the case."

Dr. Pierce's Golden Medical Discovery is a microbe hunter and killer. Many persons of scrofulous blood, encourage the breaking out of unsightly sores, to prevent the disease going to the lungs. There is no need of this state of dread and discomfort. Paine's Celery Compound will cure 98 per cent. of all consumptive cases, also of all other lingering bronchial, throat and lung diseases.

Patient waiters are seldom losers, says the proverb. That accounts for the great wealth acquired by physicians.

JOSH BILLINGS SAID OF NIAGARA FALLS.

That the reason why people liked it was "because nobody can make you just like it." For the same reason people like Four T's, the great, guaranteed cough cure. It is the only lung remedy that cures coughs and colds in two days with perfect safety. Children like it and it cures croupy coughs. Sold in 25c. bottles at the Central Drug Store.

All is fair in love—except the actions of the other fellow.

24 GALLONS OF BLOOD.

Pass every hour through the heart, lives every man. How vastly important it is that this blood should be pure so that these important organs are not irritated. And also how important it is that the blood should be strong and healthy so that their work may be thoroughly accomplished. Merrill's System Tonic is not only a powerful blood purifier, but also acts as a cathartic. Merrill's System Tonic makes a strong, healthy, active liver, hence is a positive cure for Dyspepsia, Constipation and Nervous Trouble. 50 pleasant-to-take doses. Sold at the Central Drug Store. Descriptive pamphlet free.

When crank meets crank then comes an argument.

A GENUINE TRIUMPH.

In the medical line that is made by a Brantford druggist, the System Tonic. It embodies an idea long thought of but just recently made chemically possible. When System Tonic is taken the old blood is purified, new rich blood is made, while all the principal organs in the body are toned and new tissue constructed. The result is perfect health. Sold in 50c. bottles, at the Central Drug Store. Pamphlet free.

It's a wise man who shapes his plans to fit the inevitable.

THE LIVER AT THE BOTTOM.

The liver is usually at the bottom of a great many diseases. It is the liver which enters chemically into the composition of the digestive ferments, and also acts as a cathartic. Merrill's System Tonic makes a strong, healthy, active liver, hence is a positive cure for Dyspepsia, Constipation and Nervous Trouble. 50 pleasant-to-take doses. Sold at the Central Drug Store. Descriptive pamphlet free.

The way of the wise man is to let a woman have her own way.

One is apt to strike a happy vein in the vicinity of the funny bone.

If you don't care for the things you can't obtain, you will be fairly happy.

A good character is more easily lost than gained.

J. WALSH, Clerk.

REVIEW OF THE CASES.

Judge Robertson's Address

TO THE GRAND JURY—HE SAYS IT IS PRETTY NEARLY TIME THE COUNTY COUNCIL WOKE UP.

Thé fall assizes, which opened before Judge Robertson yesterday afternoon, are being held in the county council chambers, owing to the improvements going on at the jail and court house.

The council chambers were arranged for the court sessions under the direction of Sheriff Gemmill, who was warmly complimented and praised on the work on every hand. The judge occupies the elevated seat of the warden, while on his left is the court stenographer's desk and the witness stand. On the right, adjoining the sheriff's desk, tables were provided for the newspaper men. In front of the lordship were seated the court clerk and the erior, to the left the petit jury and to the right the grand jury. In front of the judges at the county council desks the barristers present were located. The council clerk-room was turned into the judge's private chamber, the committee rooms are being utilized for petit jury deliberations, while the county clerk's offices are occupied by the grand jury.

Among the members of the legal fraternity present at the opening of the court were, Judges Bell and Woods, B. B. Oiler, Q. C., W. E. Riddell, Q. C., J. B. Rankin, Q. C., M. Wilson, Q. C., J. A. Walker, Q. C., M. Houston, Q. C., Lewis, J. C. Fraser, T. Scullard, C. D. Macdonald, W. Stewart, J. G. Kerr, L. J. Egan, Q. C., K. Watson, W. E. Gundy, W. G. Richards, C. J. O'Neill, W. A. Thrasher, S. B. Arnold, G. G. Martin.

THE JUDGE'S CHARGE.

His Lordship addressed the grand jury at considerable length. He congratulated them that they were all ready in attendance. The panel was now small and it was desirable that all should be present. Formerly the grand jury consisted of twenty-three members, and a majority of these were necessary to find a true bill. At present seven were all that were necessary to make this finding.

That the cases, although not very numerous, were of a very serious character indeed. One had been charged with manslaughter, and the fact of the case was a most serious and deplorable one, deplorable on behalf of the parents, relatives and friends of the deceased. The council had been wakened up at last, although they were very late in doing it, and he was very thankful. In dismissing the jury his lordship wished them to get through with their business with all possible despatch.

ABOUT SEEDING GRAIN.

Broadcasting Versus Drilling—Advantageous Use of the Drill.

Much Valuable Information Concerning the Sowing of Seed and its Results.

"Many old farmers believe that with modern improvements in cultivating implements, the grain drill for seeding grain is not much if any improvement over the old fashioned and harrowing it in," says The American Cultivator, in introduction to a comparison, as follows, between broadcasting and drilling:

"The drill distributes the seed more evenly than can be done by hand sowing, but the grains are left in lines closely crowding each other, and between two ridges which when beaten down by rains or melting snows cover the seed and plant too deeply. When the drill was first introduced, it was reckoned an advantage that its tubes made some impression on the clods which the cultivation at that period usually left on the surface. But the clods prevented the wheels of the drill from sinking so deeply in the soil and thus kept the points of distributing tubes near the surface. Where the grainfield is prepared with the disk harrow or the spring tooth cultivating harrow the soil is mellowed much deeper than it should be. To sow the grain on the surface of a mellow seed bed and then merely run a smoothing harrow over it to press it into the soil, leaves the grain in better condition for growing than to cover it as deeply as the drill is sure to do.

Winter grain is to some extent protected from heaving out by the ridges which the drill leaves on each side of the rows of grain. But if the land is heavy and the soil is frozen under the grain rows, these hollows often fill with water in winter, and this entirely destroys the plant, for its root, being held tight by the frost, the expansion of the water in freezing surfs the leaf growth just at the surface of the soil, making it impossible for it to sprout again. Spring grain is not subject to this injury, and therefore for spring grain drill seeding has advantages over broadcasting, especially if there is a fertilizer attachment whereby mineral fertilizers may be distributed in close contact with the seed. This has proved so great a benefit to grain crops on loamy land that most farmers now scarcely attempt to grow grain without putting some mineral fertilizer with the seed.

Wherever a drill is used to put in winter grain the seed bed should be made firm by repeated rolling so that the drill tubes will not penetrate deeply. Then, after the grain comes up, the surface should be rolled and then harrowed with a 40 tooth drag, which will roughen the surface. This rolling and
