Muskrat, Raccoon, Fox, Martin, &c.

ROBB'S STEEL FURNACE

Is the cheapest and best heating apparatus for country dwellings.

Being made with brick it does not damage roots in cellar, the heat being

carried up steadily into rooms during the night even after the fuel has

burned low. This Furnace being made of PLATE STEEL is most

durable, and being simple in construction does not permit of smoke or

gas escaping, while it has a great advantage over more complicated

Furnaces, by the interior being kept free from soot. This is the reason

why it will radiate as much heat after being used for some time as

it will when first set up. There is great economy in fuel, and much

labor saved in cutting the wood; in fact, it will burn wood that cannot

be split or used in any other way.

We use only American Registers.

Please call early and get an estimate before the fall rush.

lars, and all other fittings in his line.

Just Received—Sausages, Bologna,

Bladders, Haddies, Plate Beef, Mess Pork,

Fat Herring, Table Codfish.—Geo. E.

Ford, Sackville, N. B., Sept. 12, 1889.

Wm. Knight, of Amherst, is still lead-

ing with his celebrated No. 1 Harry

Gursey Furnace. There are lots of

furnaces made, but the Gursey has the

largest radiating surface of any. Estimates

given on application.

To whom it may concern.—Dr. J. W.

Sangster, of Sackville, has my method of

painless extraction of teeth and is able to

do the work as well as myself. I earnestly

advise all to patronize him, as the

method is the best on earth.—A. E. Ester-

brooke.

AROUND TOWN.

—Stipendiary Cahill is proceeding

against several prominent townsmen,

for refusing to serve on a jury when

summoned.

—The spacious corridors of the

Sackville Post office are now lighted

in the evenings by the electric light.

It is an improvement.

—Colonel Maunsell was in town

last week inspecting militia arms

and accoutrements. He was accom-

panied by his daughter.

—The annual meeting of the Par-

ish of Sackville Liberal Conserva-

tive Association will be held in Pow-

ell's Hall on Tuesday evening, 22nd

inst., at 7:30 o'clock.

—Five stove moulders from Yar-

mouth obtained employment in the

Sackville Foundries last week. This

seems to indicate that the stove busi-

ness is better in Sackville than it is in

Yarmouth at present.

—Among recent improvements is a

plank sidewalk—not quite completed

at present—on Weldon St. A new

railway platform has been erected at

Wood's crossing, but it can scarcely

be classed as an improvement, except

in the matter of handling freight.

—The C. P. R. telegraph construc-

tion train has been at Sackville during

the past week and a line of telegraph

posts has been erected on Lorn St.

The company will shortly open a tele-

graph office in the vicinity of Crane's

corner.

—The annual school meeting for

District No. 9 was held last Thursday

at Central school house. Mr. Chas. E.

Lund in the chair. Mr. Robert Bell,

retiring trustee, was re-elected, and

Mr. Amos Ogden was elected Auditor.

The sum of \$1100 was voted for

school purposes for the ensuing year.

—The High Tea in Chignecto Hall

on Tuesday evening was well patron-

ized and passed off very pleasantly.

The Cornet Band contributing largely

to the enjoyment. An abundance

of provisions remained on hand, the

tea was continued last evening at re-

duced prices, and there was a very

respectable attendance. The total

receipts amounted to over \$200.

—A young man named Angus

McLeod, of Grand Falls, has at a

single bound attained a very notori-

ous notoriety. He was recently

awarded a prize of twenty-five dol-

lars, in the Montreal Witness prize

competition, for a poem entitled

"The Maiden's Sacrifice," and the

poem and a picture of Mr. McLeod

were the author were published in the

Witness. It now transpires that the

poem was written nearly twenty

years ago by Mr. James Hannay,

now editor of the St. John's Gazette,

and was published at that time in

the St. John's Telegraph. These facts

have received wide publicity, but

Mr. McLeod holds on to his ill-got-

ten prize money and makes no sign.

It seems a pity that the law provides

no punishment for such an offence,

for any young man whose conscience

is sufficiently seared to allow him to

be guilty of an act of this kind is

likely to be insensible to the well-

merited contempt in which he is held

by all right-thinking people.

—The announcement is made by the

Canadian Pacific that they intend run-

ning a fast mail train from Vancouver

eastward on the arrival of the Japan

steamers, covering the distance from

Vancouver to St. John in four days.

The last through English mail over

the line contained four thousand let-

ters from China and Japan. This, in

addition to the mail destined for Can-

ada and the States, shows that already

the success of the Canadian mail route

is assured.

—Large quantities of potatoes are

being shipped from various ports in

this county and at the different sta-

tions on the railway for Havana.

Prospects are brightening as regards

price. At some places we learn that

the price is being paid. It is quite pro-

bable that they will still be a higher

price.—Canning Gazette.

LOCAL MATTERS.

HARVEST FESTIVAL.—St. Paul's

Church was tastefully decorated last

Sunday evening with fruit, flowers,

autumn leaves and branches, ripened

grain in connection with the Harvest

Home thanksgiving service. A very

appropriate sermon was delivered by

the Rector.

EPISCOPALIAN.—The Rev. C. A.

French has been chosen to take

charge of the Mission of Baie Verte

and Tidnish. Mr. French has been

engaged in the work of the Church

in the U. S. and also in the Diocese

of Algoma. He will hold his first

service at Baie Verte this (Thurs-

day) evening.

PERSONAL.—Warden Ogden and

Mrs. Ogden returned last week, after

a month's sojourn in Boston, where

he was superintending the building

of the barque Onaway of this port.

Mr. and Mrs. Edward Trueman ex-

pect to start in about a fortnight for

San Francisco to visit their son, Mr.

H. G. Trueman.

MOUNT ALLISON.—Rev. Principal

Borden returned on Monday from a

ten days visit to P. E. I. He reports

that the subscriptions to the new

Conservatory of Music now amount

to nearly \$5000. During his absence

the new violin instructor Herr Mahr

took his departure, and is said to

have gone to Toronto.

A SACKVILLE BOY ABROAD.—Mr.

Frank W. Nicholson, a graduate of

Mr. Allison and of Harvard, has been

appointed instructor in Latin in

Harvard University, and is to be

caused by the withdrawal of Assistant

Professor Preble. This probably

means that Mr. Nicholson is to be per-

manently connected with Harvard,

with a brilliant future before him.

Mr. N. is a native of Sackville.

MISSIONARY WORK.—Mr. William
