EMINENT PHYSICIAN

Recommends Dodd's Kidney Pills for Kidney Diseases.

They Have Saved Thousands of Lives—New Brunswick People Need Dodd's Kidney Pills as Kidney Complaints are Common Among Them.

St. John, N. B., Nov. 14.—Some startling statements were made yesterday by an eminent American physician, who is spending his vacation here.

The doctor was interviewed by a reporter, to obtain his views on sanitary matters.

"I can not speak on local sanitary affairs," said the doctor. "But I shall give you, if you wish, some observations from a medical standpoint, regarding the people of this province, and medical matters that concern them."

"I have been forcibly struck by the evidences of Kidney Diseases among your people. Nearly every adult that I meet on the streets, shows plainly to the medical eye, the symptoms of Kidney Disease in some form."

"I am prepared to assert positively that such ailments as Bright's Disease, Diabetes, Dropsy, Gout, Rheumatism, Heart Failure, Lambago, Gravel, Stone in the Bladder, Female Complaints, and other Kidney Troubles are very prevalent here."

"Looking over the records, I find that ninety per cent of the deaths are caused by these diseases."

"What your people need most is a sterling Kidney medicine—one that will cure such complaints."

"Is there such a medicine?" asked the reporter.

"There is. But there is only one. It is known as Dodd's Kidney Pills and will cure the worst case of Kidney Disease."

"Dodd's Kidney Pills have, to my own knowledge, saved thousands of lives. They are an absolutely certain cure for all forms of Kidney trouble."

"The case of Mr. W. H. Bower of this city, illustrates their efficacy. He was a continual sufferer from Lambago, till he began to use Dodd's Kidney Pills. Now he is sound and well."

"If the people will use Dodd's Kidney Pills, Kidney Disease will soon be banished from the country."

Roseland Mines.

TORONTO, Nov. 7.—The Globe's Roseland special says: Novelty is the latest sensation. Ten feet of shipping ore is being mined, and the great discovery adds immensely to the value of the Giant.

The excitement at Republic still continues.

In East Kootenay, the Sullivan is surpassing all expectations and it is proving a mine of gold.

The ore shipments since January 1, 1898, were 94,625 tons.

The total output of Le Roi for the month of October was 12,900 tons, or more than 400 tons daily. On October 1, Le Roi established another record by loading and shipping 525 tons of ore. The output of the mine for October was 12,750 tons.

The Northport smelter is running at 400 tons, its full daily capacity.

France Is Angry.

PARIS, Nov. 7.—The French Government is secretly sounding representatives from the South American republics as to what warships of these countries are available for purchase by France.

Public feeling is running high, resentment against Great Britain being on the increase.

Anger, impatient anger, is the one passion felt here today. French pride has received a blow which will not easily or soon be forgotten.

It is not the evacuation of Fashoda that is resented. It is the fact of "England having insisted upon an unconditional withdrawal. This is felt to be a humiliation."

Everywhere and by everybody the news is discussed with furious rage, yet what else could France do than recall Major Marchand?

The Journal des Debats argues that France cannot for the present negotiate amicably with England. "What we do not encourage us to enter into such a path. There is nothing to be done with a country a prey to superstitious jingoism. The wisest course is to wait until the paroxysm has passed. It is in the present case so pronounced that even the high intelligence of Lord Salisbury has been attacked and obliterated by it. Care for the future has momentarily disappeared. Let the fever follow its course and exhaust itself by its own violence. There is no hurry."

"We can resume negotiations with England if there is any necessity for doing so, when she may have realized the gross fault she has committed."

"If it is true that we have committed some ourselves, we have heavily expiated them. It is only natural and equitable that everybody should have his turn. We offered England, Fashoda and our friendship. She repudiated Fashoda. It's a bargain. There are some things that will not bear repetition, though the recollection of the first time lasts a long while."

The Figaro wonders if the misunderstanding between the London and Paris Cabinets is not due to a secret arrangement on the part of France's enemies to modify the balance of power in the Mediterranean.

"If this is the case," the paper says, "it is the development of a plot hatched long since which we shall not see unfolded."

The Gaulois announces that henceforth the motto: "God Protects France," will be stricken from French coin. The paper

remarks sarcastically that it is a good thing, since foreigners might feel to believe from seeing the inscription that Frenchmen still have faith in Providence. It suggests that the Government adopt the motto: "Schwartzkopps protects the Republic."

The Matin confirms the report that the Government will instruct Major Marchand to return to France with his expedition from Fashoda, by way of Jibuti, on the Gulf of Aden, the only route consistent with French dignity. The paper expresses the hope that the national flag will not again be involved in such small colonial enterprises, unless success is assured beforehand, both diplomatically and by adequate support.

The Figaro declares that the humiliation of France is unprecedented since the war of 1870-71. "We leave Fashoda," the paper says, "with bleeding hearts and despair in our souls."

M. Rochefort says in the Intransigent: "Now that Fashoda is gone, England will find another pretext for war."

La Liberté puts its feelings into the headline of its leader, "Le Sacrifice."

Le Figaro says: England has obtained satisfaction et apres! This paper is evidently of the opinion that England, intoxicated with her triumph, is already seeking grounds for inflicting further humiliations upon France. War, in fact, according to many, has not been avoided, but only postponed.

St. Petersburg, November 7th.—St. Petersburg newspapers show great irritation at England over the settlement of the Fashoda affair and agree in declaring that her conduct will arouse the powers interested in the free navigation of the Suez Canal to a common discussion of the best means of preventing the final settlement of the Fashoda question in Egypt. The Novosti says that since the Egyptian question is purely an international character it must be solved by a Congress of the Powers which can proclaim perpetual neutrality of Egypt under the protection of all the powers.

What Is the Good.

What is the good of buying some of the cheapest quality linens now on the market, and that are simply "to sell" rather than to effect any real benefit. Dr. Cook's Celebrated English Remedy "Cook's Anodyne Liniment" is sold at the same price here as in the old country, and one trial will convince any one that for strength and curative qualities this liniment is unequalled. Price 25 cents. Sold by all dealers.

A Rare Opportunity.

Having made arrangements with the publishers of the Toronto Daily Mail and Empire, we are in a position to supply said paper and the QUEEN'S COUNTY GAZETTE for one year for the small sum of \$2.70. The "Mail and Empire" is the leading Conservative paper in Canada, and the five figures of the "Daily Mail" procure a copy. Address,

JAS. A. STEWART,

Cook's Frothing Plaster.

A Pretty Wedding.

A very pleasant event took place on the evening of Tuesday, the 8th inst., at the residence of Mr. and Mrs. J. T. Hendry, McDonald's Point, Queens County, when their second daughter, Rebecca, was married to Frank D. White, M. D., of Limestone, Maine. The bride was attired in white muslin, with a wreath of orange blossoms in her hair, and carried a bouquet of chrysantheum, the gift of Miss Sadie McAlpine. Miss Lena Nash was maid of honor. The groom wore the conventional black suit with white tie.

The ceremony was performed at 6 o'clock p. m., by the Rev. A. B. McDonald, of Courville, after which the guests, about forty in number, were served with a wedding supper. Misses Annetta Akerley and Sophia Bulyea looked after the welfare of the people at the tables. The hospitality dispensed by Mr. and Mrs. Hendry is so well and favorably known, that any comment on the supper would be superfluous, if not in bad taste.

The present of the groom to the bride was a gold watch and chain.

Among the other presents received were the following:—From Mr. and Mrs. J. T. Hendry, one dozen silver tea spoons; Mr. and Mrs. A. P. Belyea, a half dozen desert spoons; Mr. and Mrs. Nash, silver pie knife; Mr. and Mrs. F. E. McDonald, china fruit dish; Walter Belyea, Herbert Belyea and Mrs. Christie, silver tomato spoons; Mrs. Thomas E. Macdonald, gold lined berry spoon; Mrs. Tilley Erb, china fruit dish; Miss Della Barnes, Japanese teapot; Miss Elsie Branscombe, holder for cigar ashes; Miss B. M. Erb, glass pitcher; Wallace and Bruce Macdonald, china fruit dish; Mrs. A. P. Belyea, a elegant silver table spoon; Miss Annetta Akerley, silver meat fork; Claremont Barnes, silver spoon; Miss Minnie Barnes, silver napkin ring; David Barnes, silver nut picks; Mrs. D. N. Smith and Mr. R. M. Smith, chamois table cover; Mrs. W. H. White, silver tray; John Durban, one dollar; Miss Mathilda Dix, silver butter knife and sugar shell; James P. Belyea, silver napkin ring; Mr. and Mrs. L. I. Flower, ivoryware water pitcher; Miss Sophie Belyea, silver butter knife and sugar shell; Miss Annie R. Macdonald, silver napkin ring; Miss Susie O. Macdonald, epergne; Miss Bessie Day, china fruit dish.

The next morning the young couple left for their future home in Maine, carrying with them the best wishes of a large

circle of friends.

The bride is a favorite amongst her many acquaintances and will be much missed.

Doctor White formerly taught school in several districts of our county and it is quite safe to say that very few men were so universally liked by their pupils as he. He is the son of Mr. Charles W. White, of White's Cove.

Cause of Rheumatism.

HOW THE DISEASE IS DEVELOPED AND CAN BE AVOIDED.

For Years This Trouble Baffled Physicians' Skill—Now Understood and Easily Cured—The Result of Scientific Research.

From the Advance, Kemptville, Ont.

There is a popular idea that rheumatism is caused by exposure to cold, and that some localities are infested with it more than others. Scientists say that such conditions frequently promote disease, but from the fact that this ailment runs in certain families, it is shown to be hereditary, and consequently a disease of the blood.

Frequently an individual in whose family rheumatism has not occurred, develops the disease, and when a diagnosis of the case is made, it is generally found that the ailment is due to a derangement of the blood.

One such sufferer who has been cured is Capt. D. W. Becket, who lives in the township of Oxford, Grenville County, Capt. Becket is the owner of 275 acres, and lives in a beautiful farm home on the banks of the Rideau, some three miles from Kemptville. In addition to being a thrifty farmer, Mr. Becket, has taken an enthusiastic interest in our volunteer force, and has graduated from the military college at Toronto with a first class certificate, which entitles him to the rank of Major. To a reporter of the Kemptville Advance, Capt. Becket made the following statement:—"Four years ago I was taken with rheumatism in both my elbows and thigh joints. The pain at times was something terrible. I took medicine and doctored for over six months but continued to grow worse and worse. My arms from the elbow joints to the tips of the fingers became numb and had a prickly sensation, and I was unable to do any work in fact I could not lift my hand to my head. The pain I suffered in my leg was also almost unbearable and my legs were nearly as useless as my arms. I had frequently read testimonials where Dr. Williams' Pink Pills had cured this disease, and at last I thought I would try them as an experiment. Before I had completed the first box I felt they were helping me, and after I had taken the pills a little more than a month, the pain had entirely left me, and I felt an altogether different man. I feel satisfied there is no other medicine could have wrought such a speedy cure, and I can truthfully say I met the enemy and defeated him through the aid of Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood or a shattered condition of the nervous forces, such as St. Vitus dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of grippe, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, "building" the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they affect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

Protect yourself against imitations by insisting that every box you purchase bears the full name Dr. Williams' Pink Pills for Pale People.

Save Soup Meat.

The old notion that soup meat has lost all its nutritive qualities and is ready to be thrown out after boiling is exploded, and good American housewives now follow the example of their French sisters and utilize it for a separate dish. Following the soup, it may appear at dinner as the meat course, served with tomato sauce or parsley, or it may be sliced thin and served cold. The marrow bone that has usually gone to the making of soup should also be scraped out and spread on crisp slices of toast for a dainty entree.

He 'ooled the Surgeons.

All doctors told Reniek Hamilton, of West Jefferson, O., after suffering 18 months from Rectal Fistula, he would die unless a costly operation was performed; but he cured himself with five boxes of Becht's Arnie's Salve, the surest Pills cure on Earth, and the best Salve in the World. 25 cents a box. Sold by all Druggists.

WANTED—SEVERAL TRUSTWORTHY PERSONS in their own and nearby counties. It is mainly office work conducted at home. Salary straight \$800 a year and expenses—definite, tonnage, no more, no less salary. Monthly \$75. References, Becht's Arnie's Salve, stamped envelopes, Herbert E. Hess, Pres., Dept. M., Chicago.
