has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a serofulous sore on the wrist, until shout five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now, there are few meñ of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to the facts in his case.

Yours truly, W. M. PHILLIPS."

Six months ago I was completely covered with a terrible humor and serofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I commenced the use of the Sarsapanitian. April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every expect—being now able to do a good day's eric, although 73 years of age. Many Inquire that has wrought such a cure in my case, and hat has wrought such a cure in my case, and tell them, as I have here tried to tell you, tyen's Sarsaparlla. Glover, Vt., Oct. 1, 1882. ### AYER'S Cherry Pectoral.

No other complaints are so insidious in their attack as those affecting the throat and lungs: none so trifled with by the majority of sufferers. The ordinary cough or cold, resulting perhaps from a trifling or unconscious exposure, is often but the beginning of a fatal sickness. Ayer's Cherry Pectoral has well proven its efficacy in a forty years' fight with throat and lung diseases, and should be

taken in all cases without delay. A Terrible Cough Cured.

Croup. - A Mother's Tribute Croup. — A Mother's Tribute.

"While in the country last winter my little boy, three years old, was taken ill with croup; it seemed as if he would die from strangulation. One of the family suggested the use of AYER'S CHERRY PECTORAL, a bottle of which was always kept in the house. This was tried in small and frequent doses, and to our delight in less than half an hour the little patient was breathing easily. The doctor said that the CHERRY PETORAL had saved my darling's life. Can you wonder at our grailtude? Sincerely yours,

MIS. EMMA GEDNEY."

180 West 128th St., New York, May 16, 182.

"I have used AYER'S CHERRY PECTORAL in my family for several years, and do not hesitate to pronounce it the most effectual remedy for coughs and colds we have ever tried. A. J. CRANE." Lake Crystal, Minn., March 13, 1882. "I suffered for eight years from Bronchitis, and after trying many remedies with no suc-cess, I was cured by the use of AYER'S CHER-RY PECTORAL. JOSEPH WALDEN." Byhalia, Miss., April 5, 1882. "I cannot say enough in praise of AVER'S CHERRY PECTORAL, believing as I do that but for its use I should long since have died from lung troubles E. BRAGDON." Palestine, Texas, April 22, 1882.

No case of an affection of the throat or lungs exists which cannot be greatly relieved by the use of AYER'S CHERRY PECTORAL, and it will alreage cure when the disease is not already beyond the control of medicine. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass.

The contracts, specifications, &c., are already signed, and the work, it is understood, will commence at once. Our Fifth signed, and the work, it is understood, will commence at once. Our Fifth Avenue and Murray Hill structures, including the Vanderbilt and Stewart mansions, we are told, will be the mercet huts-compared with it, and that there is nothing even in "Nob row"—the Fifth Avenue of the Pacific Coast—which will be worth mentioning alongside of it. The cost of the building is estimated at about \$5,000,000, and the furniture \$2,000, 000. There are few kings or emperors in the Old World that can beat this. Every room in this new Aladdin's palace is to be freescood by artists imported from Italy for the purpose, and the picture gallery will be adorned by not a few of the masterpieces of European collections. All this is part product of the Comstock mines, and tells, in brief, a tale quite as wonderful as any thing in the Arabian Nights.

In another part of the same article it is said, "the conclusion of Mr. Sullivan is precisely that of the Irish Bishops." It is satisfactory to find so intelligent a review of a most important Irish question in a Roman paper. It is to be hoped that the Moniteur de Rome may not, for its advocacy of the Irish, share the fate of the Aurora, which, according to the Times, was suppressed because of its leanings in favor of Ireland.
