

EDMONTON NEWS

MANY IMMIGRANTS ARRIVE.

Last week was a fairly busy one at the immigration hall. There were 55 immigrants received and 37 who left during the last seven days.

CIGAR STORE BURGLARIZED.

There has been an epidemic of burglaries in the city during the past few days. A few days ago the store of H. B. Speers, on Fourth street, was entered and Friday night the cigar store was plundered of about \$300 worth of pipes, tobacco, etc. The thieves made a careful selection of merchandise and Peterson, an entrance was effected through a rear window where the wire screen was cut off and the glass broken.

REPORTS OF RIFLE MATCHES.

In the D.R.A. matches at Ottawa last week, Col. Sergeant Hodson and Corporal J. H. Regan, of the 101st, won prizes in the Balthers' match and Captain J. Carmichael and Sergeant D. McInnes, of the A.M.R., won places in the McDougall match. The final prize list of the Ontario Rifle Association, met at Toronto, shows that Col. Sgt. Hodson, of the 101st, won a place in the "Oster" match with 45 out of a possible 50 points, and that Sergeant McInnes, of the A.M.R., and Sergeant Carmichael, of the 101st, appear in the "Fitz-Brisney" match, the former with 45 and the latter with 37 points out of a possible 105. The telegraphic reports of these matches have been incomplete, inasmuch as they seemed to consider only Winnipeg, Vancouver and Victoria as being the homes of the "western marksmen," and ignored nearly all others.

RECORD BREAKER FOR RAILWAY.

Last week was a record one for the Edmonton street railway. During the first days of the fair 58,999 passengers were carried on the exhibition route. The Strathcona route also showed a marked increase, the maximum being reached on Thursday, when 7,410 fares were collected.

During the whole week 121,640 passengers were carried, and the total receipts amounted to \$5,340.00. The following tables show the number of passengers carried each day of the week and also the daily receipts:

Table with columns: Passengers, Receipts. Rows for Sunday through Saturday.

THE NORTHERN HARDWARE CO., LTD.

In another portion of this issue of the Bulletin it is to be found some display advertising relating to the merchandise of this successful firm. For a considerable time the Northern Hardware Co., Ltd., have been making strenuous efforts to attain a point of excellence in their hardware business that could not be equaled, although perhaps equalled. This standard has now been reached, and they are making a proud appeal to the farmers and others living outside the city to investigate this statement.

C.N.R. CROP REPORT.

The latest weekly crop report issued by the Canadian Northern Railway Company contains interesting reading matter, coming as it does at the approaching close of the season when the hoped-for harvest of the farmers will be shown to have been realized or otherwise. In this respect a great deal depends on the weather for the next few days. A short rain is a frequent complaint in the report. In most districts the crops are much better than anticipated. Threshing is in full swing in many places. Increased thrash reported will make up for a diminution of the average yield if any. Frost has done considerable damage recently, while at Warburg 200 acres have been damaged by hail and 100 acres totally destroyed. Generally speaking, however, the results shown can be expected to give general satisfaction.

PIONEER PASSES AWAY.

The death of Madame Joseph Latippe, nee Elizabeth Harnois, took place Sunday morning at her home on the St. Albert road. The deceased was 71 years of age and had come to this part of the country in 1837, with her husband and family, from St. Leon, County of Maskinonge, P.Q. At that time there was no railway line from Calgary to Edmonton, and to cover that part of the road meant to them twenty-six days of wagon travel. She was a pioneer in the true sense of the word. She had seen the hard beginning of Northern Alberta, including the half-breed rebellion of 1855. When immigration brought more people into the St. Albert district the Latippe house became a kind of stopping place, and numerous are the settlers who found in the deceased relief and consolation.

Your complexion as well as your temper is rendered miserable by disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by all dealers.

EMPLOYED AS OILER.

The efficient showed that Wendal was employed at the brick plant for the past five years to look after the oiling and the setting of the machinery. On Monday night about 7:30 he went up on some plank about a foot from the ground to hang up on a board a small belt that was running loose on the shaft.

HE WAS CAUGHT.

To do this he had to lean over the shaft and the result was that his blouse caught and he was whirled round with fearful velocity. The shaft at the time was running about 500 revolutions per minute and the force of his body broke a 6x2 and a 6x2 plank as well as two one inch steam pipes.

ROSS BROS. & CO., LTD.

It frequently happens that a firm catering extensively to users of outdoor implements and other articles necessary for constructional work has an opportunity of making some special announcement during the season worthy of notice.

COLONIZATION SCHEME.

A huge colonization scheme for the placing of thousands of the persecuted Jews of Russia in the broad acres of Northwestern Canada, a scheme said to be backed by the wealthiest and most prominent Jewish bankers of France, England and Germany is declared to be well under way, according to information vouchsafed here. Representatives of a syndicate working to this end have been in Western Canada for several weeks, making quiet inquiries as to suitable locations.

For a considerable time the Northern Hardware Co., Ltd., have been making strenuous efforts to attain a point of excellence in their hardware business that could not be equaled, although perhaps equalled. This standard has now been reached, and they are making a proud appeal to the farmers and others living outside the city to investigate this statement.

FELL TWENTY FEET.

Chris Creamer, who lives at 487 Second street, now lies in a serious condition at the General Hospital as the result of injuries sustained by a fall from a scaffold to a concrete floor beneath.

SCANTLING GAVE WAY.

About a quarter to twelve yesterday afternoon Creamer and a fellow workman named D. W. Beadman, were working on the same scaffold on the roof of the building twenty feet above the ground. A scantling gave way just as Creamer stepped on it and he fell headlong to the concrete floor beneath.

RIBS FRACTURED.

On examination it was found that almost all his ribs were fractured and that one of these had pierced the right lung. He was also severely injured internally and it is extremely doubtful whether he will recover or not. No blame for the accident is attached to anyone as it was entirely due to a scantling which secured the scantling pulling out.

KILLED AT BRICKYARD.

"We find that Bust Wendal came to his death at the Edmonton General Hospital as the result of injuries received at P. Anderson & Co.'s brickyard, Strathcona, from being caught in a shaft which we consider was not efficiently safeguarded. And we further recommend that the Provincial Government take steps to secure such legislation as will protect employees engaged on machinery."

This was the verdict at the coroner's inquest held last night to inquire into the death of Bust Wendal, aged 46, who died at the General Hospital yesterday morning as the result of frightful injuries received the previous night. The coroner, the jury was W. H. Gardner and the inquest was conducted by Coroner Dr. Farin.

WHOLESALE TRADE IS GOOD.

Business in Retail Lines, Excepting in Eastern Part, Has Been Best Ever Since the Wheat Crop, 25,000,000 Bushels, is in Excess of Predictions. Wholesale trade in Canada is steady and business in retail lines, save at the east, is good, says Bradstreet's of Aug. 29. However, some points report dealers holding off, and merchants in sections where crops have not turned out well are disposed to carry lighter stocks.

GRAND TRUNK BUSINESS OFFICE EDMONTON.

Stands for Better Shorthand Education. It makes a Specialty of Shorthand—Gregg Shorthand. You should get particulars about this splendid course for the fall term.

STILL LOOKING FOR TAGGART.

Not Likely That Murder Charge Against Miss Leneve Will Be Proceeded With. London, Aug. 30.—Crippen is in the hospital of Brixton prison. His illness is said to be not serious, but to be due to nervous reaction following the strain he has undergone. It is not likely that the charge of murder against Miss Leneve will be proceeded with.

FOR GOVERNMENT HOUSE?

Ottawa Hears New Vice-Regal Residence Will Be Acquired. Ottawa, Aug. 29.—That it has been decided to purchase a new residence for the Governor-General in Canada has about outlined its usefulness and that plans are already under way for the erection of a new Rideau Hall on a new site, is the latest story in Government circles.
