Young? Yes-the oldest Ford is just ten years young this month. And its youngest brother is the choice of the lot-a better car than those we built not long ago and sold at nearly twice its price. Big production makes the Ford price low.

VANCOUVER TWELVE

June 20—President Con Jones, of the
Vancouver Lacrosse club, announced
this morning that Harry Hyland, the
hockey and lacrosse star of Montreal,
will leave for the coast tonight, his release having been purchased from
President Fleming of the Torontos.

Hyland belonged to Westminster at
the beginning of the season, but went
back east in the sareoment which
breught Buck Marshall out here. He
has not played this season and is gled
of an opportunity of returning to the
coast, where he will have an opportunity of getting into active service,
ness on his team, and he gets if in
bunches in the acquisition of Hyland.
It is unlikely that "accidents" similar
to those which happened to Newsy Lalonde and Nick Carter will happen to
Hyland. Harry is full of energy, and
speed and will add greatly to the
strength of the Vancouver home. The
Westminster team know him well
amough to appreciate his system of play

The Baseball Situation

ASEBALL in Western Canada was never in more of a muddle than at the present time. The very life of the league is threatened by the drastic actions of President Gray. The next few days will decide it all. It is either to make or break. If President Gray goes through with his plans and is successful in carrying them out then the league will undoubtedly be better and stronger than ever. If, however, he is not backed up by the league moruls at the next meeting then the league will probably dispand. It is practically impossible for any other man to take hold of the league right here and make it go.

Saskatoon players have gone out on strike. The team and its manager are at present in Saskatoon.

Manager Whisman of Edmonton has been suspended for evading the salary limit. The Edmonton team is still in Edmonton, having no team with which to play.

The Regina Club has been fined \$100 for sending threatening telegrams to President Gray. Manager Hulen has been fined another \$100 for refusal to out down his squad to twelve men. The Regina team is at present in Medicine Hat Moose Jaw, Medicine Hat and Calgary are all in good standing.

President Gray is on his way east where he will call a meeting of the league executive. The meeting may held today or tomorrow. Upon the action of this meeting will depend the life of the league.
