The Manchester Cereal Company's
factory at Ingersoll was burned on
Thursday night. The loss is about
\$20,000.
Flour is easily and quickly checked with
Dr. Shoop's Magic Ointment. To prove
it will mail a small trial box as a
convincing test. Simply address Dr. Shoop,
Racine, Wis. I surely would not send it
free unless I was certain that Dr. Shoop's
Magic Ointment would stand the test. Re-
member it is made expressly and alone for
eczema, psoriasis, bleeding or itching piles,
either external or internal. Large jar 50c,
Sold by G. W. Ling.

THIS IS THE SHEET METAL AGE

All that is necessary to make a factory, warehouse, barn, shed or outbuilding of any description, wind, water, fire and lightning proof is to cover it with

Galt Corrugated Sheets

Made of the finest corrugating iron procurable; they will give at least fifty years satisfactory service.
Corrugations are not rolled, after the usual method. They are pressed, one corrugation at a time. This assures perfect uniformity—an accurate fit at both side and end laps.

Sold only by
The J. B. Crawford Co.

NOT FAR FROM HOME

News Gathered From Our Exchanges and Various Sources

The religious census of Ridgeway shows the population to be a little over 2,000.

A number of cases of small-pox have broken out in Ridgeway, Howard and Harwich.

Mrs. Vabslack, of Dunville, is dead, aged 104 years. She had lived in Dunville for over half a century.

Chatham was visited by a terrific thunderstorm on Wednesday night, but no damage of any importance was done.

Joseph Laforet, a bartender of the Essex House, Windsor, was fined \$20 and costs for supplying liquor to a minor.

An old and esteemed resident of Delaware township died Wednesday at the family residence, concession 1, in the person of John Johnston, aged 71 years.

The Hobbs Mirror Plate Works, London, were destroyed by fire on Thursday evening. The loss is estimated at \$300,000, with an insurance of about \$240,000.

The private bank of James McMurchison was broken into on Wednesday night and the safe blown to pieces and everything taken. The amount of the loss is not known.

Minnie Sherk, aged 17 years, died suddenly Thursday morning in the Wingham High School while in the act of removing her rubbers in the cloakroom. Heart failure was the cause of death.

Thos. Ready, of East Nissouri, was assisting a neighbor in tearing down a barn when he fell to the ground, a distance of eighteen feet, and broke both arms, besides having both wrists dislocated.

Charles Sells and Fred Yocum, of Tillsonburg, were sentenced to five years in Kingston penitentiary Tuesday by Judge Finkle, of Woodstock, for holding up and robbing Dr. Birks, of Tillsonburg.

Charles Williamson, who for forty years has conducted a grocery store in Chatham, dropped dead at his store, the cause being heart failure. He was 59 years of age, and is survived by his wife and two sons.

Nolas Bornais has issued a writ against Tibury North township, claiming \$5,000 damages for the drowning of his 18-year-old son in Big Creek, during a period of high water a few weeks ago, and claims that the road is insufficiently protected. The council claim that while pathmaster of the division in which the road is located, he never recommended better protection.

Mrs. Elizabeth Spence, Howard, was found dead in the stable Wednesday evening, where she had gone to do the evening's milking. She was alone at the time and it was not until her son arrived home that her death was known. Deceased is survived by three daughters and one son. She was in her 66th year and had always enjoyed the best of health. Heart failure is supposed to have been the cause of her death.

Archibald Graham, one of the last original pioneers of Moss, died Tuesday after a few days' illness, aged 84 years. He came from Scotland to Canada in 1831, and moved to Moss with his father in 1833. He resided for 75 years continuously on the farm on which he died. In religion he was a lifelong Presbyterian, his father having donated the land on which St. Andrew's church was built in 1862. Mr. Graham is survived by his wife and a family of eight sons and daughters.

Croup positively checked in 20 minutes. Dr. Shoop's 20 minute Croup Remedy acts like magic. No vomiting, nothing harsh. A simple, safe, pleasant, dependable croup syrup. 50c. G. W. Ling.

AUTO RULES FOR ROAD.

Report of Special Committee Appointed by the Legislature.

Toronto, April 2.—No restriction of the days or hours during which the roads may be used by automobiles.

Chauffeurs must be licensed.

When cars are above 25-horsepower the chauffeur's license fee shall be \$10 per annum. For other machines it will be \$5.

That imprisonment be not included in the penalties provided for infractions of the law.

The question as to what a chauffeur should do on meeting a horse vehicle was not determined. It was proposed that the car must always be stopped and the motor as well, unless signaled otherwise by the driver. The Bowyer bill, providing for stopping on meeting funerals, was adopted.

The foregoing are the findings of the sub-committee on automobile legislation.

CANDY PRICES GO UP

The all-day sucker won't last as long. The peppermint stick will be abbreviated and there will be more room for candy in the grab bag. Candy prices are to go up.

At a meeting of confectionery and biscuit manufacturers from all parts of the Province, held at the Queen's hotel, Toronto, Thursday afternoon, it was decided to form a branch of the Canadian Manufacturers' Association, partly for the sake of getting the benefit of the tariff of freight rates which the Association has with the railways.

It was decided to raise the price of candies one-half cent a pound to the retailers, owing to the increase of 5-8 cent per pound in sugar.

Mr. J. McLachlan, Owen Sound, one of the men at the meeting, states that business has fallen off practically one-half owing to the general quietness of trade. The business had grown immensely, however, in the last ten years, the output in some lines having fully doubled in quantity.

METHOD OF TESTING SEED CORN.

One method of testing corn is accurate, simple and quick, and may appeal to the busy farmer at this season, says a writer in the Gazette.

Take a piece of cheesecloth 10 ins. by 20 ins.; mark it into 200 one-inch squares, using a straight edge and pencil; place the cloth under it; then stretch all these lines on the sewing machine. With a sharp pen knife cut the cloth on the upper side of every other row of 10 squares running across the plot, thus making 100 inch squares, the pockets all opening on the same side.

Next prepare 100 ears of the corn to be tested, tipping and butting the ears and smoothing the butt of the cob with a knife. Then prepare 100 squares of paper numbered from 1 to 100, mark an ear No. 1 by passing the numbered slip on the smoothed end of the cob; place a kernel from that ear in the left-hand corner pocket of the tester and continue down the left hand row to the bottom, marking each ear to correspond with the number of the pocket, counting from the top down; then the second row top pocket will be 11 and the right-hand top pocket 91. Now lay the tester in a shallow box of sand, cover with another sheet of thin cloth and then with an inch or two of sand. Keep it moist and warm for five days, when on removing the tester from the sand the vitality of each individual kernel will be easily discernible and all defects easily and quickly traced.

SEEDING HAS COMMENCED

MacLeod, Alta., April 3.—After a period of three weeks of stormy weather spring has finally come, and farmers are busily engaged to-day in putting in grain and plowing.

Prospects are bright for a splendid crop, as the storms during the winter and especially during the last few weeks, have left the soil in excellent condition. Fall planting shows a healthy growth. Experienced farmers say that the conditions for a big crop this season are better than any they have ever known here.

THOSE STUNNING HATS

Aylmer Express.—Easter Sunday, April 14th, is being looked forward to by the male section with fear and trembling. Some of the hats which the dear girls are buying are large enough to block the view of a whole row of seats in the rear. They are no doubt beautiful, stunning, bewitching, captivating, etc., but they will also be a blamed nuisance sometimes.

The Molsons Bank, Dutton, adds interest 4 times a year. \$1.00 opens an account.

DUNWICH COUNCIL

Minutes of regular meeting of the township of Dunwich, held in Dutton on Monday, all the members present.

By-law No. 695, for appointing certain officers for the year 1908, was read and passed.

By-law No. 696, giving permission to the trustees of the Methodist church at Wallacetown to cut down certain trees and remove the same, was read and passed.

McCallum—Dromgole—That the ward appropriations for 1908 be as follows: \$650 for each ward, tile and cement to be paid out of appropriations; Currie road, south of railways, \$200; Currie road, north of railways, \$100; Willey's sideroad, south, \$50; Stacey's sideroad, north, \$50.—Carried.

Gov—Dromgole—That Councillor McCallum be appointed to examine the matter complained of by Angus Munn and report at next meeting of council.—Carried.

McKillop—Gov—That a cheque be granted to Joseph Brown for \$50, being settlement in full of claim to date for damage to his crops, owing to water flooding his farm.—Carried.

Dromgole—McCallum—That the collector be instructed to accept \$6.36 in full for taxes from Mrs. Sarah Carroll for the year 1907.—Carried.

Dromgole—Gov—That the clerk be instructed to advertise for tenders for filling the grade at the Deadfall creek.—Carried.

Gov—McCallum—That Councillor Dromgole be authorized to make the necessary repairs to the 10th concession bridge and also to the lake road bridge.—Carried.

The following cheques were issued:

H J Hales, sheep killed by dogs.	\$ 5 00
Alex. Graham, shovelling snow.	2 00
J Marshall, shovelling snow.	3 00
D McKillop, to pay sundry persons ditching on Deadfall hill.	1 50
J Patterson, filling washout.	1 50
A G Duncanson, telephone and work.	4 25
M Graham, gravel in 1907.	10 40
M Hooley, shovelling snow.	1 50
A McKillop & Sons, plank.	12 60
J A Campbell, three months' salary.	31 25
D A McNabb, three months' rent of office.	18 75
Duncan McIntyre, rep. culvert.	2 00
J B Coates, sheep killed by dogs.	7 00
Joe Brown, settlement in full of claim for damage.	60 00
J Dromgole, councillor.	2 25
T McCallum, councillor.	2 60
W W Gov.	3 40
A D McKillop.	3 50
A McLachlan, revee.	3 70
David Dobie, burving horse.	1 50
D O McKillop, collector.	95 00

The council adjourned to meet at Wallacetown on May 4.

NECK BROKEN BY FALL.

A fatal accident occurred on the Wabash bridge at St. Thomas on Saturday evening in which an Englishman named Walter Dawson White was instantly killed.

He was crossing the structure and seeing an engine backing down he made a sudden move to get off the tracks, when his foot caught in some projection and he toppled over and fell a distance of some sixty feet. When picked up his neck was found to have been broken and his body crushed and bleeding.

The poor fellow is evidently well connected in the old country and his life has been a chequered one.

He is the son of Wm. White, Fayette Parish, near Horsham, Sussex, England, and was in his 34th year. He was a university graduate and a medical student when the Boer war was in progress. He enlisted as a gunner in the Royal Artillery and on his arrival in Africa he was placed in charge of the surgical work in a stationary hospital there.

At the close of hostilities he returned to Brighton, where he received a clerkship, and a year ago drifted to St. Thomas, where he secured employment as fireman on the M.C.R., and later was working digging sewers.

His wife and mother, who are his only survivors, were about to join him next month, but will now be advised of the accident. He was practically penniless and his fellow-countrymen in St. Thomas are seeing that his remains will be properly taken care of and given a decent burial.

CATARH NOW CURABLE.

But Never By Medicine Swallowed, Snuffs, Sprays or Douches.

Catarh is not a blood disease and that is why it cannot be cured by any medicine taken into the stomach. Catarh is a germ trouble contracted from the germ-laden air you breathe inward. These germs fasten themselves in the tissue and air cells of the breathing organs, multiply by millions, cause sneezing, coughing, raising of mucus, discharge from the nose, difficulty in breathing, hoarseness, dryness and stoppage of the nose, tickling in the throat and other symptoms that can only be reached by the dry air principal of Hyomeo.

It mediates the air you breathe with the curative properties of the Australian Eucalyptus Forests where catarh is unknown.

The reason you get relief in a minute or two from Hyomeo is because it destroys every catarrhal germ in the air you breathe, and its dry penetrating aroma will reach the innermost recesses of the air passages, killing millions of germs a minute. Their destruction means freedom for oppressed respiratory organs. R. P. Reekie sells Hyomeo under a guarantee of satisfaction or money back. Price, \$1.00

Dr. Shoop's Rheumatic Remedy

G. W. LING.

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible, but I can now surely kill the pains and purg of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made, a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, I can cure all curable cases of this heretofore wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual cause to suffer longer without help. We sell, with confidence recommended.

Dr. Shoop's Rheumatic Remedy

G. W. LING.
