PORT STANLEY NOTES

Port Stanley, Aug. 9.—Mr. Drake and family, of St. Thomas, took a run down to Port and stayed at Hill Crest. Mr. and Mrs. Duncombe, of Orchard Beach, left for Cleveland Saturday.

Mr. Wm. Hyman has taken the cottage of his brother, Mr. Charles Hyman, for August.

Mr. Cloyne Higgins, who is summering at Erie Beach, has gone up to London for a few days.

Miss Aggie Lindsay, of St. Thomas, is visiting friends at Orchard Beach.

A picnic from Hagersville was the programme of yesterday. Four cars loaded with the crowd, who, after taking the train around to the beach, were conveyed by the elevator to the hill, where they spent the day.

A party from Hill Crest spent yesterday in St. Thomas. They drove up in the afternoon and stayed until the fireworks were over, about 11:30 p.m.

Mr. J. T. Luckie and wife have arrived to spend August at Port.

Mr. Nesbitt and family, who have been summering here, leave for their home in Toronto today.

Mrs. Dimick, of Toledo, will spend several weeks with her friend, Mrs. Flagg.

Mrs. Brown and her sister, Mrs. Wyatt, who, for the past few weeks, have been residing at Towhee House, have left for their home in London.

Mr. J. E. Adkins, of London, left for home today.

Mrs. Miller, of New York, and Mrs. I. J. Goble, of Brooklyn, are staying at Erie Beach.

Mrs. D. H. Steele, of Port Stanley, received word to go to Brussels, Ont., where, she is informed, her father lies very ill.

Mrs. M. J. Legate and family have taken a place at Erie Beach.

Mr. R. A. Robbins, of St. Thomas, has vacated his cottage at Erie Beach.

Mrs. (Dr.) Hadel, who has been staying at Mrs. Ellison's, has left for her home in Detroit.

Mr. and Mrs. Charles Morley are visiting Mr. Morley's mother, Mrs. A. C. Morley, at Port.

The picnic party from Dexter, Boxwell, Fingal, Union, Sparta and Mount Salem visited the Fraser Hill today.

The Flora made a number of excursions for the convenience of the picnicers, and everybody seemed to be having a jolly time.

The Kalamity Kampers made an excursion the other day. They left Port about 4 a.m. on the steam yacht Laura, and arrived in Port Burwell about noon, where they had dinner, and went to Bruce. After having supper at one of the leading hotels of the latter place they started for home, where they arrived about 1 a.m. next day. All gave evidence of a delightful trip, except one—Kalamity, who, while sitting in the dangerous place in the yacht, collided with a shore-bound wave, which gave him a genuine ducking.

Mrs. Nesbitt, who has been spending some time with Mrs. Flagg at Orchard Beach, left for her home today.

Miss Katie McFadden is visiting friends here.

Miss Clara Moore is a guest of Mrs. Trell Duncombe.

Three young men, who decided upon going frog-hunting, caused considerable excitement here. They started upon their expedition about noon today, and did not arrive home until late in the evening, much to the alarm of their parents.

Upon their return, by their statements, great things had happened. They had been attacked by an eagle of monstrous size, and by great snakes, besides wild boars, etc. They showed three pairs of frog legs as a result of their wonderful trip.

A woman caused much commotion today in the vicinity of the station. She had procured a little too much fire-water, and its effects upon her proved very alarming to many a peaceful citizen. After drinking the liquor she obtained a revolver, and ran around the platform of the station waving the dangerous weapon like a train signal.

However, she did no damage, and with little resistance she was taken home.

The boys of Camp Death left for home Saturday night.

The first vessel that will arrive in the new slip-dock is the Shenango No. 2 from Cleveland.

Masters Douglas and Gordon and Miss Pearl Campbell wheeled to Port from Rochester today. They will spend some time with their uncle, Mr. Campbell, of Orchard Beach.

felt was not being caused by the Delaware lager. Rau replied "No," and then gave an account of several other mysterious works he had performed. Last night Rau was not satisfied with the day's hunt, and went out this morning, telling the police authorities that he would acquire the "mystic chart" all night. He promised to return this afternoon, and if he should not have the body he would acquaint the farmers in the vicinity where the tramp lay dead and let them search their own woods.

The police look with interest for his arrival this afternoon.

A \$1,300 CONTRACT

Awarded to the London Electric Company.

The Wiring of the New Hospital Partly Arranged For—The Committee Undecided About Putting in Conduit—More Tenders Called.

Tenders on the modified specifications of the wiring of the new hospital were received from the Rogers and the London Electric companies by the hospital building committee last night, and discussed for a couple of hours before the contract was awarded.

The Rogers Electric Company offered to do the work for \$1,246, with \$450 extra for complete switchboard, with all switches and instruments as originally specified. The company also agreed to do all the work first called for by Mr. Wilkes for \$2,300—\$76 lower than the lowest tender offered on Monday night.

The London Electric Company offered to do all the wiring called for in the amended specifications for \$1,300, and to place one marble switchboard for the power plant, with instruments and switches, wires for power conduit to laundry, main wires from generator to switchboard, and from switchboard to feeder wires of public vendor, for \$600 extra.

On motion of Ald. Jolly, the latter tender of \$1,300 was accepted.

Messrs. Rogers and Hunt, representing the tenderers, were present, and when asked to give prices on conduit fencing from the specifications, the procedure was characterized by Ald. Jolly as "very unfair." "Stick to the specifications," he said, and then did.

Messrs. James Grant and Frank Love, representing the Armorie Conduit Company, of Pittsburgh, Pa., urged that the conduit system be adopted.

The article made by the Armorie Company was conceded to be the best made. It was approved of by the undersigned of New York, Chicago and other American cities, and insured absolute safety from fire. It also gave permanency to the system. The patient kind of conduit, finally, on motion of the mayor, it was decided to ask for prices for putting in the several kinds of conduits.

Ald. Jolly wanted a meeting of the city and county council committees arranged to consider the amount of stock to be taken by the county in the hospital. It will not be held until all the tenders are in, and the total cost of the building can be arrived at.

Some of the members were Ald. Carrothers (chairman), McPhillips, Wilkey, Jolly and Hunt, Mayor Wilson and Secretary Bell.
