Steamship Lines Unaffected By Germans' Dastardly Attack On Lusitania.

[Canadian Press.]

New York, May 11.—No general canellation of the sailings of steamers or f passages engaged from New York to European ports has followed the sinking of the Lusitania, according to agents of teamship lines here. They say, however, that there has been an increase in the popularity of vessels flying neutral flags. The fact that the American Line has stopped booking third-class passengers for the St. Louis, which is due to leave here Saturday, was cited as an evi-

Why People Feel Depressed

In the Cold Weather Why is tiredness and languor so prevalent just now? A physician explained that the cold of winter drive blood from the surface of the body the whole blood supply is in the liver, and when more blood is accumulated in that organ everything goes wrong.

No better remedy exists than Dr.

Hamilton's Pills, which are composed of such vegetable extracts as Mandrake and Butternut, and possess wonderful liver stimulating powers. It's a marvel the way Hamilton's Pills clear the blood of the poisonous humors. They put new life into wornout bodies, build up the appetite, bring back a reserve of nerve energy, tide folks over the cold days of winter and the appetite of spring laws of spring. the depressing days of spring. On the present voyage the Lusitania carried 5,400 cases of ammunition, while the rest of her cargo also consisted chiefly of contraband. PIANO SAVES

MOTHER AND SON QUEENSTOWN, May 10.—F. M. Lassetter, an officer of a Scottish regiment, who was wounded early in the war and had been on a voyage of three months to recover his health, was saved, together with his mother, by the saloon grand piano of the Lusitania, on which they floated for three hours. Mr. Lassetter says he came up near his mother after the boat went down and sighted the plane, floating with its legs up. He lifted his mother on the piano and then climbed aboard himself. They found the unique craft well above the waves and perfectly seaworthy when taken aboard the trawler than most of those persons who had been in lifeboats.
