Tax Rate Below 35 Mills Assured :: Western Floods Cause Heavy Damage

RATE BYLAW NOW BEING PREPARED

Council Will Meet in Special Session Tomorrow Night To Settle Levy.

City officials were today preparing a bylaw to provide for the striking of the tax rate and fixing of the estimates for 1925. The estimates will be settled tomorrow night at a special meeting of the city council, and the tax rate will be struck then. A rate of less than 35 mills, pos-sibly 34.5, is almost definitely assured now that the board of education's

That is the oninion of J. D. Omond, of the London Life head office, who spent some years in Jubbulpore, Central India, in Y. M. C. A. work there. "The story of the 'untouchables'

goes back a long way." Mr. Omond clearly understood by a great many people in this country. Over 5,000 years ago when the Aryans came down from the north, and conquered the country, they set up a social order that has developed through years into the present caste system of India. They found that there were those who had the gift of song, and tract the London and Western Ontario traveller this summer, if all veloped into the high caste, the Brahmans. Those who were able-bodied are consumed by fire, and fitted for purposes of war were made to fight, and those not so strong Special rates to the coast are in vogue on both lines after the middle were allowed to do nothing but the others, such as tradesmen, etc., but of May, and both C.
