

BILIOUS and SICK HEADACHES

ARE CAUSED BY CONSTIPATION

Once you allow your bowels to become constipated you will become troubled with bilious and sick headaches, and for relief you must help your liver to remove the poisonous bile that is circulating in the blood and upsetting the entire biliary system. For this purpose there is no other remedy to equal

MILBURN'S LAXA-LIVER PILLS

Mrs. L. G. Nethercott, R. R. No. 1, Crinan, Ont., writes: "I was awfully troubled with constipation, and sick and bilious headaches, accompanied with severe vomiting spells, which made me very miserable. I tried different remedies without relief, but since taking Laxa-Liver Pills the headaches and constipation have disappeared, and I am very thankful for what they have done for me."

Disease Germs Doomed

Many have lost terrors for the Scientist

The progress of recent years in medical research is little short of marvellous. Daily, science kills germs by the million. Daily, new ones are being discovered, isolated and exterminated by the march of medicine.

Science is winning. What were once regarded as serious diseases are now laughed out of countenance by the doctors. Fearfully they plunge naked hands into swarms of them, their only precaution being to rinse their hands afterwards with a reliable germicidal preparation. We are witnessing the birth of an era when the world will have little to fear from microbes.

Absorbine Jr., besides being the all-purpose liniment that removes pain and soreness, and hastens healing, is a powerful antiseptic that is death to the microbe world.

Absorbine Jr. is just what is needed in the house in case of accidents and to correct the many little household hurts that constantly occur. \$1.25, at your druggist.

THE WORLD'S GREATEST MONUMENT.

It is indeed a soulless people who evince no desire to perpetuate by some means, the memory of those who have performed signal service to their race. It is a duty which the living owe, not only to the memory of honored men and women, but as an example to the generations of the present and the future.

London, Paris, Athens, Rome, Washington, Ottawa, all capitals and great cities of the civilized world have many monuments of stone and bronze in honor of men and women who have contributed to the greatness of their nation and to the betterment of their species.

It has remained, however, for Canada to choose a monument which will outlive the Pantheon, the Nelson column in Trafalgar Square, and beside which the towering shaft to Washington is dwarfed into insignificance.

Mount Edith Cavell, a glorious monument to a glorious woman. As long as the hills stand, it will remain, its snow-plumed crest rising high above the Athabasca Valley in Jasper National Park, Alberta, to meet the skies in an eternal challenge. Given thousand feet and more it towers in solitary majesty above its sister peaks, truly emblematic of the solitary majesty of and, it is believed, one morning walked to her place of execution, a martyr to unwavering loyalty to her native land and devotion to her calling. On the side of Mount Edith Cavell rests a glacier. At Jasper Park Lodge it is mirrored in the opalescent waters of Lac Beauvert, like a great angel with outspread wings hovering in benediction over the magnificent monument to a woman whose heroism will always be a golden page in the history of a nation of many valorous deeds. Ask any Canadian National Agent for Jasper Park literature.—Adv.

MYSTERY SURROUNDS DEATH VERDUN WOMAN

Believed To Have Been Poisoned or Asphyxiated—Two Children Ill.

Montreal, May 7.—Mystery surrounds the death early this afternoon in her home at 317 Gordon street, Verdun, of Mrs. W. V. McNally, aged 25, who was found dead on the floor by a caller. It is believed the woman was poisoned or asphyxiated. Her young baby and an older child are both ill. There was an odor of gas in the house. When the police searched the house they found a 20-ounce bottle of tincture of flowers of ammonia almost empty. Neighbors declared the woman was full yesterday. It was said the elder child was reported in no danger, but the two-year-old baby's condition is considered critical. The husband of the dead woman, when apprised of the tragedy, locked himself in a room and refused to talk.

London Lions last night listened to a selection of international anecdotes that was voted by the club to be the funniest ever heard at a Lions meeting. A. B. MacDonald was the author of these yarns, and was aided and abetted in his efforts at entertainment by A. M. ("Scotty") McCullough at the piano, who produced several songs in complete harmony with the MacDonald jokes. Last night's meeting was the largest the club has had for many weeks, and several new members have rewarded the efforts of the membership way.

GOVT. NOT TO APPEAL INCOME TAX DECISION

Will Make No Further Effort To Levy On Bootlegger's Profits.

Special to The Advertiser. Windsor, May 7.—The federal income tax department at Ottawa has decided not to appeal from the court decision, favoring Cedi R. Smith, so-called bootlegger king. Word to this effect was received from Ottawa by George D. McEwan, who fought Smith's case before the supreme court of Canada after the exchequer court decided that his client was liable for federal income tax on profits made from his bootlegging activities. Smith was taxed for \$28,000 by the department, which added penalties and interest payments until the original sum assessed against him in 1920 had swelled to over \$40,000.
