-The message of President Roos velt to Congress on its convention couple of weeks ago to consider the

reciprocity treaty with Cuba appears another page of this issue. Some of the things said regarding U. S. are interesting, not only from have on our trade with Cuba, but also n the new element it introduces in to the U. S. trade policy.

this week an editorial article from the Maritime Merchant, entitled "Problems for Our Boards of Trade to Handle.' This enterprising trade journal sugnber of ways in which Board of Trade may be of use to the city or town in which it is situated, it to the thoughtful attention of our readers. There are in this province boards of trade, the work of which entitles them to the gratitude of the whole province. There are others that have effected little, but if kept active they too may be the means of bringing something to pass that will prove of value not only to their own town

-The Halifax Morning Chronicle style attacks all those Canadian news papers, "Grit as well as Tory," that ing the problem of Canada's future While the mere mention of the U. S. treason the Chronicle thinks it perfect right to discuss secession from the Empire. Once this was secured, peacebe in order to effect another peaceable agreement with the U.S. However, sages that occur only too seldom in the Chronicle, and will bear repetition. Such for instance as "Canada is, and always has been a British country. Its people are Britons. "The Union Jack, the fleg of our 'for fathers, is our flag. Edward, the "descendant of the kings of our fore-"fathers, is our King."

ticular attention to the communic of "Parent" in this issue. It deals with a subject of vital importance, not only to all interested in a general of more particular moment to those who wish to keep their own children pure and as free from every form of vice as is possible. Science has proved that the injurious effects of tobacco are much greater in the child than in the grown person, stunting both their mental and physical development. To allow others of their own age to include in the use of this poisonous are of the poisonous are of the poisonous are of their own age to include in the use of this poisonous are of those who will contain the grown person, stunting both their mental and physical development. To allow others of their own age to include in the use of this poisonous are of those who will contain the grown person and provided in connection with the management of a lumbering business in Newfoundland — Monetary Times.

—The Presbylerian Witness, which was established by the late James Barnes, is about to become the proparation to be given in about three weeks, the proceeds of which are to be devoted to the annual Christmas tree and supper for the poorer children of the town. About thirty children take part in the program, which is under the able and energetic management of Misses Annie Kinney and Carolyn Piper, assistence where the program which is under the able and energetic management of Misses Annie Kinney and Carolyn Piper, assistence where the program which is under the able and energetic management of Misses Annie Kinney and Carolyn Piper, assistence where the program which is under the program, which is under the able and energetic management of Misses Annie Kinney and Carolyn Piper, assistence where the program which is under the able and energetic management of Misses Annie Kinney and Carolyn Piper, assistence where the program which is under the program, which is under the program which is under the program which dulce in the use of this poisonous ar ticle around our streets or school all classes to a dangerous contamina tion. The letter referred to is timely and its suggestions should be prompt-

foremost apple growers to create comhas been cowned with suc fine steamers of the C. P. R. will be fax on Jan. 8th. The fact that this competition was being established has no doubt, already had a beneficial effect on the fruit carrying service this season. If, however, our farmers fail to extend the required patronage to the new line they will no doubt withdraw their boats, and the service will lapse into its old inefficient state. We would like to direct the attention of to the letter of T. A. S. DeWolfe, to be found in this issue. The present eason is certainly a good one in which to make the experiment of new line of fruit carriers.

A Wrong Assumption.

A special number of Industrial Canada contains the following editorial: The Winnipeg Free Press, the leading Liberal newspaper of Manitoba, refers to the Canadian Manufacturer Association as a Conservative orgarization. The Liberal leaders evidenty do not regard it as such, for they have no hesitation in attending ban quets of the Association and express ing sympathy with the aims of the zation. Anyone who will look over the list of speakers at the varous banquets of the Canadian Manufacturers' Association during the past two years will find that there have always been a number of the most prominent Liberal leaders at these panquets. At the banquet given in the King Edward Hotel, Toronto, or the occasion of the last annual meeting were such prominent Liberals as Hon. Geo. W. Ross. Premier of Ontario, Sir William Mulock, Postmastr General of Canada, and Hon. William Paterson, Minister of Customs. As a matter of fact the Canadian lutely non-political. It includes among its members many Liberals as well as political parties with absolute impar-

the Association is to raise the question alove the plane of partisun polthe established policy of this country, no matt r what party is in power. During the past year an effort has this question. The campaign was begun at the suggestion of Hon. W. S. Fielding, Minister of Finance in the Laurier Government. Replying to man increase in the tariff, Mr. Fielding said: "Educate the people." He inti-mated that if the manufacturers would educate the people to believe in higher protection they might get what they wanted from the government. tion, and because they have done so the Free Press alleges that the Asso-

age, and the body was sent to its native place, Port Maitland, for interment, his brother accompanying it. Mr. Parry was an exceptionally amiable man, illustrating in his daily life the Christian doctrines of goodness, and humility, everywhere endearing himself to all over whom he had pastoral charge. He was ordained in 1877 and his successive pastorates were Chegogorin. Lockeport. Ohio. trous to Granville street.

> -The Bishop of Nova Scotia pur poses spending Sunday next, 29th inst., in St. Clement's Parish. The services will be in St. John's Church, Bear River, at 10.30 a. m., with the celebration of the holy communion; St. Matthew's Church, Deep Brook, a 3 p. m.; and in St. Edward's Church Clementsport, at 7 p. m. It is to be expected that the Bishop will preach at the two first services, while there will be the administration of the Scriptural Rite of Confirmation at the evening service in Clementsport.

> -Local merchants can only succeed by advertising in the local paper. This is a generally conceded fact. The local paper is not only the town's directory, but it is an index to the town's financial and social standing When a business man withdraws hi advertisement from the local paper, it is a sure sign of decay and a pretty good indication of failure to Neglect on the part of a merchant t advertise means that in the race for patronage he will be left away in the

struction work of the Halifax and South Western Railway, near Bridgewater, on Saturday, which killed a workman named Asa Weagle, and in jured three others. Weagle was thawng dynamite. He took a stick of dynamite from a pail of hot water and put it into another which was standing on a hot stove. An explosion immediately followed, which disembowelled Weagle. He lived for six hours, and refore he died he made a statemen that it was all his fault and that h had been warned. This is the second accident of this nature that has oc curred on the South Shore within a

few days. -The regular train service will begin shortly on the Calcdonia branch of the H. & S. W. Railway. The plan is said to be to start the train from regular from Lunenburg at New Ger many, and after transferring traffic bound north, to proceed to Lunenburg. Returning the train is to leave Lunenburg in time to meet the after noon regular from Middleton at New Germany, and proceed to Caledonia, where it will stay all night. The ser-vi e between Caledonia and New Germany is to be daily, but at present the service to Lunenburg will be but three days of the week. Baggage Mas ter Foster is to be in charge of the new train, but the crew is not
