

FIGHTERS FOR FREEDOM

STAFF SERGEANT CHARLES BAGLEY.

Enlisted in the 40th Battalion at Halifax August 6th, 1915 at the age of 40 years. After receiving preliminary training in Canada he sailed from Quebec for overseas in the Autumn of the same year. During his year of service in England he was promoted to the rank of Staff Sergeant having gone overseas as Lance Corporal.

In December 1916 Staff Sergt. Bagley proceeded to France. Here he was on active service for many months. He answered the call of his country through a brave spirit of generosity, for being over the age limit he was not obliged to go. He felt that the services of every man were needed to meet the great crisis, and his constant promotions are a proof of his earnest desire to serve his country. Previous to his enlistment Staff Sergt Bagley had been in the Government employ.
