SECURE A FREE HOMESTEAD OF 160 ACRES!

And give you facts regarding successful farmers that will surprise you.

The Canada Northwest has the most productive soil in the world. Its wheat fetches the highest price; its live cattle are admitted to the English markets while United States cattle are not. There is a market for the farmer at every station; and there are schools and churches wherever there are settlers. It is not subject to drought, nor floods, nor grasshoppers or to cyclones or tornadoes. Ask any Canadian Pacific Railway agent for Books and Maps concerning it; ask for "Farming and Ranching in Western Canada," or the "Free Farm" map, or "Actual Experience," and read the testimony of men who have gone there from Eastern Canada. Young women are in great demand, they find occupation as domestics directly they arrive, and readily get married to prosperous young farmers. Young men or young women can start life there almost without money. They make the money there, an independence is gained in a very few years by the thrifty.

The old settlers of the Maritime Provinces should use their influence with the young men who intend emigrating to keep them within the Dominion, where they are offered better advantages than in the United States, and do not lose their nationality. Lose no time in getting to the West and choosing your location. First come, first served.
