

SPARKS.

The Galt, Preston and Hespeler Electric Railway carried 13,000 passengers and 800 tons of freight during the month of March.

An electric trolley road has been built at Kyoto, Japan. Tokio, Yokohama and Osaka have decided on adopting similar lines.

The Toronto Suburban Street Railway Company propose extending their line from Toronto Junction to Lambton Mills and Islington.

Messrs. J. E. Flood and J. W. Burke, of New York, are interested in the construction of the proposed electric railway at Sherbrooke, Que.

The Niagara Falls Electric Light & Power Co., of Niagara Falls, Ont., have awarded the contract for a 5,000 light incandescent plant to the Canadian General Electric Co., Ltd.

An electric railway is projected to run from Bell's Corners to Richmond West, Ont., a distance of ten miles. The promoter is Mr. John Moodie, proprietor of the Richmond and Nepean Macadamized road, who intends asking the municipalities interested for a bonus towards the construction of such a line.

SECOND-HAND ALTERNATORS FOR SALE

We have for sale several second-hand alternators which we have taken in exchange for a larger machine, and which we are offering at low figures. These machines have exciters and switchboard apparatus and are ready for immediate service. For particulars apply

Above all Competitors

COAL is money, why not save it by using the . . .

T. J. C. INJECTOR

the most economical boiler feeder in the world.

20 per cent. saved in coal over any other make.

Absolutely automatic. Easily attached. Applicable to all kinds of boilers.

NOT EXPENSIVE

Will outwear any other make and is simple in construction. It is easy to operate, and is the most powerful feeder in the world.

The T. J. C. Injector

is the best because you cannot possibly go wrong with it. With high or low steam the result is equally satisfactory. It combines the utmost simplicity with perfect efficiency, and any boy can operate it.
