An Important Fact to every man.

A good many are complaining of hard times, dull business, shrinkage of goods, depreciation of Real Estate and other investments.

If these be true in your case, we suggest the expenditure of a comparatively small sum in an article that does not and can not de reciate

A Reserve Endowment always means the full number of dollars expressed on its face. No panics or hard times can depreciate it, and when all other values are shrinking, this stands sure and steadfast

We suggest, if you are a business man, that the premium on a 10 or \$20,000 Reserve Endowment is the best possible use vou can make of that amount of money. If you are an experienced agent, contemplating a change of contract or territory, take time to look into the merits of this popular plan.

If you are out of business and a clear-headed, intelligent man, try your hand at an agency, and begin a successful work. The grandeur and dignity of the business may be realized when we say that seventy millions of dollars were paid by the life companies to beneficiaries last year alore.

Here is a business offered you involving no expense, hazard, or less, and the productiveness of which only is limited by your own ability

A few of the more salient points of the Reserve Endowment are:

1. Every policy, whether on ordinary life rates or other, a Cash Endowment to the insurer.

2. The maximum of insurance at the minimum of cost.

2. In emarkinum of insurance at the minimum of cost.
3. A definite cash surrender value specified in the policy.
4. The TERM for which the insurance is to be run elected by the insured.
5. Grace in payment of premiums of from one to six months: a great accommodation to the insurer these bard times.
6. The merits of plain life insurance, endowment, and investment combined in one
