CAN'T INTERPRET WARNING GIVEN

However, Majority of Americans in Mexico Are Acting on Advice to Leave.

MEXICO CITY, Aug. 28.—(Canadian Press)—Americans resident in the capital are at a loss to know how to interpret the peremptory warning issued by President Wilson to leave the republic. Somewhat reassured by the declaration that armed intervention is not intended, they are now wondering whether there is a hidden meaning in the latest warning.

The consul-general, Arnold Shanklin, was unable to give any advice other than that based upon instructions from the state department to send to all consuls in his district a message which is to the effect that they should advise all Americans in their territory to leave Mexico at once, going to the nearest seaport, where ships would be in readiness to take them off.

Many Leaving.—Most of the Americans who called at the consulate are planning to register their property and leave immediately. A few are availing themselves of the fund appropriated for the refugees, a great many put the cost of transportation in a secondary place. The great majority of those who have been able to arrange their affairs have already departed from the capital, and some from other places. Those who remain here, for the most part, are interested in the only means of livelihood.

The warning has created something like consternation on the part of not a few Americans. It will undoubtedly result in a new exodus, and the general feeling is to abandon everything they possess in the belief that their lives are endangered, but in what way they are unable to find a reasonable answer.

TRIED TO SELL WATCH TO POLICE OFFICER

Roland Histed, of 145 Richmond East, struck the wrong customer last night when he approached P. C. Taylor, 361, who was in plain clothes and offered to sell him a watch that was got up to him. Histed represented himself to the constable as a Grand Trunk brakeman down on his luck, and implored him to take the watch for \$10.

The policeman, however, was wise to the game as the man was in the same method of obtaining money. Histed will have a chance to tell his tale in the police court this morning.

PILL PRINCE TALKS OF MAYORALTY LIFE

Sir Joseph Beecham Says It Cost Him Two Thousand Pounds a Year.

According to Sir Joseph Beecham of St. Helier, England, the millionaire pill manufacturer and a prominent philanthropist, the municipal life of English towns is much cleaner than American civic life. In the former case neither the council nor the mayor are paid anything for their services. "It cost me £2000 a year to act as mayor," he said.

Sir Joseph is in America instituting a large advertising campaign, and was in Toronto yesterday, leaving last night for western Canada. When seen at the Queen's Hotel, he stated that this was the fifty-eighth time he had crossed the ocean.

He said that the suffragettes have not been very active in Lancashire, where he resides. The people of Lancashire had a way of dealing with such disturbers that was very rough, but effective. "We have not even received a 'black letter' from a 'black letter' was the term given to letters that have been destroyed by the acids and chemicals of the suffragettes."

RETURNS FROM TRIP OVER C. N. R. LINE

Sir Donald Mann Inspects Port Arthur-Sudbury Branch—Ready Next Year.

Sir Donald Mann, vice-president of the Toronto Northern Railway, returned to Toronto last night in the private car "Athabaska," from a trip of inspection of the Port Arthur-Sudbury line. This portion of the transcontinental is now rapidly nearing completion, and it is confidently expected that steel will be laid before the end of the year.

Following this a thru service from west to east is to be put on by the Canadian Northern Railway, as soon as the ballasting and necessary equipment, including stations, water tanks, etc., can be completed. This means that each next year should see traffic passing thru Toronto via the C. N. R.

SUFFRAGETTES ATTACK ASQUITH HIS DAUGHTER COMES TO AID

Prime Minister, While Golfing, is Set Upon by Two Stalwart Militants, Who Handle Him in Unladylike Fashion—Miss Asquith Gives Assaultants Taste of Own Medicine.

ELGIN, Scotland, Aug. 28.—(Can. Press).—The British prime minister was the object of an attack this afternoon in which his chivalry restrained him from adequately defending himself. While he was golfing with his daughter on the Loxmouth links, two stalwart suffragettes, who had quietly come up to the green, sprang at him suddenly. They knocked off his hat, grabbed him by the clothing and dragged him some distance over the ground.

The prime minister bore his rough treatment complacently and refrained from using force to make them desist while they imparted to him their opinions that he was a scoundrel and a pastmaster in the arts of Ananias.

Miss Asquith, who was a little distance off when the suffragettes pounced on her father, ran to his assistance and proceeded to apply militant methods to the militants.

Detectives to Rescue.—The battle waged for only a few moments, when two detectives rushed up and with difficulty released Mr. Asquith from the clutches of the suffragettes. The detectives took the women to the club lodge, where, after listening to various opinions of themselves, hardly less complimentary than those they had expressed to the premier, they were placed in a motor car and driven to the Elgin police station, to the accompaniment of much boating and hissing and repeated cries of "Let us get at them; we will duck them in the sea!"

At the station the women refused to give their names or addresses. Mr. Asquith resumed play after the suffragettes had been hauled off him and was loudly cheered when he reached the last green.

BOY DROWNED AT BRIGHTON

BRIGHTON, Aug. 28.—A very sad drowning accident occurred here in Presquid Bay this morning, when Robert, aged about 12 years, son of Mr. and Mrs. John Bullock of Rochester, N.Y., fell from a motorboat while crossing the bay. The efforts of a large number of friends in grappling for the body up until tonight have proved of no avail. A diver from Toronto is expected here in the morning. The Bullocks were to break up camp here on Saturday and return to their home in Rochester.

SEVEN NURSES HAVE RESIGNED

Nearly One-Fourth of Staff of Toronto Public Schools Send in Resignations—No Reasons Assigned.

Resignations of seven nurses of the staff of thirty-one, which constitutes the medical staff of Toronto public schools, were received yesterday afternoon at the meeting of the management committee of the board of education. In only one case was a reason given for the resignation and that reason was that the monetary stipend was insufficient. The salary attached to these positions is \$600 per annum for probationers, with a maximum salary of \$1000 which is considered by the trustees to be quite sufficient. One of the members of the committee suggested that the resignation of the head of the medical staff might have inspired the action of the others. The resignations were accepted and no difficulty is anticipated in filling the vacancies. No appointment of a successor for the position of head of the staff will be made until the management committee can present recommendations to a larger number than the present one.

Mr. V. W. Jackson, a teacher at the Parkdale Collegiate, has been asked to take a position as professor of botany of the Manitoba Agricultural College. In response to a fine offer made to him by that institution, H. E. Picknell has been appointed as his successor.

H. Cowley, the new chief inspector of public schools, was introduced to the committee by Acting Chairman Conboy and was extended a welcome. After some debate, Dr. Struthers was appointed a delegate to the Canadian Public Health Association convention, which will be held in Regina on Sept. 18, 19 and 20.
