## Note and Comment

Arrangements are already under way for the visit of two soccer football teams from England next year. The tour of the Continent was a complete success last season, except that too many managers were attached to the combination, and there was considerable trouble with the arrangements. It is to be hoped that the Ontario Soccer Association get the matter early in hand and avoid any confusion that was caused in 1911.

The teams are one from Oxford and Cambridge, and the London Casuals. Games will be played at Toronto, Montreal, Ottawa, Port William, Winnipeg, Calgary, St. Paul, Chicago, St. Louis, Cincinnati, Philadelphia, Newark, Port River and New York.

The Newcastle United soccer team, that also talked of coming this way, may not visit Canada next year. They are arranging, instead, to make a tour of Brazil.

China will send three or four good athletes to the Olympic games at Stockholm next year. They have two or three fast sprinters, a couple of weight throwers who may make the European stars sit up and take notice.

The Montreal Herald has come to the rescue of President Lehtinen of the Baseball Club, who has been unfairly treated in his own city without apparent reason at all times of the year. The Herald's editor, Mr. J. J. McCreary, has written a long and fair play for Lehtinen, pointing out as follows: "They say of Pittsburgh that no good first baseman can play for the Pirates because of the rowing, he says from the benches, which are set close alongside the first. Montreal is glad to see that the good ball team can exist here because of the clamor of a couple of dissatisfied newspaper writers, using their columns to advance private grudges against individuals. It is time the fans were wised up to this."

President James J. McCaffery is causing a commotion among the members of that prominent organization—the Toronto Rowing Club—and surely neither side is at fault. It appears the president purchased a share of T.R.C. stock and the directors refused him as a member on the ground of his connection with a professional organization. The Toronto Rowing Club, legal letters are flying thick and fast, and the matter threatens to get into Ontario Hall. However, the controversy not having yet gone that far, it is not of concern to our readers. It is suggested that the C.A.A.O. be called in to settle the dispute. The C.A.A.O. is the final arbiter in rowing matters in Canada.

A long story comes from Paris, telling how a gang of crooks skinned the mutuels. It was no fault of the machines, however. In Paris the mutuels accept bets on the horses and the other race tracks as well as on the moment of the start, but really a few seconds after the horses have started. In a short race of 100 or 150 yards the result is naturally a question of timing and is largely a matter of getting on the three horses while the leading after first couple of hundred yards, that is to say ten seconds or thereabouts after the race has begun. As the betting is to stop a bell is rung in all the pari-mutuel booths all over the track, but this bell rings until some seconds after the start.

The syndicate of betting men whom the police are watching have been filing by the state of affairs. This system is known as "longhairs," and the other race tracks as "shorts." It is very simple. Men are placed about the track, and the betting booth, and signal to each other by means of a special code. The signal is passed on with lightning rapidity, and the men near the betting booth are waiting with the money in their hands, to bet on the horses. The syndicate of betting men who are waiting with the money in their hands, to bet on the horses. The syndicate of betting men who are waiting with the money in their hands, to bet on the horses.

**Business Men's League.**  
In the Business Men's League at the Toronto Bowling Club last night, the News sort of upset the dope by winning two out of three games. From the apparently strong looking James Langmuir Manufacturing team. The point mixer, however, seemed to be off color all night, and couldn't strike their stride, while the News also had the fastest chance of the season to make it clean up, tossing away the last game by eight pins and with only a 72 total to bet. **Public Utility League.**  
In the Public Utility League at the Toronto Bowling Club last night City Engineers showed the way to Toronto Street Railway in all three games, the winners annexing high single for the season when they counted 917 in the second game. Maloney for Engineers was high, the season's make it clean up, tossing away the last game by eight pins and with only a 72 total to bet. Scores:

## GIANTS FINISH IN CUBA

WINNING SERIES 9 TO 3

Baseball Advances Very Rapidly in the Island—The World's Championship.

HAVANA, Dec. 19.—The Giants left Cuba to-day after one of the most successful trips a big league club ever made to Havana. Not since Detroit won the series two years ago has an invading team beaten the Cubans. The Giants had won nine games and lost three. The series was played in Havana, and the first game was won by the Giants, 9 to 3. The series was played in Havana, and the first game was won by the Giants, 9 to 3. ## BIG BUSINESS IN HORSES

AT THE REPOSITORY.

The Repository, the centre of the horse trade, as they put it, did a big business yesterday. A western buyer took 21 and is shipping out to Webb, Sask. These were all sound, young horses. ## Printers' League.

In the Printers' League at the Toronto Bowling Club last night Toronto Type-setting made it a clean up with the last game, which they lost by only fifteen pins. Ernie Parkes and Duke Nelson of the white elephants were the main attractions for the night with 891 and 578 respectively, while Ernie featured with a 290 in the last game. The scores:

## SINGLE RINK CURLING.

Representatives of the city curling clubs met at the Queen City Rink last night and selected Thursday, Jan. 4 (weather permitting), as the date for playing the preliminary round of the City Trophy competition. The entries close two days before, A. C. Robertson is named as secretary and Robert W. Snowden chairman. These, with the presidents and secretaries of the city clubs, will compose the committee.

## PRO LEAGUE NOT OPEN UNTIL AFTER NEW YEAR'S

Each N.H.A. Club Will Have Nine Home Games—Eaton's to Play in Berlin—Gossip.

"The only thing we could possibly have done under the circumstances," commented President D'Arcy McGee of the Ottawa, in discussing the outcome of the National Hockey Association meeting at Montreal, Saturday. Mr. McGee declared that to have continued with the two Toronto teams playing matches here and there until the latest part of February would have been the height of folly. "We have a good league now with four teams," said Mr. McGee, "and the season of the two Toronto teams would have been enough to become a factor in the league. We will have to wait until after New Year's to see if we can have a fifth team." Mr. McGee explained that the N.H.A. would meet again in January at Ottawa, and that the Ottawa team would be the only team to play in the league. President McGee said that the Ottawa team would be the only team to play in the league.

On account of the uncertainty of ice hockey night, the officers of the Berlin Hockey Club think it is advisable not to attempt putting on a game for the Ottawa team. The Ottawa team would be the only team to play in the league. President McGee said that the Ottawa team would be the only team to play in the league.

Says George Martel of Renfrew, Ont., who speaks from experience: "If Taylor ever came back into the Ottawa Club and he never leaves it, I wouldn't take a million dollars to bet that he would be a star in that city again." George, by the way, has a new bet that "Cyclone" does not report to Wanderers.

Toronto will get at least a touch of fast hockey before the close of the season. Several N.H.A. games will be played at the new arena in all probability, and it will be a good thing for the fans. The Ottawa team would be the only team to play in the league.

The coming winter will be the last for the Ottawa team. The Ottawa team would be the only team to play in the league. President McGee said that the Ottawa team would be the only team to play in the league.

Two of the United States cities who are supposed to be anxious to get into the proposed International Hockey League next year are keeping up their interest in the game this season. They are Detroit and Cleveland, and they have invited the M.A.A.A. team of Montreal to play in both cities. Unfortunately, the M.A.A.A. team is not suitable, but General Manager Davidson has written to both places suggesting change in which case the team will be delighted to go.

OTTAWA, Dec. 19.—Altho severe complaints have been heard from Winnipeg lately regarding the eligibility of Jack Ryan to play with New Edinburgh for the amateur championship of Canada, word was received in the city yesterday which will set at rest any doubt that exists in the minds of local fans regarding his play. Ryan, who is a native of the city, was the local club the good news that they had re-instated Ryan, this being the first joyous tidings in the ranks of the red, white and black club since Jack received a white wash at the hands of the Inter-Club football referees. Jack will play point for the locals.

The Ottawas are after the former star of the red, white and black, Billy Gilmour. Billy was one of the best skaters who ever wore a hockey uniform, and he should be able to get in the harness again at right wing. The Ottawas are negotiating with Gilmour at present and hope to land him for the team. He could jump into the game again with any ability, and a couple of practice would be all that would be needed for him to get back into the team.

Marty Walsh signed yesterday morning, and this leaves only Albert Kerr of last year's team to sign up. Kerr may not sign with Ottawa this year, but if he intends to take the offer from the Patricks he will have to make up his mind pretty soon.
