course in disobedient man.

My text declares that the relief for the groaning creation waits for the manifestation of the sons of God. Jesus as the pre-eminent Son of God, died for of Divine Majesty, where He is waittion must wait also for the same thing -for the manifestation of the sons of God. Here is a matter which seems to have been for a time hidden under the rubbish of the dark ages—the fact that God not only foreordained Jesus, the great Son of God, to be the world's Messiah to deliver them from sin and death, but that He foreordained also sonally will block the way. If he does so it will be the first instance in which so it will be the first instance. associates and joint-heirs in His king-

God's message in the present age, thru Jesus, is, "if any man will be My disciple, let him deny himself and take up his cross and follow Me." Again He expresses the terms saying, thru the apostie, "I beseech you, brethren, by the mercies of God, that ye present your bodies living sacrifices, holy and acceptable to God, your reasonable service." Again says the Master, "Strait is the gate and narrow is the way that leadeth unto life, and few there be that find it."—Matt. xvi., 24; vii., 14; Rom.

It is my understanding of the Scriptures that the time for making our "calling and election sure" to this kindom class is now very short. It, therefore, behooves all who desire this glerious relationship with Messiah to 'g've all diligence" and to "run with patience the race set before us" in the gospel, looking unto Jesus, the Author of our faith, until He becomes the

The wonderful blessings of our day, which make it so different from any other epoch in the world's history, have reached even here to China, and what we already see appear to be only the beginnings of wonderful things. Evidently divine power has within the past century been lifting the veil of ignorance and superstition. We are just on the threshold of the new dispensation. The church (the elect sons of God) is about complete. The manifestation of the sons of God for the aid of the groaning creation is at hand, and Messiah's kindom is about to be ushered in. The blessings of the present are only a foretaste of those giorious blessings for the world of mankind. Indeed, the mind can only imperfectly comprehend what the glory of the fuure things will be!
