for the mass of the nation is moderate, has supported the war, and has barely tolerated the attitude of J. Ramsay Macdonald, Arthur Henderson and a few others. The Fabian Society and the Coden Club, which oppose the government, also have come to represent small knots of idealists. According to The Spectator, the Cobden Club in recent years before the war mainly depended upon German subscriptions for its maintenance. These donations did not come directly, but in a roundabout way, from Germany, and the members were innocent of venality and worse. Nevertheless, the British electors are remembe ing these things. The labor demand to evacuate Russia means that a labor government would and worse. Nevertheless, the British electors are remembeing these things. The labor demand to evacuate Russia means that a labor government would allow the Bolsheviki to continue their lootings and massacres, and the demand to pay for the war, not by punishing the authors of it, and making the aggressors pay the damages, but by leveling a tax upon capital, would speedily reduce Britain to beggary, for capital would rapidly dwindle and Germany would rapidly recover from the war and defeat the allies in the industrial field. Dr. Dil'on, who has expert knowledge of the Germans, has said that under free, all-round competition, Germany would soon outstrip the other nations of Europe, so that in

WOMAN FOUND DEAD

The strongest leeling of resentment against the perpetrators of the Bolshevik eaflet distributed in Earlscourt a tew days ago, is showing itself. In fact the whole loyal districts of Earlscourt, Fairbank, Oakwood and Silverthorn are aroused, and unless the authorities document in pretty quick a deputation will aroused, and unless the authorities docomething pretty quick, a deputation will
soon be at the city hall to interview the
mayor. To a World reporter, one Earlscourt war widow said: "And this is what
we are asked to endorse after four years
of bloodshed and the loss of our loved
ones, that these foreigners may be permitted to publish such trash. I only
wish my husband was alive instead of
lying on the fields of Flanders."

Another Earlscourt resident says: Another Earlscourt resident says:

What is the government doing to put down this poison that will sap the very vitals out of good government, if allowed to go on?" A public meeting is to be called to discuss the matter as soon as

The question of a library in connection with the new memorial hall that the citizens of Earlscourt and district are o build, came up again at the meeting of the committee that was held in the can scourt public library last night, and after some discussion, a committee was can'scourt public library last night, and after some discussion, a committee was appointed to make full enquiries and to report at the next meeting. Alderman Brook-Sykes presided. Canvassers reported considerable donations which were nanded over to Financial Secretary Sergt. Major T. H. Barclay. A site for the hall has been promised, and there is every reason to believe that the amount of the objective, \$50,000, will be reached.

out again for relection to the Fairbank school board of which he is the present chairman. A movement is on foot to extend the school premises in this section as there is not sufficient room to ac-commodate the school children, the pupils increasing out of proportion to the facilities of the school authorities.

The sum of \$140.26 is the amount in the treasurer's hands of the British Imperial Association, which sum is the balance collected at various memorial meetings held in Earlscourt. In the general fund there remains \$98.40, and the picnic fund, \$49.95. The following were elected as an executive committee: R. S. Moody, R. J. Kirk, Brook Sykes, Alex. Gordon, Tom Jones, H. Puncheon, R. S. Moody.

from 17 to 19 years, were arrested last night by Policeman Murray of No. 8 division, charged with the theft of two motor cars belonging to W. C. Davis, 57 Constance street, and Arthur Hewitt, 10 Roxboro Drive. According to the police the lads stole the car belonging to Mr. Davis first, and wrecked it in collision with a wagon on Carlaw avenue. Following the accident they went to Roxboro drive, front of his house, and went back to the scene of the crash. In the meantime Policeman Linklater, No. 344, who was due to go on duty at 10.45 p.m., noticed the number of Mr. Davis' car on the board and listed as stolen. He remembered the motor car on Carlaw avenue which had been abandoned, near his home, and which he noticed on his way to work. He informed the desk sergeant of the matter. Policeman Murray was sent to guard the wrecked car, and on the arrival of the three boys in the second stolen car, placed them under arrest, and 'ook them to Pape avenue police station.

USE OF ALCOHOL . TRAIN CREW HELD IN INDUSTRIES

Research Council Recommends Removal of the Excise Duty.

Ottawa, Nov. 28.—The research council under Dr. A. B. MacCalum has been carrying on investigations for some months past in the present and prospective uses of alcohol in Canada for industrial purposes, now that it has gone out of fashion for beverage purposes there is a large field open for its use in the wealth producing lines of industry, neer, fireman and conductor of the and Canada has an opportunity for developing various chemical industries the crossing at the time of the acciand turning the abnormal war demands for alcohol in connection with the manufacture of explosives, etc., to a permanent peace time demand for the produces hitherto for the most the part imported from Germany or other ling, and the electric bells on the countries, and with a view to encountries, and with a view to encouraging greater production of pure alcohol for the needs of laboratories, and of the industrial a cohol. The jury cleared the train crew of alcohol for the needs of laboratories, etc., and of the industrial a cohol all blame for the accident, but recombusiness 95 per cent. pure for manu-

facturing purposes.

A committee of the research council onsists of Prof. Goodwin of Queen's University; T. M. Wardleworth, of the imperial munitions board; Dr. R. F. Ruttan of McGill University, and Dr. A. B. Macallum, has, after studying the whole problem, recommended to the government that the present excise duty on alcohol for industrial purposes be abolished. The committee further recommends that the govern-ment buy from all distilers all the alcohol to be used in industry, and sell the same at a small advance to each firm requiring it for industrial purposes. The research council is also arranging with several pulp and paper mills to install plants for the recovery of the waste sulphite liquor. It is estimated that from the waste foreign office by Kurt Eisner, the Baproducts of two of the pulp mills of the St. Maurice Valley, two million pounds of industrial alcohol could be tons with Berlin "owing to the efforts of hay. On reaching the city box produced at a net cost of less than of Berlin to deceive the people by with com- products of two of the pulp mills of varian premier, stating that the Ba-

MRS. GATES DIES LEAVING THIRTY MILLION ESTATE

New York, Nov. 28 -- Mrs. Dellora R. Gates (63), widow of John W. Gates, died today at the Hotel Plaza, where he lived, after an attack of apoplexy. Mrs. Gates always had taken an ac tive interest in the great financial affa'rs of her husband, whose death in mated at over \$30,000,000. The death of her son in 1913 left Mrs. Gates to carry alone the business resp ties of the estate. The properties in which

terested included the Texas Company, extensive from ore property in Canada, the United States Realty and provement Company, the Plaza Hotel and a variety of interests in so eastern Texas.

FARMER'S SUDDEN DEATH.

St. Catharines, Nov. 28.-Jacob Page, a

"Have You Tested My Blood, Doctor?"

66 TES, I have." "And what is the result?" "Not very satisfactory."

"What seems to be the trouble?"

"Well, your blood is thin. It is lacking in what we call the red corpuscles. It does not contain enough of the nutritive qualities to properly supply nourishment to the nervous system."

"But I am not nervous."

"No, you are not, in one sense. Your hands do not tremble. You are not easily startled or excited. But nevertheless your nerves are not in good condition. There is not enough nervous energy in your system to work the machinery of the body.

"Perhaps you never thought of the vital organs of your body as requiring any motive power—any propelling energy— but they do, and this force comes through the nervous system.

"Because you are not conscious of every heart beat and of every breath you breathe is no indication that this action is not the result of nervous energy.

You really have two brains—one with which you think and act voluntarily, another one which, without any conscious effort on your part, controls the action of the various organs and members of the

body. It is the failure of this sympathetic nervous system, as it is called, which most frequently causes trouble.

"Because nervous energy is lacking there is weak functioning of the vital organs. The digestive fluid does not flow properly in the stomach, and you have nervous indigestion—the action of the liver and bowels is slow and weak, and you suffer from constipation. And so it may be with other organs. While they are not really diseased, their action is weak for lack of nervous energy. What you need is a good restorative.'

"What do you think of using Dr. Chase's Nerve Food?"

"There is nothing better. You know we doctors prefer to prescribe our own favorite treatments, but I have seen such splendid results from the use of Dr. Chase's Nerve Food by my patients that I no longer hesitate to recommend it."

The active and concentrated ingredients of Dr. Chase's Nerve Food are approved by the best medical authorities as a means of building up the exhausted nervous system. The experience of many thousands of people go to back up the professional opinion, and hence the enormous success of this great food cure. 50c a box, 6 for \$2.75, all dealers. or Edmanson, Bates & Co., Limited, Toronto.
