Justice Riddell's Remarks at Oslalent in Demand

United States lawyer last night at the Osgoode Hall Literary and Legal Soman who had written it said that United States lawyer last night at the Toronto bar had the best read and best educated lawyers he had ever met. Justice Riddell added the startling statement that Canada's was the everybody else by sending it.

Was a private message and was none of the Canadian Produce of by business. I told him that it was defined a public matter and that he was defined a great wrone and a great injustice to the people of the island and to lous escape. When the "quake" came he rushed into the street with the

Hamilton, Jan. 23.—(Special.)—The fire and water committee this evening nmended the firemen for an increase of wages to the following scale: First year men, \$50 a month; second year men, \$60 a month; after two years, \$70. The officers of the department were recommended for the following increases: Chief Ten Eyck from \$1800 to \$2000 a year; First As-sistant James, from \$1200 to \$1400; Second Assistant Chief Cameron, from \$1000 to \$1200; station captains, from \$11 to \$931; engineer of the steam-er to \$931. It was agreed to buy a sand sucker for cleaning out and wid-ening the filtering basis at a cost of

acy in the shape of an overdraft of \$14,531.11. The last council actually spent something like \$37,000 more than it received. The balance from 1906 was \$22.401.20, which lessens the large overdraft somewhat. The statement for 1907 is as follows: Receipts, \$111,198.38, including the balance; expenditure, \$120,536.48.

This was the coldest day that has been experienced in Hamilton this winter, the mercury going down to 2 below zero. The severe weather was felt very keenly by those using natural gas in their furnaces, ag it almost gave out owing to the big demand upon it.

Train stopped. After waiting some time it started, but after a short time stopped again. We went out and found, to our astonishment, that there had been at earthquake. We had no thought of it on the train, but found plenty of proof outside. Hills, trees, rocks, etc., had slipped away, covering the railway tracks and roads. There were immense rocks on the tracks, weighing many tons. After considerable delay in clearing the tracks, we were able to proceed.
