

His Own Doctor.

DR. RADWAY, New York.—*Dear Sir:* I wish you would send to your humble servant one of your "False and True" books. I had one of them for ten years, and it is worn out. I can't do without it, for I make so much use of your medicines, and recommend them to my friends in misery, that I want one to go by.

I have seen a lady who was given up to die from consumption. Through my persuasion they tried the Ready Relief, the Resolvent and Pills, and she began to get better, and in six weeks she was able to get out of bed herself.

Your medicines do all that they are recommended for—especially a young man that had the measles, and who had a cough for four years last spring, and he is as hearty as any one now; his mother said that I can beat all the doctors with your medicines. I am my own doctor as long as I can get your medicines. No more at present, but I remain your friend

JOHN H. McMULLIN.

NULLS MILLS, Fayette Co., Ind., Feb. 2d, 1884.

Twenty-four Years in Use.

ASHLAND, Ky., May 15th, 1888.

DR. RADWAY & Co.—*Dear Sirs:* I take the present opportunity of adding my testimony to the many others, of the wonderful curative powers of your famous medicines, and can truthfully say I could not be without them in my house, let the cost be what it may. My parents always kept a supply on hand, and wonderful were the cures they completed. I have been using them in my family for the past twenty-four years. Pen could not give justice to the many cures I have seen accomplished. With many thanks, gentlemen, I subscribe myself.

MRS. SARAH J. JAMES.

Prompt Action of Ready Relief.

FONTANNA, LEBANON Co., PA., Feb. 6, '86.

MESSRS.—While taking a view over your Almanac of '86, and reading about your R. R. R., it brought to my mind a terrible scene that I was a witness of some years ago out west. One of our companions took a spell of Colic and Cramp in the stomach, so bad that we thought death for him was close at hand, and while one of the party had a bottle of your valuable medicine, we gave doses according to directions, and in a few hours' time we had him almost well, which we thought no doctor could have done by far in such a short time. The above is honestly and truly so, and may you ever prosper in your works.

CYRUS LONG, Fontanna, Lebanon Co., Pa.

One Man Tells Another.

RADWAY & Co.:—I get pains all over my legs, and it is just as much as I can do to stand or walk. On April 14th, the day before yesterday, I was taken with those pains again, and had to stop work.

One of the workmen said, as I was trying to walk, "Get a bottle of Radway's Ready Relief," and I did. That night I rubbed it wherever I felt pain, using a half bottle, and it has acted like a charm. Just as you say—"The Great Pain Killer."

I thank God for those words, "Get a bottle of Radway's Ready Relief." It has relieved me. Of course Nervous Debility is there. I want to know, can it be cured? I have all faith in you now.

April 16th, 1885.
