HOWLEY BUSY HUNTING PLAYERS FOR TORONTO

New Leader Is Rapidly Rounding Up Talent for the Leafs-President McCaffery Goes After National Comm ission.

TORONTO, April 17Manager How	-
ley is expected to have some interesting	5
information to give out when he return	
to Toronto in regard to his playing	
prospects for the year. The new man ager has interviewed several big league club leaders in the last few days, and it is reported that he has secured two r three good performers. Howley it	e t o
a hustler off the diamond as well a	9
on, and it is a certainty that he will have a good team no matter what be	1
tides. He wired President McCaffer	y
this morning that he was on the trai	1
of a first-class infielder, and that h	е
expected to have him signed to a con	-
tract before he came back. First Base	
man Onslow and Catcher Madden hav	e
already accepted terms.	
Is "Warmed Up."	
President McCaffery has not ye	
recovered from the effects of the jolt	S
he received in the Lajoie and Schultz	-
T to the second by the terminal models	

Filmsy Technicality.

He has wired the National commission, insisting that the Lajoie case be reopened, and also that the Schultz and Lalonge cases were beyond their jurisdiction, and that the National Association was the body that should have rightfully dealt with the matter. The evidence in the Lajoie case has been received in full, and the commission have taken advantage of a flimsy technicality to rule Lajoie as free agent, claiming that because the Toronto club gave Lajoie \$1,000 for winning the pennant last year, and this agreement was only a verbal one, they violated the rules, for any agreement that is made between player and club must be set forth in his contract. Mr. McCaffery asserts that the \$1,000 bonus was not paid to Lajoie as a player, but as manager, which is another matter. How About McGill?

recovered from the effects of the joits he received in the Lajoie and Schultz-Lalonge cases, and he intends making it warm for somebody before he gets through. He is on the warpath, and if it is at all possible he will force a show down with the National commission, decided to disband, but evidently that Mr. McCaffery says that he is tired being the "goat," and that if the National commission denies his request to the Kansas City club, the tional commission denies his request to reopen the matter he will seek redress in the courts.

PEFUSE EXEMPTION

FOR RUBE MARQUARD

NEW YORK, April 17.—A claim for exemption from the draft filed by Richard ("Rube") Marquard, star pitcher of the Brooklyn National League baseball club, was today denied by the district draft board. The board also denied his application for a change of his classification under the draft from 2A to 4A.

Marquard in his questionnaire had stated that he had a wife and a child. He said his wife had earned \$1,200 in 1916, and had been out of work for a short period.

EDWARD LEE PRESIDENT

GUELPH. April 17.—The annual meeting of the Guelph Country Club was held today with a fairly good attendance of the members. The president, Dr. Macaulay, occupied the chair. The financial statement was a splendid one, showing that after paving \$500 towards the mortgage debt, there was still a surplus of \$210 for the year. It is the intention of the club to operate as usual this year, but the members have signified their intention to do all they can to assist in the increased production campaign as well. The election of officers resulted as follows:—Hon.-president, R. L. Torrance; first vice-president, Chas R. Crowe; secretary-treasurer, Frederic Watt; assistant-treasurer, Miss E. G. Winlow. The same board of directors as last year was re-elected.

ST. MATTHEW'S CLUB

Former Steeplechaser Writes Interesting Letter Telling Hiw to Take 'em Over the Jumps.

To the Sporting Editor, Advertiser:

As a sort of a steeplechase rider in the days gone by. I was interested in the interview appearing on your page with Matty Yourell, known as a star to all of those who have more interest in the jumpers than the babies which run on the flat. Matty says he has never known a horse that did not fall, and that few of the boys are seriously injured in their falls. With the latter part of the statement I can agree, for most of the lads who rode the timbertoppers are still alive. Nat Ray, the greatest steeplechase rider Canada ever produced, who is now teaming the pacers and trotters, and, as was always his habit, stowing away a big share of

members of St. Matthew's Church are rapidly becoming expert trundlers. The club has a membership of 26 at present and is playing on three greens. It is expected that four new greens will be added in the near future to accommodate the growing membership.

The greens are electrically lighted and are well kept, assuring the bowlers of good sport either in the day time or in the evening.
