\$40,000,000 WORTH OF FOOD IS STORED AND COST STAYS UP

OTTAWA, Jan 29.—Advices from the United States indicate that the cost of living there is taking a tumble in spots. The cancellation Allied contracts for various food commodities, coupled with the vir

logical effect across the border. Not so in Canada. The householder is still paying the highest war prices for flour, for bacon, for beef, for butter, for eggs, in fact, for everything which is kept in cold storage. In the meantime there are from thirty to forty million dollars' worth

of food products in these same plants throughout the Dominion—and that is a computation which is based, not on the cost to the consumer, but on the price of the commodities laid down at the storage plants' These latter prices are very different from those charged to

WHEAT STALLED IN ELEVATORS. There is approximately 50,000,000 bushels of Canadian wheat in Canadian elevators, which is available for export, and for which at the present there is no export demand. On this the Government has guaranteed the price at \$2.24, and may have to put up part of it. But

spite of the large surplus there is no appreciable sign of the price of

flour going down. On January 1, there were 12,000,000 pounds of butter in cold storage, costing 46 cents a pound laid down in the plants; 38,000,000 pounds of pork, costing 24 to 26 cents a pound; 57,000,000 pounds of beef, costing 17 cents; 9,000,000 pounds of mutton, costing 22 cents; 5,000,000 nds of poultry, costing 32 cents a pound, and 4,000,000 dozen of eggs costing 46 cents a dozen

CONSUMER IS "THE GOAT." As compared with January, 1918, this is an increase in quantity of per cent in butter; of 4 per cent in pork; of 20 per cent in beef; of 78 per cent in mutton, and of 114 per cent in poultry. But in January exist. Yet the price to the Canadian consumer practically remains the same; in fact, it is probably higher.

The Government has played a game of bluff in connection with the cost of living ever since it came to power in 1911. Commissions have been appointed and dismissed as soon as they started to get some re-

LONDON DISPATCH SAYS DOMINIONS' PROTESTS HAVE BEEN OVERRULED

Acceptance of Wilson's Theory Regarding German Colonies Has Aroused "Gravest" Protest From South African and Australian Delegates.

LONDON, Thursday, Jan. 30. to act entirely on the lines of policy directed by that body. -The British imperial war cabinet has accepted President Wilson's theory of internationalization as applied to the captured German colonies, notwithstanding energetic protests from the representatives of the Dominions, says the Daily Mail's Paris correspondent

"These protests," says the correspondent, "have been of the African representatives believe acceptance will give the greatest

the case of many of the projects of reform broached at the conference, that its successful application is wholly dependent upon the consummation of the league.

One argument against the league's control of the colonies advanced by the British colonial officials was that the "mandatories" might feet themselves saddled with enormous financial responsibilities and yet be subject to bring them forward, President Wilson himself felt called upon to answer this argument by the statement that the "mandatory" power would be liable only for administrative expenses; other expenditures would be league, unless the colony was able to finance itself out of its own resources.

U. S. Guardianship.

While the plan has not progressed to a point where any attempt has the conference, and there got moved to the base, and there got flee demobilization. On account of factory governing the military sit uation it was not found practicable to send the Third and Fourth divisions to Germany, and as it was impossible to relieve either the First or Second by either the Third or Fourth, it became that the Third division to be demobilized first. For a similar reason to that which governed the nomination the corps commander recommended that the Third division be demobilized first, to be followed by the First, Second and Fourth in order named.

A certain proportion of the corps to the corps commander recommended that the Third division be demobilized first, to be followed by the First, Second and Fourth in order named.

A certain proportion of the corps commander recommended that the Third division at the corps commander recommended that the Third division at the corps commander recommended that the Third division at the corps commander recommended that the Third division at the corps commander recommended that the Third division at the corps commander recommended that the Third division at the corps commander recommended that the Third division at the corps commander recommended that the Third division at the corps commander recommended that th

CHICAGO, Jan. 29.—Organized opposition to the plan of the federal food administration for the Government to buy and sell the 1918 and 1919 wheat crops was put under way in Chicago today under auspices of the leaders of the board of trade who decided to have a committee to ask Congress to refuse to adopt the administration's wheat policy.

PARIS, Jan. 29.—Havas.—A large number of Bolsheviki propaganda pamphlets, the Matin says, have been found in possession of Greek officers and soldiers returning from internment in the prison camp at Goertitz, Germany.

The Government the Government the paper adds, will exercise special supervision over these soldiers.
