NATIONAL LEAGUE CLUB OWNERS DISAGREE WITH COMMISSION'S DESIRES

Fast Questions and International Territory Causes Disagreement With Recommendations.

NEW YORK, Sept. 29.—Club owners of the National League at a special meeting here today declined to sanction temporary abolition of the national agreement. In answer to the recommendation of the national commission, which was adopted at its meeting in Chicago September 2, 1919, the owners adopted a resolution which does not concur in the recommendation made by the national commission that the present national agreement be temporarily abrogated, but incurred in the recommendation of the national commission that the National League refrain from drafting minor league players during 1920.

Rugby Squad Due for Hard Gruelling All Next Week

Rain sleeted in on the rugby practice last night, but the drills will be continued this afternoon if J. W. Lays off with the sprinkler long enough, starting right sharp at 2 and continuing until the squad has had a real workout. In a few weeks, rain, or for that matter snow, won't mean anything to the workout program, but just at this stage the enthusiasm of the candidates, which is visibly increasing each trout, might easily wash off.

Most of the work has been light, and the hard gruelling will come next week. The "Cousins" Park grounds are next thing to a feather bed to fall around on now, but with a couple frosty nights which are due before long, some of the candidates will have more trouble kidding themselves into condition on the grounds of how hard and how often they can friction with old Mother Earth and still like it.

The Manufacturers' League honors will be settled this afternoon at Queen's Park when the Postoffice and Beatty Brothers come together. The league started out with rules and regulations and contracts at the beginning of the season, but as most of the teams have infringed, gone around, under and over them all many times, the threat of the Postoffice refusing to play the game with Flint in the box for Beatty's would have muzzed up things considerably. However, the Postoffice have agreed to Beatty's claim on Flint, and he will be doing mound duty for the latter.

Some of the Michigan clubs of the late Mint circuit are flirting with the Central League for next season. Some of them hope to get into the American organization, and the Ontario clubs hope they do, and so it's a mutual hope all the way through. The divorce proceedings will likely be announced within a month.

In the case of Saginaw, the Hama will allege "cruelty" doubtless, but the rest of the Ontario clubs will be satisfied with "non-support."

If the White Sox win the pennant and go into the world's series, the event won't hold any fears of stage fright for at least one player. Edward Collins of the New National Sporting Club in New York. It seems pretty certain that Collins' appearance at the opener will materialize, and Moore's two fights in England with the little Welshman have aroused tremendous interest in the pair. The two details of the decision in London have left some doubts in the minds of his American supporters as to the justice of the decision. Refereeing in England and in America are totally different. Wild swings, a referee holding a line, are common in the ring. Moore's aggressiveness, which probably had more to do with losing him the decision, might get him a different verdict. Moore landed the other him with intentions of hurting him, and will likely decide that he likes this side for a few months, with Wilde again in prospect.

The U. S. marines play moonlight baseball in Guam. They gotta do better than that. London played ball in the cellar all season.

A FEW KITTY TOUCHERS

There are not many ends left on the London bowling season, but one, although not in reality until some of the enthusiastic ones freeze some of their pet extremes on the greens, it will go down as the most successful ever experienced in London. Not only has the inter-city end of the season been particularly keen, but members of all three clubs have fared abroad with good results, and returned with much silverware. Probably in this respect the Thistles lead, for their links have returned with 25 trophies of varying importance, and storage room is getting to be a problem. Membership during the past season has become a problem, with the result that both the London Rowing and the Elmwood clubs are enlarging their grounds and making big plans for next season.

On Monday or Tuesday of next week the Thistle Club will defend the Ingersoll trophy, which has been resting up at their clubrooms for several seasons now. That particular piece of ware occupies a niche

Why Ty Went Hitless

DETROIT, Mich., Sept. 29.—Ty Cobb, world's greatest hall player, has a very large reason for wishing American League season at an end so he can hurry home. The reason is a new baby girl, who arrived at the Cobb home this morning. Cobb received the news at New York where the Tigers are playing. The baby weighs eight pounds and she and her mother are doing well.

WINGO SLAMS PILL. PHILADELPHIA, Sept. 29.—Wingo's hitting featured the first game of the series with St. Louis. The White Sox won 3 to 2. With the score tied, 1-1, Wingo's fourth hit was a triple. He knocked down Griffin's liner, but threw wild to the plate and Griffin reached third, from whence Gallows' single scored him with the winning run.

ATHLETIC JUNIORS DEFEAT ST. THOMAS C. I. AT RUGBY

ST. THOMAS, Sept. 29.—The Athletic Juniors defeated the Collegiate rugby team in a lively battle yesterday at the Athletic Park here by the score of 21 to 0. The Athletics took the offensive from the start, and kept right on going until the end of the match.

Frank Delaney's picked all-star team gave the Shamrocks, winners of the city championship last year, a trouncing last evening at Pinafore Park, when they defeated them by piling up the long end of a 19 to 10 score. The match was a good exhibition of baseball from start to finish.

GIANTS TAKE SEE-SAW GAME FROM PIRATES THROUGH WILD PITCH

Kauff Pulls Daring Base Running For the Last Tally.

PITTSBURGH, Pa., Sept. 29.—Both Neft and Cooper pitched effectively today, but the latter's wild pitch sent two runs over the plate and the Giants won 4 to 2. Fletcher's error paved the way for one of the local runs, while White's double and two outs scored the other. Daring baserunning by Kauff resulted in the fourth run for New York in the eighth inning. Barbara was spiked in the sixth inning. Whitted went to third and Grinn to first. The latter's error was costly; it should have retired the side with two on. Cooper's wild pitch followed.

City Indoor Baseball League To Be Formed

Meeting Monday Night Should Bring a Lot of Old Armory Pastimers Together—Eight Teams Expected.

A revival of the good old indoor baseball pastime is about due for the city. There has been a meeting called for Monday night next for the purpose of organizing a City Indoor Baseball League, and plans now are for an eight-team organization. The meeting will be held at Brisco's store at 8:30 o'clock.

During the past five years the game has been in a state of lapse, and the war coming along in 1914 put it about as dead as a doornail. It has been flourishing mostly in militia circles, and most of the players are over the hill.

FRY WINS WEEKLY EVENT AT ST. THOMAS GREENS

ST. THOMAS, Sept. 29.—W. Fry and his henchmen won stellar honors in the half-day bowling tournament held at the East street greens yesterday, which was supposed to mark the close of the local lawn bowling season. The air was so invigorating and everyone enjoyed themselves so well, however, that it has been decided to continue the weekly tournaments for a few more weeks.

CURED HIS RHEUMATISM!

How it happened. "I am eighty-three, says Mr. Ashelman, and I doctored for rheumatism ever since I came out of the army, over 19 years ago. Like many others, I spent money freely for so-called 'cures' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff that I could not hold a pen. But now I am again in good health and can walk with ease or write all day with comfort. Friends are surprised at the change. You might just as well attempt to put out a fire with oil as to try to get rid of rheumatism, neuritis and like complaints by taking treatment supposed to drive Uric Acid out of your blood and bowels. It took Mr. Ashelman fifty years to find out the truth. He learned how to get rid of the true cause of his rheumatism, other disorders and even his strength from 'The Inner Mysteries,' now being distributed free by an authority who devoted over twenty years to the scientific study of this trouble. If any reader of this paper wishes 'The Inner Mysteries of Rheumatism' overlooked by doctors and scientists for centuries past, simply send a post card or letter to the author below. Send now, lest you forget, and if not a sufferer yourself, cut out this notice and hand the good news and opportunity to some afflicted friend. All who send will receive a return mail without any charge whatever. If frequent is sent to H. P. Clearwater, No. Seventeenth street, Hallows, Mich.
