INSPECTORS OPPOSED TO TEACHERS' COUNCIL

Reported Against Proposal to
Employ Three Specially
Qualified Educationists.

At yesterday's meeting of the management committee of the board of education, considerable discussion took place over the motion of Trustees McClelland for the opening of a household science department in connection with the Huron street school, the residence next door, the property of the board, to be utilized for the purpose. Although the motion has been before the board and referred back by them, it was decided to send the motion on again, with the recommendation that this be established as soon as funds can be secured. The motion of Trustees Dr. Caroline Brown that a special class for disabled children be opened, was left over, the majority of the trustees being of the opinion that to separate the crippled would not be advisable.

Chief Inspector Cowley reported on

methods that might be adopted for continuing the collection in the public school for the penny bank. He suggested the elimination of ledger work, which would be taken over by local banks, or by clerks to be paid by the board, the cost he estimates at amounting to \$2,500 per year. He advocated, also, the establishment of a special messenger service between the schools and the bank and also limiting the time for the taking up of the weekly deposits to a period not exceeding five minutes in the classrooms. The recommendations were concurred in by the meeting.

The inspectors reported against the motion of Trustees Hunter that the minister of education be asked for legislation for a teachers' council, to consist of three specially qualified educationists. Accounts for \$550.84 for collegiate institutes and \$4,115.08 for public schools were passed. The resignations of Misses J. M. McClelland, Kent school; M. E. Gillies, Brook avenue school; E. P. Thompson, Brown school; and J. O. Rands, Perth avenue school, were received and accepted. It was decided to open class to take up kindergarten or kindergarten-primary work in Gledhill avenue school, beginning in September. Twelve teachers were appointed to the temporary staff and assigned to various schools, and eight were appointed to the permanent staff.

COULD NOT ARRANGE TO BUY COAL FOR CITY

Civic Deputation Report on Coal
Situation to Board of Control.

Mayor Church, Property Commissioner Chisholm and Ald. W. D. Robbins forwarded their report on the result of their investigations into the coal situation in the United States, to the board of control, yesterday. They stated that while in Philadelphia, they were unable to enter into any agreement for the purchase of coal, owing to the refusal of dealers to accept new customers. It was contended that the demand was greatly in excess of their capacity to handle supplies, owing to slow transportation. The same situation was found in New York.

From the information obtained by the deputation it appears to them that the cost of fuel production at present did not warrant the high prices. They were told that it was a case by which the mine owners, with other business concerns, were obtaining the maximum price for their product which the manufacturers, and that the only remedy was for the government to take over the mines and operate them for the benefit of the people.

The whole situation will likely be fully considered by the board of control this morning.

Are You an Asset to Canada—or are You a Liability?

ARE you helping to win the War? Or could Canada put up a better fight without you?

Are you working—saving—paying—to back up the men at the front? Or are you loafing—wasting—spending on selfish indulgences the money that should be loaned to the Nation?

Man-power is at a premium! The time and strength of every man in Canada should be devoted wholeheartedly to really useful work—work that will help, directly or indirectly, in the Struggle.

Food is short the world over! Every housewife in Canada should devote herself earnestly to the problem of conserving it—of feeding our people well, yet economically and without waste.

Everyone should save—and lend the savings to the nation!

Canada needs every dollar you can invest in War Savings Certificates, and for every \$21.50 you loan now, she will repay you \$25.00 at the end of three years—or you can get your money back at any time. Certificates are issued in denominations of \$25, \$50 and \$100, which may be purchased at \$21.50, \$43 and \$86 respectively, at any Bank or Money Order Post Office.

CAUGHT MOTOR THIEF AND THE STOLEN CAR

Policeman Recognized Number
of Missing Car and Gave Chase
in Auto.

Policeman 409 made a clever capture last night of William Johnson, 185 Niagara street, and a motor car alleged to have been stolen from Dr. Z. Chappoe, 316 Brunswick avenue. The policeman was on duty on Queen street, near Niagara street, when the car, containing four men, went past. Instantly he recognized the number as that of the missing car. Another motor car at that moment came along, and the officer jumped aboard, sped up a side street, and headed the first car off on Arthur street. As the two cars drew alongside, he jumped on the running board of the first car, and, seizing the steering wheel, steered the car into the curb, wrenching a wheel off. Three of the men, seeing that the game was up, jumped out of the car and escaped, but Johnson was not quick enough, and was caught. He was lodged in Clarendon street police station.

VETERANS' HEADQUARTERS Miss Church Appeals for Funds to Purchase Memorial Building.

In connection with the effort that is to be put forth for the purpose of securing the present Great War Veterans' Club as a permanent institution, the following letter has been sent out by Miss Church:

To the Women of Toronto:
July 1st, 1917, Canada celebrates the jubilee of confederation. The grandest possible memorial on that day would be a clubhouse headquarters for the Great War Veterans who have fought to maintain the ideals of Canada's confederation.

The need for a permanent home is indisputable, the cause is worthy and success can be attained by the united efforts of the women of the city. Every woman's organization is asked to co-operate and it is hoped that all Toronto women will unite in a supreme effort to make this magnificent memorial an actuality—a tribute from the women of our city which will stand for all time as an evidence of our appreciation of what the Great War Veterans have done for Canada, for the empire, for the world.

GREEK KING'S GOING CAUSES NO DISORDER

Abdication of Constantine Made
Known Officially—Goumaris a
Plotter.

London, June 13.—A statement in regard to the abdication of King Constantine was made in the House of Lords today by Earl Curzon, member of the war council. He was questioned by Lord Cawston as to what decision had been reached in regard to Constantine's future movements, but reserved information on this point, promising another statement at an early date.

An official despatch received in Ventzelist quarters in London from Salonica says the abdication of King Constantine has been made known officially to the people of Athens and that perfect order prevails. It is expected by the supporters of former Premier Venizelos that he will be recalled to power over united Greece and will work cordially and loyally with the new king.

It is felt to be absolutely necessary the despatch adds, to remove from Athens those men who, if possible, are more responsible than Constantine for the events which led to the crisis, namely, Gen. Doumanis, Col. Metaxas and former Premier Goumaris.
