Eleventh Hour Proposal by British Premier May End Miners' Strike Liberal Threat to Hold Up Interim Supply Is Made in Commons

POWERS EXPECTED TO ACCEPT VIEWS OF RIGHTS BY U. S.

If Not an Awkward Situation Would Be Brought About.

MAY DELAY REPLIES

Washington, April 7.—Administration officials, it may be stated with authority, confidently expect the allied governments to accept the principle restated by Secretary of State Hughes in his notes of last Monday to those governments that the United States has surrendered none of its rights in the overseas possessions of Germany and that it cannot be bound by decisions affecting those possessions made by the League of Nations without its assent. There is reason to believe that the correspondence on this subject, which initiated last November, will not be closed with the receipt of the replies from the Japanese, British, French and Italian foreign offices. If the expectations of United States officials are realized, the details regarding United States rights will have to be worked out in negotiation. It is, however, felt that the four powers do not find their way to an agreement with the United States viewpoint, there would materialize a situation, action on which officials refused any forecast.

DECLARES HORSES COMING BACK AGAIN

Parade Association Decides to Have Toronto Show on July First.

It transpired at a general meeting of the Toronto Open Air Horse Parade Association, held last evening at the King Edward, that there were more horses in the city today than had been the case for many years past. It was also stated that all the big express companies and cartage concerns in the United States were cutting out motors and replacing them with horses for delivery purposes within a circle of seven miles from the centre of the cities.

TURKS PROTEST USE OF STRAITS BY GREEKS

London, April 7.—The London Times reports that it has received advices from Constantinople that the Porte has protested to the allies against military use of the coasts of the Sea of Marmora and of the Straits of the Dardanelles by the Greeks on the ground that such use would contravene the treaty of Sevres.

BREAKS PRISON RULES BY EATING HAM AND EGGS

Ossining, N.Y., April 7.—Hash was on the dinner menu tonight at Sing Sing prison, but Robert P. Brindell, high-salaried labor leader, who became a five-year sentence Monday for extortion, ate ham and eggs. Charged with violation of the prison rules are facing him. The waiter, another convict, from whom Brindell said he obtained the delicacy, was deprived of his usual privileges and locked in a cell. Officials said the waiter probably would be sent to Clinton prison. The only inmates of Sing Sing who are permitted to eat eggs are patients in the hospital.

OPPOSITION LEADER SEEKS TO HOLD UP INTERIM SUPPLY BILL

Says Estimates Extravagant and Should Be Reduced Fifty Million Dollars—Proposes Payment of Salaries, But Minister of Finance Points Out That Many Other Payments Are Indispensable—Borden Also Protests Against Liberal Policy of Obstruction.

Ottawa, April 7.—Willing to wound, but afraid to strike, the Liberals, under the leadership of Hon. Mackenzie King, this afternoon held up the interim supply bill. The fiscal year ended March 31, 1921, and parliament has not yet voted the supply needed for the year ending March 31, 1922. In the nature of things, the entire supply bill cannot come into effect until about June 1, the government is therefore out of funds to carry on the public business. Civil servants in Ottawa and government officials and employes throughout the country will have to sit tight without any pay for a couple of months unless the interim supply bill passes. This afternoon, when the usual vote was asked by the government, Mr. King objected. He said that parliament should have been summoned earlier. The estimates, he said, were extravagant, and should be reduced by at least fifty million dollars. Apparently realizing that it would not be a popular move to bring about a suspension of all public business, Mr. King suggested a vote for salaries and wages, but nothing else.

WALK-OUT IS LED BY MAJOR TOLMIE

Action of Liberals in Early Morning Protest Against Rushing Thru Estimates.

At 2 a.m. today the legislature was still in session. Major Tolmie protested against rushing the estimates thru without proper consideration and insisted that it was time to go home. Hon. G. H. Ferguson declared that if the government was bound to go on it would be necessary to secure from the respective ministers a full explanation of the various items. Major Tolmie and the other Liberal members, with the exception of two or three, left the chamber, and there was no quorum for a while until the U.F.O. members were called into their seats.

NINE WORKMEN BURIED IN DETROIT CAVE-IN

Detroit, April 7.—Nine workmen were buried under ten to eighteen feet of earth when a cave-in occurred in a sewer excavation on the northern outskirts of the city late this afternoon, according to a report to the police.

ODessa AND DISTRICT FREED OF BOLSHEVIKI

Constantinople, April 7.—The Bolsheviks have occupied Erivan, Odessa and the district for fifty miles around that city, however, have been freed of the Bolsheviks. This section is without a government, so-called peaceful anarchy prevailing. Odessa is said to be the city to which the French purpose sending General Wrangel's army, but to this Wrangel objects. It is even reported that General Wrangel may use force to prevent the embarking of his troops.

WITHDRAWAL BY GOVERNMENT OF FAIR RENTALS BILL

Premier Says It Does Not Represent Views of Cabinet.

HAS SERVED PURPOSE

Notwithstanding their all night session, Ontario's legislature seemed to be as fresh as the proverbial daisy when they resumed yesterday afternoon. Short speeches were made of the day, and the result was that considerable routine business was transacted. Probably the most important measure discussed was the minister of labor's fair rentals bill, the details of which have already been published in The World. The premier explained that, while it was a government bill, it was not to be taken as representing the government's views in the matter. In fact, if he were a private member he would oppose it. However, the government brought in the measure so as to secure an expression of public opinion. Hon. W. R. Rollo thought the bill should go to a special committee where all sorts of opinions could be obtained. Mr. Rollo admitted that the bill as it stood did not exactly suit him. When the introducer of a bill was not in favor of it, said Hon. Thomas Crawford, it was time that it should be withdrawn. Served Good Purpose. Major Tolmie (Windsor) said the bill would result in good by reason of the discussion that had taken place. There was no doubt that opposition (Continued on Page 2, Column 2.)

TEA AND OLIVES GROW IN CANADA

Also Fig and Bamboo Crop This Year on Vancouver Island, Says Dr. Tolmie.

Ottawa, April 7.—(Canadian Press).—That there are now being successfully grown on Vancouver Island, and for the first time in Canada, both tea and olives, was the information given here tonight to a banquet of local horticulturists by Hon. Dr. Tolmie, federal minister of agriculture. This year, too, on Vancouver Island there will be a good fig crop. Filbert and almond trees are in full bloom and the bamboo crop is large enough to harvest for baskets and fishing poles. "This is an astonishing statement to those without our borders who are prone to think of Canada as a land of snowbanks and wild country," he said. Compete in Roses. Dr. Tolmie also thought it would only be a matter of time until Canada is able to buy its roses from Pacific coast towns and cities within her borders rather than import stock trees from Great Britain, Ireland and other countries. While in ordinary truck farming the oriental had been an aggressive competitor to the Anglo-Saxon, he had not yet been able to successfully compete with white growers in flowers, Dr. Tolmie stated.

IS NEWS TO GRAHAM.

Brookville, April 7.—"Never heard of it," was the comment of Hon. George F. Graham, ex-minister of railways and canals this afternoon, when shown a Belleville despatch stating that he was likely to be the Liberal candidate in the riding of Leeds and Brockville, left vacant by the resignation of Sir Thomas White. Hon. Mr. Graham is the Liberal candidate in South Essex at the coming general election.

Sinn Fein and Moderates To Unite for Elections

Dublin, April 7.—Joseph Devlin, Nationalist member of parliament for Belfast, and Eamonn de Valera, one of the prime movers in the Irish republican agitation, have ratified the agreement of last month, under which the Sinn Fein Constitutional and Nationalist parties will present a united front to the Unionist forces in the coming elections in the north of Ireland. All the candidates have agreed to accept the principle of self-determination for Ireland, and have pledged themselves to abstain from sitting in the Irish parliament, if elected.

CHARLES FORBIDDEN TO LEAVE LUCERNE

Has Refused to Abdicate or Renounce Rights to Young Son.

REGRETS ESCAPE

Lucerne, Switzerland, April 7.—Former Emperor Charles of Austria-Hungary, domiciled here after his unsuccessful trip to Hungary, in an effort to reclaim the Hungarian throne, is occupying with former Empress Zita, the same hotel suite that King Constantine and Queen Sophie of Greece lived in when they were in exile here. This suite is known locally as "The King's and Queen's refuge." The Swiss government permitted the ex-royal couple to return to Switzerland on condition that he take part in no intrigues or propaganda measures. He is prohibited from giving interviews or from leaving the canton of Lucerne, within the borders of which a villa eventually will be chosen for the family. Charles strongly desires to remain in Switzerland, as does the ex-empress, because of its healthfulness and the fact that it affords the education of their children. Therefore, he declared, there is no question as yet of their going to Spain. The ex-empress and ex-empress attended services at a local church. Both of them looked well, but tired. Charles seems to have recovered from his ailments and is in a cheerful mood. Sharing the exile of Charles in Lucerne, are many members of the Hungarian nobility, including Chamberlain Markus Pallavicini, Secretary von Borovicsenyi, Professor Weinhardt, Captains Schorta and Werkmann, and the Countess Schonborn. The Swiss Colonel Kissling and the Swiss "Trub" will remain here for a time. Regrets His Escape. The Marquis Pallavicini said today that except for the veto of the allies the Little Entente, which had disarmed Hungary, would have been unable to withstand the situation and that Charles would have been king, as the people desired him. He added that Admiral Horthy was ready to resign if the country was safe from outside interference. The Marquis Pallavicini added that Charles had agreed to leave Hungary in order to present war, but that he refused to abdicate, or renounce his rights in favor of his young son, Otto. He said that Charles regretted his escape. The former monarch, however, considered that his return to the throne had only been postponed until some favorable time. ANTI-DIVORCE MOVE BY NIAGARA SYNOD; CALL FOR PETITIONS

Opposes Federal Measure for Establishment of Divorce Courts.

TO AROUSE DIOCESE

Hamilton, April 7.—Being of the opinion that the evils of divorce will increase if power is granted to courts to dissolve marriages for causes arising after marriages, the committee appointed by the Niagara Synod have recommended against the granting of divorces in this country, and arrangements have been made to circulate petitions through the diocese opposing this. These petitions, when filled, will be submitted to the senate and house of commons. The forms have been prepared and will be sent to every clergyman in the diocese, whose duty will be to see that the members of the congregation who uphold the views attach their names, and when filled, they are to be returned. Copy of the Petitions. The following is a copy of the petitions, which will be sent out in a few days: "Your petitioners believe that our Blessed Lord and Master, Jesus Christ, intended that a marriage, by full and free consent between persons competent to marry, should be indissoluble and are convinced that the hope of our nation lies in the purity and development of the family founded upon the lifelong union of husband and wife. "Wherefore, your petitioners pray that the parliament of Canada cease to discuss lawful marriages and that the jurisdiction of the courts of Canada in causes matrimonial (whether now existent or hereafter conferred) be limited to decrees for judicial separations and to decrees of nullity—the latter in such cases as the law is made clearly to appear that for causes preceding the marriage ceremony, such as consanguinity, incest, insanity or impotency, etc. (Continued on Page 2, Column 5.)

STEEL MERGER NOW RATIFIED

Dominion Steel and Nova Scotia Shareholders Convey Their Approval.

Sydney, N.S., April 7.—Dominion Steel and Nova Scotia today ratified the agreement of the merger of the two companies and the Halifax shipyard, limited, as the British Empire Steel Corporation Ltd. The holders of the Dominion Steel and Nova Scotia Steel and Coal Co. Ltd. also met today at New Glasgow and approved a similar agreement in respect to the exchange of their shares for shares of the British Empire Corporation. Three meetings virtually complete the consolidation of these companies and the Halifax Shipyard, Ltd., the only remaining item of the immediate interest to the shareholders is the actual exchange of the existing shares for their shares in these companies for those of the British Empire Steel Corporation. Arrangements for the exchange may be made on April 15. The shares of the British Empire Steel Corporation will be listed on the stock exchanges in Montreal, Toronto and New York, and probably in London also. TEN MILLION DOLLARS IN SUSPECTED RUM RING. Chicago, April 7.—Federal prohibition agents here today are on the trail of a "\$10,000,000 rum ring," which they allege has been revealed through confessions of men under arrest. Politicians, liquor dealers, and capitalists are said to be involved. According to government agents, the ring operated exclusively thru stolen or forged permits for withdrawal of liquor from government warehouses. Approximately \$10,000,000 of these permits are said to have been issued. Three men who have been arrested in connection with the ring are Walter A. Sadler, who called himself a New York stock broker; Jack Costello, an actor, and James Shea, a private detective of New York.

GERMAN CAPTAIN SHOOT INTER-ALLIED OFFICIALS

Berlin, April 7.—The Berliner Zeitung reports that a German captain, named Von Demming, recently attacked and wounded three officials of the inter-allied prohibition commission at Glogwitz, Prussian Silesia. The newspaper says Von Demming was then shot down by another member of the commission.

Five U. S. Railway Unions Agree to Hold Conference

Chicago, April 7.—Five railroad labor unions, with 600,000 members, tonight submitted to President Harding's labor plan for ending industrial disputes between the roads and their workers, proposing that the president call a conference of representatives of both sides, at which new rules governing working conditions would be worked out to take the place of the national agreements now in dispute before the railroad labor board. The proposal was contained in a statement by representatives of the five mechanical unions and was sent to the president by E. M. Jewell, president of the railway employees' department of the American Federation of Labor. It proposed that all wage disputes be held in abeyance pending the conference, holding that the matter of wages could be quickly adjusted to the satisfaction of all as soon as the question of rules had been settled. The telegram was sent in response to a request from President Harding at the recent conference he held with Mr. Jewell that labor submit its plan for ending the railroad industrial troubles. It included twelve points, which were termed "labor's self-evident and inalienable rights," which, it said, would have to be settled at the proposed conference and specified that the national agreements should be discounted in any way pending the outcome of the proposed conference. It was suggested that the conference be held under the jurisdiction of the railroad labor board, which would have full authority over it. Included in the twelve points which the unions said should be upheld were the basic eight-hour day, the right of collective bargaining, the right of each craft to decide what order allied industries should be held under the jurisdiction of the conference with employers and adjustment of "proper pay" for overtime work.
