House of Commons, should pass into a law. It the remembered that Earl Ten ple, father of the law of Mondischam, but the most of stopping, in progress through the House of Lords, Mr. Forstons India Bill, in 1783 j. it was always supposed or the influence of George III.

May I Fandly Janes.—The papers are all throwing ambiguous limits, that excitain discerding notes been heard in the Pavillon. On one occasion of sure, the Premier felt mode best heard to dead of the Armonia of sure, the Premier felt mode best heard to be lead of the Armonia of sure, the Premier felt mode best heard to be lead of sheld. He was desired by the King to lead Queen into the diving room, when her Majerty k the arm of monther Nobleman. It is very comey understood that the Queen is not involved to Recommendarel, was feel, and treated with calming on her Majerty leads to be a common of the proposition in part of the divingual of the theory of the control of the control of the control of the divingual of the theory of the control of the control of the control of the divingual of the control of the feet, a solid of the fact, and it field (but, of course, we were not present, and canvouch for the fact,) a solid of influence of the country of the control of the control of the form of the Royal Lady no harm, special Commissions of last winter for the country the product of the fact, and it field but, of course, we were not present, and canvouch for the fact,) a solid of influence of Lords, this evening, Lord Goden in answer to a question by order of Palament, that special commissions of last winter for the country the plant of the country of a relation of the country of the country of a relation of the country of a relation of the country of a relation o
