### A Price Smash For Cash

It is hardly necessary to elaborate on the character of our merchandise or the great benefits Saint John people will derive from this undertaking, sufficient to say that our usual guarantee of complete satisfaction will accompany every purchase, the same as if our regular prices were paid.

The few price quotations which we have selected at random in various departments accurately portray the tremendous savings.

### Daring Price Concessions Prevail

We do not undertake this sale with any thought of profit. To accomplish our purpose of stock reduction we will cheerfully accept losses of no small proportion on many lines. However, we will profit in another manner, which is of far greater importance to us than monetary gain. That profit will be in winning hundreds of new friends and customers to this store and decisively emphasizing the fact that Gundry's prices are consistently lower than those offered elsewhere on goods of recognized high quality.
