SAID HE COULD NEVER BE WELL

"Fruit-a-lives" Restored Him to Health

159 Avenue Du Parc, Montreal.
"For three years I was a terrible sufferer from dyspepsia and my general health was very bad. I consulted a physician and took his medicine but I did not improve; and finally he told me that I could not be cured.
At this time, a friend advised me to try 'Fruit-a-lives.' After taking two boxes, I was greatly relieved, and this fruit medicine made me completely well. My digestion and general health are now splendid."

GASPARD DUBARD.

Insects are among the worst enemies of the human race. They destroy millions of dollars worth of farm crops annually in Canada and their destruction of lumber in the forests is also very heavy. The officers of the Dominion Department of Agriculture and the Forestry Branch of the Department of the Interior are constantly working to reduce the damage from this cause. So far as the general public is concerned, and this applies particularly to boys and girls, the best help they can give is to protect the birds. In some cases in England owners have saved their planted forests by putting up bird-houses and insecticides. In Canada in the past insects have been kept in control by birds. If the birds destroyed or driven

ECZEMA ON FACE AND HEAD FOR FIVE YEARS

Eczema or salt rheum, as it is so often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subside, leaving a crust or scale is formed and the intense burning, itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed.

There is only one way to get relief and no remedy like

BURDOCK BLOOD BITTERS. Take it internally and it gets at the seat of the disease in the blood and drives it out of the system.

Apply it externally and it takes out the itching, stinging and burning, and promotes healthy healing.

Mr. J. Sage, 215 Princess Ave., Vancouver, B. C., writes: "Having suffered with eczema on the face and head, for the last five years, I consulted several doctors, and tried various kinds of salves and ointments, but I derived no benefit from any of them. I did not know what to do until I read in the paper of a cure by Burdock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blotch on me. I feel that I cannot praise B. B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint."

B. B. B. put up only by The T. M. B. B. Co., Limited, Toronto, Ont.

away the insects multiply exceedingly and the farms and the forests suffer. Cats are inveterate bird killers and cat owners both in the city and the country should be on the alert to prevent such destruction.
