THE FAIRVILLE PLAY-GROUNDS SEASON CLOSED

Year Was Very Successful and Children Most Enthusiastic—Prizes Are Awarded.

The Fairville playgrounds were closed yesterday afternoon a season with a record for good attendance and enthusiastic interest of the children. The closing exercises were planned to make the day one of pure pleasure for the children and consisted of various games and entertainments in which all of the 100 children participated with visible enjoyment. Under the excellent supervision of Miss Turner and her assistant Miss Hennessey, the children have spent a very happy summer, and yesterday their hopes were centred in the prospect of attending the playground again next year.

The committee raised sufficient funds for the playgrounds by a successful tag day and the grounds are able to boast that the season closes with a clear sheet. Much credit is due the citizens for the support given the grounds. It is anticipated that next year will see further improvements and additional equipment forthcoming—this year's showing having given a decided stimulus to the project.

One feature of yesterday's programme was the presentation of four prizes, one of which was given by Mrs. O. G. Phillips. The presentation was made by Miss M. E. O'Brien and prizes were awarded the boys and girls with the highest score for croquet, the boy who had proved most helpful as "right-hand man" and the girl who had done the best knitting. The work exhibited, though not large in quantity, was of excellent workmanship.

The prize winners were Harry Phillips, boys' croquet prize; Georgina Marston, girls' croquet prize; Millicent Matson, best work prize for girls; and Audrey Kerrigan, best "right-hand man."

RETURNED MAN WELCOMED.

The Orange Hall, Germain street, was the scene of festivities last evening when Gordon Cummings was warmly and affectionately honored by a large party of his friends who are glad in all sincerity that, having enlisted with the first contingent and spent over four years overseas, their old "pal" is once more home with them. During the evening James Stevens, on behalf of the assembled party of friends, presented Mr. Cummings a handsome topaz ring, accompanying the presentation by very appropriate remarks relative to Mr. Cummings' participation in the war. The whole party joined heartily in singing "He's a Jolly Good Fellow" at the close of the presentation. Music for dancing was furnished by a local orchestra and about sixty couples took part. The entertainment was in charge of Mrs. Edith Anderson and Mrs. D. Cummings.

If you were treasure hunting on the light of the moon, our new Fall overcoat would be one of your best finds. For cool night, showery day and to put on over your evening dress when you go to that dinner. Aside from the common sense comfort of these garments, their style alone is sufficient to make their popularity.

GREAT INJUSTICE is done to many children by accusing them of obstinacy, inattention and stupidity, when they are subjects of physical defects of sight. At first glance they are slow to recognize a word, but it seems to come to them afterward. Such children, with the proper adjustment of glasses, often become the brightest of scholars.

"What's that! You are fined fifty dollars for sufficient of court."

THE Anglin organization has been operating for thirteen years in Montreal and throughout the Dominion, and has specialized in industrial buildings. The Norcross Company has been in successful operation for over fifty-three years and has built literally hundreds of America's biggest buildings. During the past six years these two firms have jointly done over \$9,000,000 of work in Canada, an average of \$1,500,000 per annum, and that, despite adverse war conditions. Since March 1st, under the new organization, over \$650,000 of new contracts have been signed up and are now under construction. This is in addition to about a million dollars of work in hand at the time of amalgamation.

On the basis of a fair average net profit, after deducting overhead charges and depreciation, a minimum of \$2,000,000 turn-over per year would provide earnings to pay all charges and preferred dividends and earn about 8% on the entire outstanding Common Stock. On the same basis, \$3,000,000 of business would earn about 14% on the Common Stock.

NOTE: Where fractions arise in distribution of bonus to common shares, such fractions will be adjusted in cash on the basis of \$12. per share.

We consider this stock one of the best securities now available for public investment.
