

GENERAL ELECTION IN SEPTEMBER PREDICTED

Result of Decision of Liberal Majority in Senate to Hold up Naval Bill For Approval of Electors

Ottawa, May 21.—That there will be an election seems almost certain. The government is making preparations to go to the country.

The senate will defer giving effect to the naval bill until there has been an appeal to the people.

It will be a flag waving campaign. Today there was a caucus of Liberal senators, which was presided over by Sir George Ross, and attended by all the Liberal members of the upper house. There was a full and frank discussion of the situation in which all the phases of the naval issue were dealt with. It was unanimously decided that the future welfare of Canada and the empire demanded an expression from the people upon the proposals contained in the bill.

It is understood that there will be offered to the bill an amendment similar to that which Senator Loughheed offered to the Laurier naval bill. When the Liberal naval bill, providing for the construction of a fleet in Canada came before the senate in 1910, Hon. Mr. Loughheed, as leader of the Conservative opposition, offered an amendment de-

claring that the bill should not become law until there had been an appeal to the electors at the polls.

While the bill will be called tomorrow for second reading, it is understood that the second reading will not be proceeded with until Friday and possibly not until next week, probably on Monday or Tuesday. Hon. Mr. Loughheed will make the motion for the second reading and give the government's reasons in support of the bill.

Sir George Ross will follow the next day with a statement of the opposition's position. The debate is likely to last for the remainder of the week.

The government declares that if the senate holds up the bill it will dissolve parliament and bring on a general election. This will probably come some time in September.

In the meantime an effort will be made to further co-operate with Winston Churchill for the development of a new German secure to strengthen the hands of the Canadian government in the election and to convince the electors that the Conservative financial aid given to the British navy.

ONE YEAR IN THE AFRICAN JUNGLE

Huge Rhino killed as it charged the motion picture operator on the Paul J. Rainey African Hunt.

To any one who may be unfamiliar with the Rainey Pictures a word of explanation will not be amiss. Paul J. Rainey is a Cleveland millionaire who went to Africa to hunt the lion with a pack of Mississippi hounds. Mr. Rainey having tried most every other form of sport known to the follower of the gun. With Mr. Rainey and his party of chosen hunters were several men of science who represented the Smithsonian Institute and the American Museum of Natural History, at New York. Then there were the 180 natives, camels, horses, oxen and sheep, who bore the burden of the long march. The expedition was successful in every way; not only did Mr. Rainey prove the superiority of the American dog but he was the pioneer in a new form of hunting—cap-

turing with the motion picture camera. The exciting adventures that befell the party, Mr. Rainey brought back with him in detail on the long ribbons of celluloid film. And instead of the fireless tales this hunter brings back with him authentic and lasting evidence of a year spent in an African jungle. Never before has anyone so preserved his thrilling encounters in the manner that Mr. Rainey has—the films being graphic evidence of hunts and encounters whose very unusualness would be discredited if the story was told by word of mouth. The scientific side of the hunt was also very successful—the explorers bringing back some 6,000 specimens. The Rainey pictures will be shown all next week at the Opera House, afternoon and evening, and are lectured by Dr. F. N. Glover, of New York.

SCHWAB DEFENDS STEEL TRUST

New York, May 21.—Because of the fact that the United States Steel corporation owned some seventy-five per cent of the ore reserves of the country, it would have been impossible in 1901

to have organized another corporation its equal, Charles M. Schwab, first president of the corporation, testified today in the hearing of the government suit to disallow the corporation as an illegal combination. The testimony was adduced from the witness in cross-examination by government counsel in support of the charge that the Steel Corporation is a monopoly.

Mr. Schwab said, however, that ores could have been imported from foreign countries and a corporation as big as the United States Steel organized provided its plants were located in the east. He conceded, on the other hand, that there were no other financial interests in the United States as strong as those which went into the corporation namely, J. P. Morgan & Co., the Rockefeller-Standard Oil interests, the Carnegie interests and "W. H. Moore group."
