Cincinnati, O., Aug. 14.—The fight between the American I'ederation of Labor and the American Union, was brought before the convention of the International Typographical Union to-day in a letter to President Lynch from H. L. Sholdice, of the Laundry Workers' Union of Denver, Colorado. Mr. Sholdice wanted the printers to restrict their membership strictly to printers and exclude printers who are also members of the Machinists' Union, or other unions. LARGE FORCE AT SCENE

Sympathetic Strike Abolished.

Chicago, Aug, 15.—Teamsters and their employers, in separate meeting, last right decided to abolish the sympathetic strike from the teaming industry. The employers, at a down town hotel, combined to fight the sympathetic strikers and the teamsters, at their headquarters, agreed that in future such action could not be taken unless sanctioned by a two-thirds vote of the joint executive committee of all the locals. The disastrous results of the recent strike by the freight handlers and packing house teamsters brought both parties to a realization of the evils of the sympathetic surface.

ANXIOUS TO EMIGRATE. Members of Religious Orders Expelled From France Seek Permission to Go Abroad.

Rome, Aug. 15.-Members of the religious orders expelled from France, especially the Sisters, are applying to the Vatican authorities for permission to settle in the United States. Several of them have come to Rome personally to urge their requests. A reply has been sent to them pointing out that there are no vacancies in the United States, and the difficulty arising from the fact that the expelled sisters do not speak English. Canada has been suggested as a better field, as Sisters are comparatively scarce there and because French is spoken in a large area of the Dominion. The applicants, however, did not take kindly to the suggestion and persist in their request to go to the United States.
