LOOK IN THE BREAD BOX and see if you have some of IZZARD'S Milk Bread

Unless Dog Owners Take Out Licenses Before July 1st, they will be Liable for Higher Fees.

REGIMENTAL ORDERS FOR 62ND REGIMENT

Extracts from regimental orders by Lt. Col. J. L. McAvity, O. C. 62nd Regt. St. John Fusiliers:

Several hundred people are liable to pay double taxes on their dogs this year, unless they act promptly.

The age of the dog at the time of the exchange is not a material fact, as it was being kept up to date by the expenditures for its use.

Mr. Powell drew attention to the statement made by the company's officials that the number of poles within the city limits is 1,239.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Spent Whole Day in Telephone Enquiry

Three Sessions Before the Public Utilities Commission Yesterday, were Taken up with Probing the Affairs of the N. B. Telephone Company — Experts Tell of Telephone Plant Operation and Expenses.

The telephone investigation was continued yesterday before the Utilities Commission. There were three sessions, an extra session being held last night. The greater portion of the day's proceedings related to the inventories of the company's property, as furnished by the experts detailed to prepare these statements.

The witness gave further details regarding the cable and conduit systems used in St. John. He had found that the underground conduits had cost much less in this city than in certain parts of the United States. Some classes of labor were cheaper here, but in others he found little difference.

He estimated the cost of the underground work on figures for similar construction in other places, taking into consideration the local conditions and cost of materials.

He estimated that about half the work was done in earth, about one-tenth in shale rock and the rest in flint rock and cast iron houlder.

The witness had not applied to the company for information regarding the actual cost of the work because he considered his own estimate more accurate. He had found that in every place the record kept by the company of construction cost was usually inaccurate owing to important factors being omitted, and he knew what the estimate would be.

Continuing, witness said that he had found large factors omitted, such as hauling, distribution, supervision, engineering costs, etc.

In explanation of the number of poles in St. John, the witness said that this included not only those in the limits of the St. John exchange, but also those carrying toll lines out of St. John to points half way to the next exchange.

Mr. Powell drew attention to the statement made by the company's officials that the number of poles within the city limits is 1,239.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Reports Submitted Last Night Showed Deep Interest in Work of Year, and Most Encouraging Progress.

The 71st annual meeting of the Ladies' Guild of the Methodist Episcopal Church, St. John, was held in the vestry last evening. Rev. W. B. Robinson presided. The meeting was largely attended and the greatest interest evinced in all the business transacted.

The following engineering certificates were awarded by the N. B. Telephone Company: A. B. Clark, Bear River, N. S.; Roy A. Spencer, Glace Bay, N. S.; C. L. Miller, Lawrenceville, N. S.; O. E. Westbrook, Wolfville, N. S.; S. W. F. Swisher, Kentville, N. S.; Robert K. Murray and Melbourne O'Brien will receive their engineering certificate this summer on completion of their work.

The Peace Movement and the Outlook by Helen Bancroft. The essays delivered were of an especially high order, and reflected the high character of the subject matter well handled.

Those graduating with honors were announced as follows: The degree of D. C. L. was conferred on the graduates, Dr. Cutten has thoroughly won the confidence of the student body during his short stay here, and has left a deep and lasting impression on the graduating class.

Dr. Cutten's Address. This morning Dr. Cutten announced that the forward movement had resulted in the raising of \$150,000 to which John D. Rockefeller will add \$50,000.

Amid loud applause the following honorary degrees were announced: The degree of D. C. L. was conferred on the following: W. E. Roscoe of Kentville, N. S.; E. D. King of Halifax, N. S.

Mr. Roscoe received his early education in his own province and later graduated from Dalhousie. In 1870 he was admitted to the bar of Nova Scotia as a student teacher.

Mr. King was a student teacher in 1867 he was admitted to the bar of Nova Scotia and in 1884 was created Q. C. For 28 years he has been a member of Acadia's board of governors.

The following M. A.'s in course were conferred: Rose Freeman Colwell, Lona J. Z. Belyea, Clifford Todd Clark, Edmund Hillier Cochrane, Daniel Elias Hatt, Gilbert W. White.

The following prize winners were announced. Through generous donations the prize list at Acadia is gradually increasing, and competition for

actual revenue for the year 1909 and 1910 was \$1,000,000. The operating expenses were \$23,189. The amount for current maintenance was \$19,999 and the appropriation according to revenue \$13,268.

Following the reading of the inventory Mr. Powell cross examined witness regarding his method of making up his statement.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

Mr. Powell said that he took some of the records and went over the ground checking of each pole.

THE HOUSE OF THE CONSTITUTION

"Fruit-a-lives" Alone Cures This Disease. A famous scientist states that constipation, or non-action of the bowels, causes more deaths than all other diseases combined.

Constipation is caused by a weak or sluggish Liver. It is the only curative of the body, is secreted by the Liver, which in turn should pour out into the intestines sufficient bile to move the bowels. Unless the liver is active the bowels cannot be moved to move the bowels regularly, and constipation is the result.

"Fruit-a-lives" the famous fruit medicine which cures constipation because it acts directly on the Liver, relieves the congestion—increases the quantity of bile—and strengthens the bowels muscles.

The wedding of James E. Davidson to Miss Estelle B. Appleby took place last evening at the home of the bride's mother, Mrs. Elizabeth Appleby, 59 Murray street.

The wedding of Frederick Kierstead of Robesay, to Miss Emma Porter, of Kingston, took place yesterday afternoon at the residence of Mr. Kierstead's mother, Robesay, Rev. W. Camp performing the ceremony.

An interesting event will take place tonight, at the residence of ex-Ald. Sprout, 281 Princess street, when his daughter, Miss Alice Sprout, will be married to Captain George Murphy.

The wedding of John Edward Vanwart, of Esvandale, Kings county, to Miss Alice Slipp of Hamstead, Queens county took place on Wednesday afternoon at the residence of Rev. Dr. Hutchinson, Douglas avenue.
