**Sled Breaks Down.**  
The breaking of a bunk on the front bobs of a loaded team belonging to the F. S. Sayre Lumber Company, yesterday afternoon on Mill street, caused considerable excitement for a few minutes among the passersby. Luckily no one was hurt and a new sled was quickly procured and the lumber removed.

## TOURIST ASSOCIATION WILL MOVE TO KING STREET

Offices will be fitted up in the Sears Building—Attractions for Visitors Discussed at Length.

At the meeting of the directors of the N. B. Tourist Association held yesterday afternoon, it was decided to remove the office of the Association to the Sears building, on King street, which is considered more central. The directors will furnish more commodious quarters than those at present occupied. The following officers were elected for the ensuing year:

President, Frank B. Ellis; 1st vice-president, T. Q. Dowling; 2nd vice-president, F. A. Dykeman; secretary, Miss Lingay; treasurer, A. C. Currie; auditor, S. P. Bustin.

An appropriation was made to carry on the regular advertising work for the year, and a committee was appointed to look after the advertising campaign.

The question of providing local attractions for tourists, was discussed at some length, and various amusement propositions were put forward. It was decided to call the attention of the garage people to the need of a large touring car to take the place of the tuckboard, which conveys tourists about the city. It was also pointed out that there was need of a motor boat service on the harbor, with regular trips to points of interest, affording tourists a chance to see the harbor such as has not been available in past seasons.

Another matter taken up was that of enclosing a map of Rockwood Park, which has been prepared by the Horticultural Society, in the tourist booklet, which will be issued by the association this year.

## SEES ACTIVE TIME FOR ST. JOHN AHEAD

What the Financial Post of Canada Thinks of Real Estate Prospects in the Winter Port.

Appropos of the real estate situation in St. John and New Brunswick generally, The Financial Post of Canada in its issue of January 27th has this to say: "The railways are as usual, playing the most important part in the country's enterprise, and this is especially noted in New Brunswick at present. Indeed it might be safe to say that in New Brunswick and British Columbia, real estate activities will be most marked this year. The approaching completion of the Panama Canal must exercise a potent influence on the Pacific coast, and together with railway plans rapidly nearing fulfillment will attract attention not only to Vancouver and the towns within a close radius, including New Westminster and Port Mann, but to Victoria as well. Similar reasons are operative in the favor of St. John, N. B., and in a lesser degree to Fredericton and Amherst as well. Vast sums are to be spent in harbor improvement and railway construction within the next few years, and St. John, although Halifax has its own views as to this, seems destined to become to the Atlantic what Vancouver is to the Pacific, but with a much larger shipping trade at least for years to come."

## ST. F. XAVIERS PLAY HARVARD TOMORROW

Nova Scotia College Team to Cross Sticks with Crimson Seven Tomorrow Night in Boston.

The St. Francis Xavier hockey team passed through the city last evening en route to Boston, where they will play the Harvard seven on Wednesday evening. The Antigonish team are a sturdy looking aggregation, and look as if they could not only hold their own, as far as strength goes, but are for the majority long and clean of limb, and look good for speed as well. The team arrived from Antigonish on the Halifax express last evening accompanied by Rev. Father Rodrick McIntyre, who will go along with them on the trip. The personnel of the Antigonish septette on Wednesday night will likely be, goal, Cribbs; point, McInnes; cover point, Borden; center, Sears; wings, Fraser and McDonald; substitutes, Dwyer and Morison.

The team which will represent the Nova Scotia college is practically a new team, only two of last year's team figuring in the lineup. They have given a good account of themselves thus far in the season, however, winning all three games which they have played. The three games which they have won this season were from the past Shamrocks, of New Glasgow; the Victorias, of Antigonish, and the King's College team, of Windsor, N. S.

If the game against Harvard tomorrow night the Xaverians hope to give a good account of themselves. Last year's game between Harvard and St. Francis was won by the American players, the score being 8-2. The St. FX. team this year, according to reports, although made up of new material, is a good one, and while they assuredly cannot be accused of over-confidence in tomorrow night's result, a number of the players admitted to The Standard that they expect to retrieve to some extent last year's score.

Mrs. Kent Scott's recital on splendid Chickering concert grand piano in Centenary schoolroom Thursday evening, will give the rendition of best composers' choicest compositions.

P. E. Marvin left on the Boston train last evening for Hartford, Conn.

## TO DISCUSS MEANS TO ATTRACT IMMIGRANTS

Will Hold Convention in Fredericton After Local House Opens—Meeting Here Yesterday.

Representatives of the Fredericton board of trade met a committee from the St. John board in the board of trade rooms yesterday afternoon and decided to hold a big immigration convention in Fredericton the day after the opening of the provincial legislature. At this convention various plans for attracting immigrants to the province will be discussed. Preliminary arrangements were made at the meeting yesterday and it was decided to invite delegates from every agricultural society in the province, every board of trade, the warden of each county, members of the local house, mayors of towns in the province and additional representatives from all the farmer's and dairymen's associations and fruit growers' associations as well as from the transportation companies. The Fredericton and the St. John boards of trade will appoint a committee to draw up a programme for the convention.

Representatives will also be invited from the immigration department of the Ontario government and from the Quebec government, from the Nova Scotia and Prince Edward Island government, and Mr. Hawkes, commissioner of immigration, and the Hon. Mr. Rogers, minister of the interior, will also be asked to attend. The delegates will be appointed to attend the annual meeting of the Farmers' and Dairymen's Association for the purpose of soliciting their support in a big immigration policy for the province.

Among the subjects to be discussed will be a request to the transportation companies to make it as easy for people to come from the west to the east as it is now for the people to go west at certain times of the year; the desirability of greater publicity for the provinces; the importance of co-operation between the men in the country and the men in the city for the development of the provinces; the establishing of central information bureaus in the province where immigrants may look for reliable information and assistance in the solution of difficulties experienced by new comers settling in the country; the re-creation of settlement and the establishment of a state bank to aid agricultural development.

At yesterday's meeting the Fredericton board of trade was represented by Mr. Jennings, president of the board, Mr. McCreedy, city treasurer of Fredericton, A. R. Slipp, M. P. P. and H. S. Campbell, secretary of the Fredericton board of trade.

The royal mail Allan line steamship Grampian arrived yesterday afternoon and docked at the West Side and landed here 145 passengers all the rest having been landed at Halifax. The Grampian was six hours late in sailing from Liverpool and from the first encountered bad weather. The worst gale of the voyage was encountered last Thursday, and on that day the steamer only logged 152 miles. ## FRIENDS OF MT. A. TO ENDOW A CHAIR

At a large and enthusiastic meeting of friends of Mount Allison held last evening, at which the financial situation of the institution was discussed, it was decided to leave the work of arranging the details for the subscribing of a fund to establish a St. John chair at Mount Allison to the St. John section of the Alumni Association. Already a sum of \$10,000 has been subscribed towards the endowment fund by St. John friends of Mount Allison, and several others have under consideration the contribution of large amounts. The balance of the amount required to found the St. John chair will be left in the hands of the St. John branch of the alumni.

The amount which the institutions are endeavoring to raise is in the vicinity of \$200,000. Of this amount about \$70,000 has been subscribed already. Those who attended the meeting last evening were greatly impressed with the urgent need of additional endowment, and expressed themselves as confident that the required amount will be raised. The matter of establishing a St. John chair has met with the approval of the friends of the college in St. John, and they are confident that the required balance can be arranged for.
