THE DANGER OF A STRIKE DIMINISHES

Yesterday's Conferences With Ministers to be Repeated Soon.

Labor Leaders Satisfied With Result of Negotiations Look For Peaceful Settlement of Differences With Owners.

London, Feb. 22.—The coal owners have appointed a committee to hold further consultations with the premier and his colleagues and the miners' representatives have been invited to have a committee meet the premier and his colleagues when the national miners conference opens in London on Feb. 27. Such is the sum total of official information divulged concerning the momentous meetings held in the Foreign Office today, which marks the beginning of the government's efforts to avert the great industrial calamity now threatened in this country.

What actually transpired in the conference is shrouded in the most rigid secrecy. Three conferences were held during the day, two of them with the representatives of the miners and the other with the coal owners' representatives. No meetings occurred between the disputants. It has not yet been determined whether the miners will accept the invitation, as the delegates are unable to give pledges until the meeting of the constituent body on Feb. 27.

It was noticeable, however, after the official summary of the proceedings was issued that a much more hopeful feeling with reference to the outcome prevailed in the parliamentary lobbies from which it is to be inferred that some encouraging information on the results of the conference has leaked out.

The miners' representatives had a second meeting with the Cabinet Ministers this evening, they agreed to appoint a committee which would furnish to Premier Asquith all information regarding the miners' side of the dispute that he desires.

The men's leaders appear to be pleased with the development thus far in the threatened strike situation, and expressed willingness for a joint conference with the mine owners if that step were required. A prominent labor member of parliament said that he firmly believed a strike would be averted.

Do Your Hands Chap?

Zam-Buk Will Give Ease in One Night

For badly chapped hands, cold cracks, frost bite, etc., Zam-Buk is the best known balm. Wash the hands or part affected in water as hot as can be borne. Dry with a soft towel, and then smear the Zam-Buk well over the part. If it is the hands, wear a pair of old gloves overnight. By morning the pain will be gone. Then use Zam-Buk a few more times and the cracks will be healed. Mrs. A. F. Phillips, of Asper, Ont., Que., says: "I suffered terribly from chapped hands. At times my hands were so sore that I could almost have cried with the pain. I tried Zam-Buk and in a very short time my hands were cured."

Mrs. W. S. writes: "Some time ago my hands were very badly chapped. Ordinary ointments did not heal them, and I was advised to try Zam-Buk. To my great delight, it healed my hands completely."

Zam-Buk will also be found a sure cure for piles, ulcers, blood-poison, varicose sores, cuts, burns, bruises, and skin irritations generally. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, on receipt of price.

ANNUAL MEETING OF C. OF E. INSTITUTE

Officers were Elected Last Evening and Interesting Reports Received Telling of Successful Year's Efforts.

The annual meeting of the Church of England Institute was held last evening when the following officers were elected:

President—Rev. E. B. Hooper.
 Vice-presidents—J. K. Schofield, R. Frith, Mrs. L. P. D. Tilley, Mrs. W. D. Forster, Mrs. Geo. F. Smith.
 Council—R. E. Coupe, Chas. Coster, W. H. B. Sadeir, J. E. Secord, H. H. Pickett, N. W. Brennan, H. A. Porter, Mrs. E. M. Shadbill, Mrs. W. O. Raymond, Mrs. Thos. Walker, Mrs. J. M. Hay, Mrs. Neales, Mrs. John McMillan.

The reports of the Ladies' Association and the managing committee were received and adopted, being of a satisfactory nature. Owing to the absence of the president, who had in hand the matter of appointing a city missionary, the question which will involve the raising of a considerable sum of money was referred to the incoming council. There was some discussion in regard to the management of the Institute during the year, but nothing definite was decided on.

THE TARIFF BOARD BILL PROGRESSES

Continued from page 1.

The remainder of the afternoon was spent on the question of confidential information.

D. D. McKenzie moved the following amendment: "It shall be unlawful to receive any application secretly or to receive in writing anything which shall not be a public document."

Mr. White represented the need for keeping confidential Mr. Fielding had received hundreds of confidential communications. The financial standing of a company, trade secrets, the names of customers, all sorts of things like that might be mentioned to the commission. Public opinion would not tolerate the publication of such information. The amendment meant that the commission should abstain from getting certain classes of information because it was confidential. "We want all the information we can get," he said.

In reply to A. K. McLean, the Minister said that the clause was inserted to encourage business men to confide information to the commission.

Evening Sitting.

In the evening Mr. White proposed an amendment covering the point raised by Mr. Pugsley's amendment. It provides that persons so desiring may give evidence "relative to the inquiry then being held by the commission."

The House resumed the discussion on confidential information. The only incident was the objection made by Mrs. White to Mr. Pugsley's use of the expression, "Star chamber."

"Why does my hon. friend use these words?" asked Mr. White. "Is it because of his own past experience with tariff commissions?"

Also the Liberals once more clamored for the names of the commissioners. They did not get them.

The McKenzie amendment was voted down.

Mr. Pugsley moved an amendment providing that the commissioners report their investigations, together with the evidence to the Finance Minister, within ten days after the opening of the next session.

Mr. Pugsley attempted to move the same amendment over again, in slightly different terms. His second amendment was:

"The said commission shall submit the result of its investigation, including all testimony to the Minister of Finance who shall lay it before parliament within ten days after the opening of the next session."

W. H. Bennett, who was chairman of the committee ruled this out of order, as being practically the same as his earlier motion.

Mr. Pugsley protested and appealed to the speaker. The committee rose and the question was submitted to the speaker who submitted it to the House. Mr. Bennett's decision was upheld.

Mr. Pugsley angrily declared that he wished the question submitted to the speaker not to the House.

The Conservatives drowned Mr. Pugsley's voice with cries of "order" and a tumult ensued. The Liberals shouting back and disorder reigned.

Finally the voice of Mr. Gauvreau, of Temiscouata was heard over the din. "You ought to be ashamed of yourself."

Major Currie demanded a withdrawal and Mr. Bennett directed Mr. Gauvreau to retract.

"You were not in your seat when I said it," replied Mr. Gauvreau. There was great disorder and finally Mr. Gauvreau complied with the chairman's ruling "for the sake of peace."

Soon a new row rose. A. K. Mac

Children naturally never think of possible strain on their eyesight when poring over a fascinating book.

It is up to you to see they do not ruin their young eyes these long evenings by reading under a poor light.

The Rayo-Lamp is an insurance against eye troubles, alike for young and old.

The Rayo is a low-priced lamp, but it is constructed on the soundest scientific principles, and there is not a better lamp made at any price.

It is easy on the eye because its light is so soft and white and widely diffused. And a Rayo Lamp never flickers.

Early lighted without removing shades or chimney; easy to clean and switch. Solid base throughout, with handsome nickel finish; also in many other styles and finishes.

Ask your dealer to show you his line of Rayo lamps; or write for descriptive circular to any Rayo agent.

WILL TAKE YUAN TO NEW CAPITAL WITH AN ESCORT

Washington, Feb. 22.—The Chinese republicans have forced an issue with Yuan Shi Kai and important developments are expected, according to despatches received from Shanghai today. Because of Yuan's failure to comply with the request of the republicans for his attendance upon the assembly now in session at Nanking, that body today dispatched an armed escort from Shanghai to Pekin to bring Yuan Shi Kai to the new capital.

The result of the move is awaited with interest in Shanghai.

STORM SWEEPING UTICA SECTION OF NEW YORK STATE

Utica, N. Y., Feb. 22.—This section is in the grip of the worst storm of the season. Rain early today changed to snow with a heavy fall. A drop in the temperature and high winds prevailing all day blocked all streets and country roads.

Seven trains on the Black River division of the New York Central were annulled.

INSUFFICIENCY OF RAILS IS NOT REASON OF STOP

Special to The Standard.
 Ottawa, Feb. 22.—The Dominion Steel Company has been heard from in reference to the statement of Hon. Mr. Calder, "Saskatchewan that railway construction out there is held back because of there being insufficient steel rails to be had in Canada."

M. J. Butler, general manager, writes Ottawa:

"We have had no requests for quotations from Western buyers or any large quantity of steel rails for this year's delivery. Steps should be taken to correct the statement."

OBJECT IS NOT TO STOP COMPETITION OF THE RUTLAND LINE

Albany, N. Y., Feb. 22.—The hearings on the applications of the New York, New Haven and Hartford Railroad Company to acquire the control of the Rutland Railroad Company and the New York Central Railroad Company to take over the New York Ontario and Western Railway Company were closed before the public service commission today.

Legal arguments and summing up probably will take place in New York City next Tuesday. Vice-president Campbell, of the New Haven, testified that the Rutland line is not a competitor of the Boston and Maine, or any line controlled by the New Haven for the traffic between Boston and Montreal, because it is dependent on the Boston and Maine for an entry into Boston.

W. B. Kellman, assistant freight traffic manager for the Central, contended that the Rutland could not prosper without connections with the Central of the Boston and Maine.

Edwin W. Lawrence, general attorney for the Rutland, testified regarding improvements made in the past five years.

Capt. L. A. Demers returned to Ottawa last evening from Halifax.

Thomas Cunningham, Montreal, agent of the Elder-Dempster, is at the Dufferin.

Dr. David Townsend is at the Royal.

A SEVERE COLD DEVELOPED INTO PNEUMONIA.

Doctors Said He Would Not Live.

DR. WOOD'S NORWAY PINE SYRUP Cured Him.

Too much stress cannot be laid on the fact that when a person catches cold it must be attended to immediately, or serious results are liable to follow.

There is only one way to prevent pneumonia, and that is, to cure the cold just as soon as it appears.

Dr. Wood's Norway Pine Syrup will do this quickly and effectively.

Mr. Hugh McLeod, Estehazy, Sask., writes: "My little boy took a very severe cold, and it developed into pneumonia. The doctor said he would not live. I got some of your Dr. Wood's Norway Pine Syrup, and he began to improve. Now, he is a strong healthy child, and shows no sign of it coming back."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three times the trade mark; price 25 cents.
