MARKET VIEWS  
OF NEW YORK  
PAPERS

(F. B. McCURDY & CO.)  
New York, April 14.—American — The stock market, owing to the newly sold-out condition, is able to withstand shock after shock, but prudent men looking ahead foresee an acute situation.  
Herald—Bank clearings show a decrease, but it may be argued that if trade should slacken somewhat money would become easier, which would tend to enhance the prices of securities.  
World—Men who have been most pessimistic as to the treatment of the financial and commercial interests will receive at the hands of the new administration frankly admit that its course thus far has been most conservative and correct.  
Sun—Although advances from abroad are encouraging and Europe at last shows some disposition to reflect in its own securities and in a relaxation of money rates, the growing conviction that political clouds are passing, the influence of domestic factors is dominant in the local situation.

Germany Losing Money.  
Berlin, April 14.—The Cologne Gazette says it learns from a reliable source that a large amount of German capital is flowing to Switzerland, including money and securities presumably sent out of Germany to escape the war taxes. Swiss banks, taking advantage of the situation in Germany are inserting advertisements in the newspapers, virtually bidding for the business from Germany, and promising the utmost discretion in connection with it.

## 'LONG LIVE THE KING! LONG LIVE CONSTANTINE, THE LIBERATOR,' THE CRY OF GREEK SUBJECTS AS THE GREAT CONQUEROR BECOMES KING OF THE HELLENES

Immediately after the announcement of the assassination of King George of Greece, in Salonika, on March 18, Crown Prince Constantine, who had just entered the conquered city of Janina, in Epirus, started for Athens, travelling day and night over rough roads through the mountainous country in a automobile, reaching Athens two days later. The first important step was to present himself in Congress, take the oath and be proclaimed King of the Hellenes. This was on Friday, March 21, one of those beautiful days of early spring when Athens was in its glory. As early as five o'clock in the morning the population of the Greek capital crowded every point of vantage, eager to greet the conqueror and proclaim him King. The ceremonies were performed in most elaborate fashion, the royal soldiers lining themselves all along the avenues from the Royal Palace to the Chamber of Deputies, where the oath was taken. The spectacle was as magnificent as it was beautiful. "Long live the King! Long live Constantine, the liberator!" was the great cry of the thousands of loyal subjects along the line of march.

FIRE BUG AT  
WORK AGAIN

Blaze Discovered Saturday Morning, Under Adelaide St. Barn—Oil Soaked Mattress Filling had been Lighted.

Another fire of incendiary origin, which, if it had gained headway, would probably have been more destructive than any of the recent fires which have been maliciously set, was discovered Saturday morning under the livery stable of Alexander G. Day, Adelaide street. The flames were seen by occupants of the house near by and the fire was checked before it had reached an advanced stage. On investigation the fire proved to be one of the clearest cases of incendiarism that has yet been reported. Underneath the barn was found a pile of mattress filling saturated with kerosene oil which had been lighted with the intention of burning the barn. Where the fire was set, however, the livery stable was raised about 16 feet from the ground and it was difficult for the flames to reach the floor. There were between twenty-five and thirty horses in the stable and had the fire got a good start a number of the animals would probably have died of suffocation.

## ELECTED CHIEF RABBI OF BRITISH EMPIRE.

London, April 14.—Dr. Joseph H. Hertz, of New York, was inducted as chief rabbi of the Empire in the great Synagogue here today. The service was simple and was accompanied by no instrumental music in consequence of the recent death of Dr. Hertz's father.

Had Rheumatism  
WAS CONFINED TO HIS BED FOR FOUR MONTHS.

Mr. W. H. Riley, Russell, Sask., writes—"It is with the greatest pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Kidney Pills. I had my doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who saw me then would not know me now, as I am strong and active since taking your valuable medicine."

Rheumatism is caused by the presence in the blood of uric acid, and the kidneys not working properly is the sole cause of this, and unless you remove the acid by flushing the kidneys, there is no possible chance of getting rid of rheumatism. Doan's Kidney Pills help the kidneys to flush out the acid and poisonous impurities which have collected, and thus clean out the kidneys, and dispel the rheumatism from the system. Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. In ordering direct, specify "Doan's."

CLOSING STOCK  
LETTER FROM  
RANDOLPH

(F. B. McCURDY & CO.)  
New York, N. Y., April 14.—The opening was dull and uninteresting, dealings were professional and stocks were supplied on all strong spots. Buying orders were met on the reaction and the market during the early dealing remained fairly steady. In the afternoon the pressure increased somewhat and the general list turned heavy, the lowest prices being made shortly before the close. Amongst the specialties Rumely continued its daily performance of making a new low record, and the petroleum stocks were extremely weak, both Mexican and California selling off sharply. Pennsylvania was in plentiful supply around the low price touched a few days ago, and although there was no real pressure of stock, there was enough selling to cause general heaviness throughout the list. Canadian Pacific was a marked exception, showing strength from the opening and maintaining its strength throughout the session. The money market showed increased ease, both for call and time loans, and a reduction in the Bank of England discount rate is looked for this week. Total sales—Stocks, 177,000; bonds, \$1,330,000.
