## JOHN REDMOND, FIRST PREMIER OF IRELAND?

London Daily News Forecasts Home Rule will Go Into Effect with Redmond as First Irish Premier—Hopes Duke of Connaught will be Lord Lieutenant When It Comes.

JOHN REDMOND.

London, July 9.—The hope is expressed by the Daily News, supporter of the Liberal administration, that the Duke of Connaught may be Lord Lieutenant of Ireland when the Home Rule Bill, passed for a second time by the House of Commons on Monday, becomes law.

In a forecast of the procedure as regards the institution of Home Rule, the Daily News also says:

"On the act becoming operative, it is understood the King will be advised to send for John Redmond, who will be asked to form a government. On the final passage of the bill Irish privy councillors will be conferred on Messrs. Redmond and Dillon, and their leading colleagues. In the course of Mr. Redmond will retire from the active leadership of the Nationalists in the House of Commons and will doubtless be succeeded by T. P. O'Connor."

## JURY DECIDES DEATH DUE TO AN ACCIDENT

But Factory Inspector Kenney Will Be Asked to Look at Unprotected Shafting in Woodstock Mill.

Woodstock, N. B., July 9.—Accidental death was the verdict of the coroner's jury in the case of Harry Dunlop, 15 years of age, who met with a fatal accident this morning. Coroner Lindsay opened the court at 9:30 with the following jury:—E. J. Clark, James S. McManus, E. A. Burden, John Atherton, C. M. Auger, John Leighton and H. G. Dalting. The only witnesses were Alia Tapley, who was with the deceased when he was killed by the revolving shaft in the carding mill, and Chief Kelly, who cut the body from the shafting. The jury, through its foreman, John S. Leighton, Jr., after stating that the death was accidental and attaching no blame to anybody, recommended that the attention of the factory inspector, John Kenney, be called to the unprotected shafting in this mill owned by Aaron Clark.

## TO INSPECT HALIFAX TROOPS TOMORROW

Halifax, July 9.—General Sir Ian Hamilton, Col. Sam Hughes, Minister of Militia and Army, arrived here at 11 o'clock tonight from Sydney. They were met at the railway station by Col. Rutherford and staff officers. Tomorrow the visitors will inspect the fortresses, and in the evening there will be a general inspection of all the troops in the garrison.

## GREEKS ARE DRIVING BULGARIA ARMY BACK WITH GREAT SLAUGHTER

Sofia Despatches, However, Claim Some Successes for the Bulgars.

### MASSACRES AVENGED WITH HEAVY JUSTICE

London Regards as Probable Reports that King Ferdinand Is Ready for Peace as Bulgaria is Getting the Worst of Fighting.

London, July 9.—Out of the welter of conflicting woe of stories from the Balkans it is almost impossible to sift the truth. This was markedly illustrated tonight. A despatch from the Daily Telegraph's correspondent at Ulpuk, dated Tuesday night, reports that there had been hardly any fighting in the last few days, while Belgrade despatches received reported further Servian victories. Latest advices from the Servian capital asserting that all the Bulgarians who had invaded Servia had been driven back across the frontier.

There seems to be little doubt that General Ivanoff's army is steadily retreating before the victorious Greeks, and it is reported that the Bulgarians have evacuated their positions on the Greek fleet is operating, and Despatch.

### Bulgars Getting Worst of It

Whether there is any truth in the Vienna reports to the effect that Bulgaria has applied to the powers to arrange peace is not known, but it would appear not unlikely, since clearly things are not going well with the Bulgarians, and the outbreak of cholera at many points in the field of operations, combined with the retreat of the armies by the fierceness of the struggle, is calculated to render some such solution most desirable. This is especially so because of the uncertainty of the policy of Roumania, which is now reported to be equally ready to attack either Servia or Bulgaria, as the occasion may demand. In order to avoid a disturbance of the Balkan equilibrium.

The problem of dealing with the cholera is a serious one. The nursing resources in the operations to allow the removal of the wounded and the interment of the dead, as well as the carrying out of sanitary measures, to prevent the spread of the cholera.

### Massacres Reported.

The Greek government had made urgent representations to the European governments against massacres and atrocities alleged to have been committed by the Bulgarians and irregulars against villagers at Sozopol, Goyvel, and elsewhere where in violation of the international laws of war. This appeal declares that in the event of defiance Greek populations being left to their fate, Greece will be obliged to take rigorous measures to put an end to Bulgarian atrocities.

A Greek official statement asserts that instead of thirty thousand men, as alleged by Bulgaria, General Ivanoff's army consisted of 120,000 men.

### Turkey "Warming Up"

Constantinople, July 9.—The reply of Bulgaria to the request of the Marmora coast, intimates that the Bulgarian delegate, M. Natchovitch, as reported, has arrived at Tchatalja today, is empowered to negotiate a settlement of the Marmora question.

In the meantime the Porte without waiting for this settlement, has determined immediately to proceed with the military occupation of all the territory up to the Enos-Midra line, in accordance with the peace protocol signed at London. The bustle of military preparations—here forcibly reminds one of the state of affairs last Autumn.

### An Official Bulletin

Athens, July 9.—An official bulletin issued tonight says the Greeks on Tuesday attacked the mountain passes towards Strumitza. The Bulgarians reinforced, perhaps from Isip, offered vigorous resistance, but were readily driven back.

The Greeks occupied some of the passes, but the fighting was so dark, with the expectation that it would be resumed Wednesday. Other bulletins declare that the Bulgarians are in headlong flight through the defiles, the Greeks having made a night frontal attack on Strumitza, forcing the Bulgarians to abandon their positions with heavy losses, including five guns and other material. Further despatches report the evacuation of Kavala by the Bulgarians.

### The Other Side of It

Sofia, July 9.—Semi-official reports today represent the Bulgarians as successful throughout the fighting line. All the Servian attacks from Sultanevo to Palartza according to these reports were repulsed, the Servians suffering enormous losses and retreat. In the direction of Egri Palanka, pursued by the Bulgarians.

## EXHIBITION OF CANADA'S FISH AT TORONTO

Gov't Arranging for Display at Upper Canada Fair.

### IS FIRST ATTEMPT OF THE KIND IN CANADA

All Varieties Will be Shown and Patrons Will Get Complete Information About Our Fisheries.

### Special to The Standard.

Ottawa, July 9.—The Dominion government is arranging through the Department of Marine and Fisheries for a ten thousand dollar exhibit of food fish at the Toronto exhibition this year. The exhibit will be the first of its kind ever attempted in Canada, and is expected to be of great educational value. Arrangements for the display are now being completed by W. A. Pound, Dominion superintendent of fisheries.

A large number of the leading fish companies of Canada will contribute to the exhibit under the direction of the department. The display will include live fish in tanks, cured fish, fresh fish in cold storage and mounted specimens of some rare varieties. Andrew Halkett, curator of the Fisheries museum at Ottawa, will be in charge. The exhibit will consist principally of the several varieties of commercial fish, representing the fisheries of the Atlantic and Pacific coasts and of the great inland waters of Canada. A large cold storage refrigerator with a capacity of six tons will be installed. The exhibit will be held in the auditorium of the exhibition building, and will be open to the public from 10 o'clock to 6 o'clock daily. The exhibit will be a valuable educational medium for the public, and will also be a source of information to the fishery industry.

## EXPLORERS AT SYDNEY

Expedition to Explore Crocker Land Makes First Stop on Way North—Good Run from Boston.

Sydney, July 9.—The Crocker land expedition on board the whaler Diana, arrived here at 6:30 this morning, after a run of 71 1/2 hours from Boston. The party included: Donald B. MacMillan, A. B. A. M., leader and ethnologist; Fitzhugh Green, U. S. N. engineer and physicist; W. Elmer Blinn, A. B. A. M., geologist and biologist; Maurice Tanquary, A. B. A. M., Ph. D., sociologist; Harrison J. Hunt, M. D., surgeon; Judge Carol Sprague, of the court of common pleas; Dayton, O., Frederick Patterson, of the National Cash Register Company; Dayton, O., and Fred A. Fogg, of Newport, Me., are taking a trip to Blinnere Land and will return with the ship in the fall.

## WILL BUILD ADDITION TO GOVERNMENT MINT

Increased Amount of Gold Being Refined Makes It Necessary—Over Million and Half Refined Last Year.

### Special to The Standard.

Ottawa, July 9.—Because the amount of Canadian gold being submitted to the refining process at the Ottawa branch of the Royal Mint is increasing year by year, the government is taking steps to double the capacity of the building and plant. Tenders will be called for the work in a few weeks. The value of gold refined last year was \$1,585,223.

## ENJOYED LIFE AT EXPENSE OF THE FIRM

Montreal Man Taken in New York on Theft Charge.

### HAD BEEN SWINDLING FOR OVER TWO YEARS

Tells Police His Shortages Will Reach Thousands—Moved in Select Circles on the Proceeds.

### New York, July 9.—J. Alfred Lapierre, formerly a bookkeeper for the Fashion-craft Company, of Montreal, was arrested here tonight by detectives on a warrant issued in Montreal, charging him with larceny to the extent of \$1500.

Lapierre, who is a dapper, well-dressed young man, was traced through Miss Marie Lane who, according to the police, accompanied him from Montreal, and the arrest took place in front of the apartment house where the young woman lives. Lapierre did not appear to be only admitted that he had taken the amount charged in the warrant, but added that a complete account would be given to the police. He admitted that he had taken the amount charged in the warrant, but added that a complete account would be given to the police. He admitted that he had taken the amount charged in the warrant, but added that a complete account would be given to the police.

## GARDENS SUFFERING MUCH FROM CUTWORMS

Large Swarms of the Insects Destroy Vegetable Growth in York County—Similar Scourge Last Year.

### Special to The Standard.

Fredrickton, July 9.—Cutworms have been doing much damage to vegetable growth, particularly in the vicinity of Fredrickton Junction as well as elsewhere in this county, and as a result A. G. Turney, the provincial horticulturist, this morning issued a bulletin which is being sent to all sections of the province, dealing fully with the subject.

The cutworms are a variety of caterpillars and some of them climb up into fruit trees and destroy the foliage while others attack farm crops, vegetables, grape vines, the plants in flower gardens, etc., while occasionally a single species appears suddenly in enormous numbers and sweeps like an army over the land devouring everything that comes in its way. The Provincial Department of Agriculture is advising the use of the mixture known as "poisoned bran-mash" as a completely effective remedy.

Last night large swarms of some variety of moth millers were hovering by the thousands about the street lights along Queen and King streets, particularly in the city. Last year Fredrickton had a terrific scourge of a similar nature and it was found that the spruce bug moth, the tent caterpillar and the cutworm were included in the hundreds of thousands which were found lying under the street lights each morning, and which produced a most offensive odor when the hot sun had been in contact with the remains for a short time. The officials of the provincial horticultural office are making observations of the pest this year with the idea of finding whether it is of a dangerous nature.

## ELECTRICAL WORKERS IN EDMONTON STRIKE

Edmonton, July 9.—All electrical workers in the city who are members of the International Brotherhood of Electrical Workers, are out on strike today and over a hundred men are out acting as pickets. Considerable inconvenience is being caused and in many cases houses are without electric light.

## I. C. R. MEN HAVE ALL DISPUTES ARRANGED

Committees of Trainmen and Conductors have Very Satisfactory Interview with F. P. Gutelius, New General Manager—Increases in Salaries to go with Added Mileage.

Moncton, July 9.—The joint committees of the Brotherhood of Railway Trainmen and the Order of Railway Conductors for the intercolonial system held a very satisfactory session with F. P. Gutelius, General Manager of the I. C. R., at his office here this evening.

A number of the demands of the men have been granted outright, while in other matters Mr. Gutelius has offered a compromise which will be fully considered by the trainmen.

The members of the committees express themselves as very much pleased with the treatment accorded them by the new general manager, who evinced desire to work with the men for the mutual welfare of the road and its employees. He assured the committee that no reductions would be made in either the number of passenger crews nor in the number of men in each crew.

This finally knocks on the head the proposal of Mr. Brady to reduce the number of crews on some of the trains and it also ends the trouble caused by an alleged proposal to take a brakeman off each crew of a train carrying a train agent and compel the conductor to do part of a brakeman's work. It is understood that train agents are shortly to be taken off altogether as unnecessary to the service.

In regard to the question of increased mileage, Mr. Gutelius offered the men an increase in wages aggregating \$30 per month to conductors and \$20 per month for brakemen, provided they agree to make the increased mileage. This proposition is being considered by the committee which will remain here a few days for that purpose.

The question of freight crews running through from Moncton to Truro and vice versa is allowed to stand pending the action of the committee in regard to the mileage question.

A number of minor matters were also successfully dealt with such as the granting of \$300 back time to a brakeman on the P. E. I. Ry., who was discharged for political partisanship, a charge which he was able to disprove.

## SHIP IN DANGER WHEN PILOT LEFT CAPTAIN WRITES

Remarkable Case of Foreknowledge of Impending Fate Revealed in Board of Trade Inquiry.

### Newcastle, England, July 9.—Fore-

knowledge of the fate of his ship the Mount Oswald, which with her crew of twenty-four men was never heard of after her departure from Baltimore for Hamburg on February 18, 1913, was shown in a letter from Captain Stannard to his wife, read during the Board of Trade inquiry into the loss of the vessel, which opened here today. The Mount Oswald, a trans-Atlantic freight steamer, belonging to Lunan & McCoy, of Newcastle, dropped the pilot she had taken on board at Baltimore in Chesapeake Bay and Captain Stannard sent ashore with him a farewell letter to his wife. It said:

"We have twelve feet of water in the forepeak and are not yet out of harbor. God knows whether we shall ever reach home. The sailors are now working at the pumps. I wish the ship to be dry docked at New York, but the owners would not allow it."

## GIVES FORMULA OF FRIEDMANN CURE

Dr. George Rambaud of New York City Makes Announcement as to What Tuberculosis Vaccine Contains.

### New York, July 9.—Dr. George Ram-

baud, of New York City, medical director of the institute operating on the Friedmann process for the treatment of tuberculosis, announced today that the vaccine consists of a homogeneous emulsion of live avirulent tubercle bacilli, in sterile distilled water.

"The germ was isolated several years ago from a turtle and maintained ever since by transplantation on culture media, according to the usual procedure. The vaccine administered to patients in doses of from cubic centimeters 0.10 to cubic centimeters 0.20 at intervals of from four to six weeks. Injections are made intravenously in the case of joint tuberculosis and intramuscularly in the case of lung tuberculosis," he said.

"Any physician in good standing is welcome to familiarize himself at the various laboratories where the vaccine is prepared, with the details concerning the administration of the treatment that he may be able to use it personally on his own patients."

### QUESTS OF GOVERNMENT.

### Special to The Standard.

Ottawa, July 9.—The members of the Empire parliamentary party visiting Ottawa on July 26 will be entertained by the Dominion government. The form of the reception has not been decided upon.

## GETS \$128,000 BUT WILL NOT SUPPORT WIFE

Benjamin Weil When Arrigned in Court Denies He Has Means to Keep His Wife, but Wife Contradicts.

### New York, July 9.—Benjamin Weil,

living at No. 224 Riverside Drive and selling automobiles at Broadway and Sixty-second street, was sent to the Long Island City jail by Magistrate Fitch, of Far Rockaway, where today he provided a bond of \$1500 to pay his wife \$20 a week for her support. Mr. Weil was in the Far Rockaway court on the complaint of Mrs. Cora M. Weil, who lives in a pretty cottage with large grounds at Cedar and Franklin avenues, Far Rockaway. She testified that they had been married fifteen years and that last summer she testified, and since last August they have not lived together. The wife testified Mr. Weil had given only \$100 to her since then for the support of herself and their two children.

When Mr. Weil announced that he did not wish to pay, other than to say that his wife's relatives made home unpleasant for him, Magistrate Fitch asked him what amount he believed he should be ordered to pay his wife and children.

"I can pay them nothing," he said. "I have nothing."

"Very well, then, the Court orders you to pay your wife \$20 a week."

"You might as well make it \$200 a week or \$500," replied Weil. "I can pay one as well as the other."

"His income is at least \$12,000 a year," said Mrs. Weil.

"I will give no bond and I'll not pay the \$20 a week," was the reply of Mr. Weil. Two deputy sheriffs then took charge of him and escorted him to the Long Island City jail.

## MONTREAL CRICKET TEAM IS DEFEATED

Philadelphia, July 9.—The Montreal Bowling Club was hit hard by the Germantown Cricket Club players today, when the Canadians began their second match of the Philadelphia tour. The local players scored 272 runs for a loss of seven wickets before play was stopped at day.

R. P. Anderson and W. P. Newhall both retired when the former had scored 108 runs and the latter 118. R. S. Cameron, who was bowling for the visitors, split his hand in attempting to stop a ball from Newhall's bat. He may be out of the game for the rest of the trip.
