DISTINGUISHED MILITARY MEN VIEW AM. LEGION

Marshal Foch Expressed His Pleasure at Once More Being Among U. S. Soldiers.

Kansas City, Mo., Nov. 1.—Under a brilliant autumn sky and through crowds so dense that they repeatedly surged through the police lines, the American Legion passed on the review before distinguished military and naval leaders of France, Great Britain, Italy and Belgium and ranking officers of the United States Army, Navy and Marine Corps.

The distinguished visitors, Marshal Foch of France, Admiral Beatty, of Great Britain, General Diaz, of Italy, Lieutenant-General Jacques, of Belgium, and the United States representatives of normal defense, General Pershing, Admiral Hugh Rodman, U. S. N., and Major General John A. LeJeune, commanding the Marine Corps, marched with their "buddies" of the Legion from Convention Hall, where the parade formed, to the reviewing stand at Eighteenth Street and Grand Avenue, a distance of one block. Then they turned into the reviewing stand, where they stood while the Legion thousands passed by.

Marshal Speaks. Marshal Foch, in an address, expressed the pleasure he felt at being one more among the men from the United States, who had served under him during the war. He paid tribute to the manner in which the United States had responded to the call to the arms and recounted in brief the principal battles in which the United States troops participated.

In conclusion the Marshal explained, "It is you who have made these sacrifices. More than 75,000 of your countrymen were buried in the soil of France. "May they rest in peace. "Glory to you who served them and who enjoy victorious peace. You will be proud of your past exploits."

Financial Horizon Clearer And The Corner Turned Former Chancellor of British Exchequer Sees Slow But Steady Improvement.

New York, Nov. 1.—Reginald McKenna, former Chancellor of the British Exchequer, who has been making a three week's study of the commercial and economic situation in America, has declared in a formal statement tonight that "the financial horizon seems clear and though it will probably be some considerable time before normal conditions are restored, I am inclined to say that the corner is turned."

IN MEMORY In loving memory of Isaac A. Folkins, who departed this life on October 30, 1919: Two years have passed and none can tell The loss of him we loved so well God took him hence to His Hill, But in our hearts he liveth still. A happy home we once enjoyed How sweet the life was with Him still, But death has left a loneliness The world can never fill. Wife and Children.

LEFT HAND CRUSHED John Nixon while at work in the sugar house in the refineries yesterday had his left hand badly crushed by a steel plate falling on it. He was attended by Dr. A. E. McAuley and was taken to his home where he is improving.

LADY LAURIER PASSES AWAY AT ADVANCED AGE OF EIGHTY.

Tributes of Respect to Memory of Great Lady Paid by Hon. Mackenzie King and Hon. Rodolphe Lemieux.

Ottawa, Nov. 1.—Lady Laurier, widow of Sir Wilfrid Laurier, died at her home here today at a quarter to twelve. All through last night the physicians attending her had expressed the fear that the end was at hand.

Lady Laurier became unconscious during the night and when she awoke peacefully, shortly before noon, there were among those gathered near the bedside Robert Laurier, nephew of the late Prime Minister of Canada; Mrs. A. M. Brodeur, of Montreal, sister-in-law of the deceased lady; Judge and Mrs. Brodeur, of Ottawa; Mrs. Robert Laurier, Lady Tascheran, Miss Yvonne Coult and Dr. Rodolphe Chevrier.

Lady Laurier was 80 years of age at the time of her death. Sir Wilfrid had passed his 77th birthday when his career ended on February 17th, 1919. Hon. Mr. King's Tributes. Hon. Mackenzie King on learning this morning of the death of Lady Laurier gave the following message to the press:

"The heart of our country will be deeply touched by the word of Lady Laurier's death. Like Sir Wilfrid, Lady Laurier belonged, above all else to the nation. During fifty years and more of married life, she shared with Sir Wilfrid all the vicissitudes, the joys and the trials of his great career, and since his death in every word and act she has disclosed a fortitude and devotion to the ideals of their united lives, which have been a revelation to her most intimate friends.

Personal Loss. "At her advanced years, the near approach of death was inevitable once the nature of her illness became known. We who are now left to fight on without the inspiration of her example and constant solicitude may well feel saddened at the sense of personal loss we so keenly experience. We would fall, however, alight of her faith and her spirit, if we did not see a kindly Providence in the fact that she was near the bedside during the first moments of the life of Lady Laurier."

FOUR THOUSAND VOTERS HEARD PREMIER MEIGHEN IN SO. TORONTO (Continued from page 1) At Picton, Ont. Picton, Ont., Nov. 1.—In spite of cold and inclement weather, and even though he was late in arriving at Picton, Premier Meighen found a gathering of about three thousand people awaiting him in the armories here this evening. With him on the platform were Mrs. Meighen, Hon. J. W. Edwards, Minister of Health, Immigration and Colonization, and John Hubbs, candidate of the party in Prince Edward county.

Justice to Women. Premier Meighen told his audience that the granting of the franchise to women was merely a matter of justice. The part which women had played in the war signified to the Government that they were entitled to the vote and qualified for the franchise. Down in the Maritime Provinces, Mr. King had declared that the Government was forced into granting votes to women. This was a foolish and dishonest statement, said the Premier. As a matter of fact any opposition to the franchise bill had come from the ranks of the Liberals.

All Working For Gov't Success

Business Men of Maritime Swinging to Premier Because of His Rail Policy.

J. P. Sherry, a prominent merchant and lumber dealer of Memramook, was in the city yesterday on business. While here he was called at the Standard office where he described the general business outlook as he regarded it. Speaking of the lumber industry, he said the outlook was not encouraging for a busy season in his section. The uncertainty of the market, the instability of prices do not furnish an incentive for the lumber operator to attempt any extensive operations this winter.

The farming community has had a fairly good season. The hay crop was not up to the average, but potatoes and other produce have proven very satisfactory in yield and quality. It is expected that the satisfactory price will be realized by the farmers for their produce.

Memramook is not seriously affected by the unemployment situation, he said. With the building of the new round house, and enlarging of the C. N. R. yards at Moncton employment has been provided for many Memramook laborers, who had not been for these things, would have had a slack season.

A portion of the wharf will be made roof proof and this will be used for perishable products. They will deal in fish, food products and fertilizer.

W. E. McMonagle of Grand Falls Transfers to the Railroad City.

Special to The Standard. Grand Falls, N. B., Oct. 31.—Friends of W. Emmet McMonagle, B.C.L., will regret his departure from Grand Falls, where he has been practicing law with marked success for the past three years, but will rejoice in the fact that he is to locate in Moncton, a larger field in his profession. Since Mr. McMonagle's arrival here he has made many friends by his courteous manner, ability and business integrity. Although the practice of his profession occupied his time, he was always available for any work of a philanthropic nature and willingly gave his time. Recently a delegation of prominent citizens waited upon him and it is reported offered some inducement for him to remain.

It is understood that he is to take over the offices of the late Frank J. Sweeney at Moncton. His many friends throughout the Province will join with the citizens of Grand Falls in their best wishes for his success.

Raising the Hat. "In days of old when knights were bold" it was not always safe to go abroad unprotected. Armor was general, and the helmet was indispensable. At the King's court, however, it was illegal to draw a sword and people in the presence of the King always went bareheaded as a mark of their knowledge of their safety. The same became true in the presence of ladies, and the custom of uncovering became a mark of respect that is universal.

ECZEMA ON FACE AND HEAD FOR FIVE YEARS ECZEMA or salt rheum, as it is often called, manifests itself in little round pimples which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed and the intense burning itching and smarting, especially at night or when the part is exposed to a strong heat, is almost unbearable and relief is gladly welcomed.

There is only one way to get relief and no remedy like BURDOCK BLOOD BITTERS. Take it internally and it gets at the seat of the disease in the blood and drives it out of the system. Apply it externally and it takes out the itching, stinging and burning, and promotes healthy healing.

Mr. J. Sage, 215 Princess Ave., Vancouver, B. C., writes:—"Having suffered with eczema on the face and head, for the last five years, I consulted several doctors, and tried various kinds of salves and lotions, but I derived no benefit from any of them. I did not know what to do until a friend advised me to try Burdock Blood Bitters, and after I had used two bottles I began to get better and now after taking eight bottles I have not even a blotch on me. I feel that I cannot praise B. B. too highly. I hope you will make full use of this recommendation for the benefit of those who are suffering from this terrible complaint, eczema."

B. B. B. put up only by The T. Milburn Co., Limited, Toronto, Ont.
