The main building contains two spacious Lecture Halls, Chemical and Histological Laboratories, together with Museum, Free Public Dispensary, Waiting Room for Students, Reading Room, etc.

The Dissecting Room, being in a separate building, is a sanitary arrangement that will be appreciated by students.

Intending students are requested to be present at the opening, so as to lose no portion of the course, for they may rest assured that even the most talented will find four years of close application none too much to prepare for this noble and responsible calling.
