Chathem, February 4th, 1888

Dan Bro. Br. www.—Imagine my surprise on less two cheeday night when, after leaving home that morning for port Lambton on a little business trip, intending to be back in the evening, if found myself present at one of the most pleasant gatherings it has been my good fortune to attend, and in Yankee town at that. I'll tell you how it hap pened. At my arrival at the Port I was informed by the worthy president of branch No. 36, Bro. Patrick Gilroy, that Wedresday night had been selected by the members and the third in the party. At 7p m, all preparations having been made, including two large sleights to carry the number (about 25) at art was made. Going across the St. Gair river, a drive of three quarters, and after being relieved out overcoats and wraps we stepped into the main hall where greetings and into ductions followed and in a short time every one was made to feel perfectly at home.

A grand supper was served in the C. M. B. A bail. And, believe me, the indies who managed that part of the entertainment deserve great credit, Juntice having been during the work of the main hall where greetings and into the main hall where greetings and into

deposit with the Government by the sum of \$7.00, for the further security of the members of the Accommodation—Agreeably with your instructions at the last annual meeting, your Board secured an eligible lot on Ricomond street for the purpose of erecting an office suitable for the business of the company, but as the lease of our pleases from the street secured and the same, your Board have not defend at expedient to build until the lease is disposed of by the effluxion of time or otherwise.

Rates of Premium—The rates of premium have not been changed, and your Directors are in hope that no necessity for a change will arise; but the general use of steam threshers has created a new hazird, and one that has occasioned not a few losses—the result too often of carelessness on the part of these handling the machines. This has onen felt so much by some companies that an extra premium is now charged on outbuildings where steam threshers are used. If circle is taken and the conditions of our permits are loilowed, the danger from fire arising from the use of thee-engines is considerably averted. So it behooves our members to see that the conditions are strictly adhered to, as they must bear in mind that they are responsible for the observance of the same.

Brother Edward Hall, who met with such a sudden death in Michigan, U. S. We wish to tend to them our warm and heartfelt sympathy in the sad loss which it has pleased Drvine Providence to siflict them.

Resolved, That the Branch hall be draped in mourning in commemoration of our departed and lamented Brother.

Resolved, That a copy of above resolutions be placed on the minutes, published in the U. M. B. A. Monthly, Catholic Record, and forwarded to the family of deceased.

Resolved, That the sympathy of this Branch be extended to Brother Thomas Casey upon the demise of his beloved wife. They desire to give expression to their sincere condolence with him in this his severe bereavement.

Resolved, That this Branch convey the Expression of their sincere condolence with him in this his severe bereavement.

Resolved, That this Branch convey the Expression of their sincere condolence to Brother Felix Cassidy, upon his recent deep affliction in the loss of his beloved wife.

Resolved, That a copy of above resolutions be placed on the minutes, published in the G. M. B. A. #### OBLIUAKY.

Mr. F. X. Schli dier, Bildgetown. Mr. F. X. Schilder, Ekidgetown.

We regret having to announce this week the death of F. X. Schindler, of Ridgetown, at the ripe age of sixty-three years. The late Mr. Schindler was a native of Alsace and served as a volunteer in the French army during the Franco Prucsian war. He lived in Ridgetown and vicinity long enough to endear himself, by strict honesty and practical Catholic piety, to a large circle of friends. All classes were represented in the large and imposing cortege which secompanied his remains on last Friday to their final resting place. The Rev Father Cummins pronounced the last ab-olution in the Ridget wn Catholic Church, and made a feeling and pathetic culogy on the virtues of the deceased. R. I. P.

### REPORTS OF GOVERNMENT CHEMISTS

As to Purity and Wholesomeness of the Royal Baking Powder.

"I have tested a package of Royal Baking Powder, which I purchased in the pen market, and find it composed of pure and wholesome tegredients. It is a cream tartar powder of a high degree of merit, and does not contain either alum or hosphates, or other injurious substances.

E. G. Love, Ph.D. '

"It is a scientific fact that the Royal Baking Powder is absclutely pure. "H. A. Morr, Ph.D."

"I have examined a package of Royal Baking Powder, purchased by myself lathe market. I find it entirely free from alum, terra alba, or any other injurious substance. Henry Montox, Ph.D., President of Stevens Institute of Technology."

"I have analyzed a package of Royal Baking Powder. The materials of which it is composed are pure and wholesome. S. Dana Hayes, State Assayer, Mass."

The Royal Baking Powder received the highest award over all competitors at the Vienna World's Exposition, 1873; at the Centennial, Philadelphia, 1876; at the American Institute, New York, and at State Fairs throughout the country. No other article of human food has ever received such high, emphatic, and universal endorsement from eminent chemists, physicians, scientists, and Boards of Health all over the world.

Note—The above Diagram illustrates the comparative worth of various Balting Powders, as shown by Chemical Analysis and experiments made by Prof. Schedler. A pound can of each powder was taken, the total leavening power or volume in each can calculated, the result being as indicated. This practical test for worth by Prof. Schedler only proves what every observant consumer of the Royal Baking Powder knows by practical experience, that, while it costs a few cents per pound more than ordinary kinds, it is far more economical, and, besides, affords the advantage of better work. A single trial of the Royal Baking Powder will convince any fair minded person of these facts. age of better work. A single trial of the Royal Baking Powder will convince any fair minded person of these facts.

\* While the diagram shows some of the alum powders to be of a higher degree of strength than other powders ranked below them, it is not to be taken as indicating that they have any value. All alum powders, no matter how high their strength, are to be avoided as dangerous.
