

Thirteen children have been enrolled from Duck Lake. Not one of these parents ever saw this school, but by an exercise of faith they sent their boys and girls to a school more than 200 miles away. The uncle of one of these boys was the first rebel shot dead in the Rebellion of 1885.

I take this opportunity of acknowledging with very many thanks the handsome contribution sent us from St. Stephen's, N. B., St. John, N. B., Cavendish, P. E. I., and Kensington, P. E. Island. This clothing came a great distance, and proved very valuable to us. Much of the contents was new material, and the clothing that had been worn a little was in good repair, and for the most part seemed to meet our wants exactly.

I wish to express thanks for the choice gifts sent us for our Christmas tree. The school children had a most enjoyable evening, and all the staff join me in deep gratitude to those in the East who helped to make Christmas the most brilliant day of the year to our pupils.

MISSION STUDIES.

BY MISS FERRIER, CALEDONIA.

Sixth Paper.

SAN FERNANDO.

The semi-jubilee of the Trinidad Mission was celebrated last year (1892), which makes this a fitting time to speak of the progress which has been made, and the present condition of the work at the different stations.

San Fernando, the oldest of these, has enjoyed greater advantages than any of the others, and there is abundant proof that the labour has not been in vain. It is the centre of a district ably worked by the Rev. Dr. Grant, Rev. F. I. Coffin, Babu Lal Bihari and a number of well-trained catechists. The Gospel is regularly preached every Sabbath in about forty different
