"Just a little better than the best."

The McCready

An up-to-date wheel—built on honor—built of the best materials that can be produced. **FOR LADIES** The frames are best cold-drawn seamless steel tubes. The bearings are from the best selected high-grade tool steel, highly polished, carefully tempered and perfectly dust-proof. Fitted with the celebrated Fauber One-Piece Crank Axle. The most comfortable and easiest-running ladies' wheel in the market to-day, and best judges say so. Our handsome catalogue tells you all about McCready Wheels.
